Hi, I know you are busy. Following up on this. Also wondering about a few details I see out there:

was this already known? In addition, the jail had transferred his cellmate and allowed Mr. Epstein to be housed alone in a cell just two weeks after he had been taken off suicide watch, a decision that also violated the jail's normal procedure, two officials said.

Thanks, Lee.

1. When was Epstein taken off suicide watch?
2. How long was he on suicide watch?
3. What unit in the jail was he housed?
4. Was he by himself?
5. What's protocol for watching him at 6:30 in the morning? And in general during a 24 hour period?
6. Is there an internal investigation? Are the guard(s) and/or supervisors placed on modified duty/or some sort of restricted duty while there is an ongoing investigation?
7. Are there surveillance cameras? If so what do they show?
8. What did he use to hang himself?

Hi—

(b)(6), (b)(7)(C) from the Washington Post here. We are in the process of working on a story about the cameras outside Jeffrey Epstein's cell on the morning of his death. The story will assert that the data in those cameras was found to be corrupted/unreadable, though it is being sent to Quantico for further analysis.

Can the BOP comment on that assertion? Is the functionality of cameras a larger issue at BOP or MCC? Are you able to say what other cameras might have captured that night to support the assertion that Mr. Epstein killed himself?

Thank you,

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Good morning Mr. (b)(6), (b)(7)(C)

I tried calling you earlier. My client, Jeffrey Epstein (76318-054) informed me that he had a meeting last Friday with (b)(6), (b)(7)(C) Mr. Plourde, where Mr. Plourde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6), (b)(7)(C) told my client and I that he would not be allowed to use the bathroom unless a Lieutenant could come or unless he sees a memo from Lieutenant (b)(6), (b)(7)(C) Mr. Plourde allowing the staff to allow our client to use the bathroom. Can Mr. Plourde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

(b)(6), (b)(7)(C)

Hi Darrin (b)(5),

At Judge Berman's invitation, I went to the hearing in Epstein's case this morning. As you likely know, the government had asked the court to grant their request for a *nolle pros*. At the start of the hearing, Judge Berman said he was using the hearing as an opportunity for the victims to be heard. He then gave the government and defense counsel a chance to speak.

(b)(5)

Most importantly, defense counsel stated they were "all for finding out the truth!" To that end, they asked Judge Berman to oversee the investigation into Epstein's death. They claimed the Court has inherent authority to find out what happened; this is an area of intense public interest and court supervision is important. Defense counsel argued that they need the Court to help them find out the truth. I haven't looked at the case yet, but counsel cited a case from Alaska written by Judge Sullivan (not SDNY J. Sullivan) concerning a Senator for the proposition the Judge Berman had oversight authority/jurisdiction. Defense counsel represented that in the Alaska case, the court appointed an independent lawyer to investigate a particular situation. (Again, I haven't looked at the case, but I'll find it and forward.) Defense counsel also asked Judge Berman to go to SHU at MCC and see the conditions for himself. (Defense counsel obviously didn't know that Adam & I give tours to his clerks every summer, although we don't typically go to SHU.)

Various attorneys for the victims spoke, too. One noted the "timing of Epstein's death is curious" and most of them seconded defense counsel's request for Court involvement in the investigation, although they admitted there was questionable authority for the Court to do so.

The government did not say much except pointing out the lack of jurisdiction for the Court's involvement. They also said that it was up to individual defendants and their counsel to address any complaints at MCC with the judge presiding over their case.

Then we proceeded to hear statements from Epstein's victims for over 2.5 hours. I won't rehash the statements, but some were very detailed accounts of rape/assault. Many of the victims expressed anger at the government and MCC for Epstein's death. Some of them seconded defense counsel's request for court oversight in the investigation. Some bought into the conspiracy theories. Many of them asked for Epstein's co-conspirators to be charged & brought to justice.

At the end of the conference, Judge Berman did not dismiss the case. He simply thanked the victims and ended it. I expect he will decide whether to grant the *nolle pros* and whether to get involved in the investigation at a later date, probably in a written opinion.

Anyway, I wanted to give an update while my notes were fresh. Please let me know if you have any questions/concerns. I'm also cc-ing Warden Petrucci on this; I verbally updated him, but he may need to forward this summary to someone higher up the food chain than me.

Thanks,

Good morning (b)(6); (b)(7)(C)

I tried calling you earlier. My client, Jeffrey Epstein (76318-054) informed me that he had a meeting last Friday with (b)(6); (b)(7)(C) Mr. Pluorde, where Mr. Pluorde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6); (b)(7)(C) told my client and I that he would not be allowed to use the bathroom unless a Lieutenant could come or unless he sees a memo from Lieutenant (b)(6); (b)(7)(C) or Mr. Pluorde allowing the staff to allow our client to use the bathroom. Can Mr. Pluorde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

Good afternoon all,

Below please find concerns raised by Epstein's attorneys with legal visiting. To summarize, they are requesting:

- 1) greater access for Epstein using the bathroom during legal visits;
- 2) the 2 social calls he was allegedly promised; and
- 3) the ability to eat his lunch meal in attorney conference.

Please review and advise so that I can respond. Thank you.

Good morning (b)(6), (b)(7)(C)

I tried calling you earlier. My client, Jeffrey Epstein (76318-054) informed me that he had a meeting last Friday with (b)(6), (b)(7)(C) and Mr. Plourde, where Mr. Plourde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6), (b)(7)(C) told my client and I that he would not be allowed to use the bathroom unless a Lieutenant could come or unless he sees a memo from Lieutenant (b)(6), (b)(7)(C) or Mr. Plourde allowing the staff to allow our client to use the bathroom. Can Mr. Plourde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

(b)(6), (b)(7)(C)

Hi there –

I understand officials may have given a statement yesterday on whether or not Jeffrey Epstein was on suicide watch.

Are you able to confirm whether or not he was or might you have a statement regarding the issue that you sent to others?

I appreciate it, on behalf of CBS News.

Also, since his arrival at MCC, he has only been able to make two fifteen minute phone calls. Both times, the calls were on speaker phone, with officers present.

Thank you in advance for your help.

Epstein status hearing

Hi Darrin (b)(6), (b)(7)(C)

At Judge Berman's invitation, I went to the hearing in Epstein's case this morning. As you likely know, the government had asked the court to grant their request for a *nolle pros*. At the start of the hearing, Judge Berman said he was using the hearing as an opportunity for the victims to be heard. He then gave the government and defense counsel a chance to speak.

(b)(5)

Most importantly, defense counsel stated they were "all for finding out the truth!" To that end, they asked Judge Berman to oversee the investigation into Epstein's death. They claimed the Court has inherent authority to find out what happened; this is an area of intense public interest and court supervision is important. Defense counsel argued that they need the Court to help them find out the truth. I haven't looked at the case yet, but counsel cited a case from Alaska written by Judge Sullivan (not SDNY J. Sullivan) concerning a Senator for the proposition the Judge Berman had oversight authority/jurisdiction. Defense counsel represented that in the Alaska case, the court appointed an independent lawyer to investigate a particular situation. (Again, I haven't looked at the case, but I'll find it and forward.) Defense counsel also asked Judge Berman to go to SHU at MCC and see the conditions for himself. (Defense counsel obviously didn't know that Adam & I give tours to his clerks every summer, although we don't typically go to SHU.)

Various attorneys for the victims spoke, too. One noted the "timing of Epstein's death is curious" and most of them seconded defense counsel's request for Court involvement in the investigation, although they admitted there was questionable authority for the Court to do so.

The government did not say much except pointing out the lack of jurisdiction for the Court's involvement. They also said that it was up to individual defendants and their counsel to address any complaints at MCC with the judge presiding over their case.

Then we proceeded to hear statements from Epstein's victims for over 2.5 hours. I won't rehash the statements, but some were very detailed accounts of rape/assault. Many of the victims expressed anger at the government and MCC for Epstein's death. Some of them seconded defense counsel's request for court oversight in the investigation. Some bought into the conspiracy theories. Many of them asked for Epstein's co-conspirators to be charged & brought to justice.

At the end of the conference, Judge Berman did not dismiss the case. He simply thanked the victims and ended it. I expect he will decide whether to grant the *nolle pros* and whether to get involved in the investigation at a later date, probably in a written opinion.

Anyway, I wanted to give an update while my notes were fresh. Please let me know if you have any questions/concerns. I'm also cc-ing Warden Petrucci on this; I verbally updated him, but he may need to forward this summary to someone higher up the food chain than me.

Good afternoon (b)(6), (b)(7)(C)

Our client, Jeffrey Epstein, has informed us that he has no toilet paper in his cell. His CPap machine was not plugged in last night, so he was unable to use it.

Also, since his arrival at MCC, he has only been able to make two fifteen minute phone calls. Both times, the calls were on speaker phone, with officers present.

Thank you in advance for your help.

Good afternoon all,

Below please find concerns raised by Epstein's attorneys with legal visiting. To summarize, they are requesting:

- 1) greater access for Epstein using the bathroom during legal visits;
- 2) the 2 social calls he was allegedly promised; and
- 3) the ability to eat his lunch meal in attorney conference.

Please review and advise so that I can respond. Thank you.

Good morning Mr. (b)(6), (b)(7)(C)

I tried calling you earlier. My client, Jeffrey Epstein (76318-054) informed me that he had a meeting last

Friday with (b)(6), (b)(7)(C) and Mr. Pluorde, where Mr. Pluorde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6), told my client and I that he would not be allowed to use the bathroom unless a Liutenant could come or unless he sees a memo from Liutenant (b)(6), (b)(7)(C) or Mr. Pluorde allowing the staff to allow our client to use the bathroom. Can Mr. Pluorde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

(b)(6), (b)(7)(C)

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary

designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

Good morning Mr. (b)(6), (b)(7)(C)

I tried calling you earlier. My client, Jettrey Epstein (76318-054) informed me that he had a meeting last Friday with (b)(6), (b)(7)(C) and Mr. Pluorde, where Mr. Pluorde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6) told my client and I that he would not be allowed to use the bathroom unless a Liutenant could come or unless he sees a memo from Liutenant (b)(6) or Mr. Pluorde allowing the staff to allow our client to use the bathroom. Can Mr. Pluorde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

(b)(6), (b)(7)(C)

Good afternoon all,

Below please find concerns raised by Epstein's attorneys with legal visiting. To summarize, they are requesting:

- 1) greater access for Epstein using the bathroom during legal visits;
- 2) the 2 social calls he was allegedly promised; and
- 3) the ability to eat his lunch meal in attorney conference.

Please review and advise so that I can respond. Thank you.

Good afternoon all,

Below please find concerns raised by Epstein's attorneys with legal visiting. To summarize, they are requesting:

- 1) greater access for Epstein using the bathroom during legal visits;
- 2) the 2 social calls he was allegedly promised; and
- 3) the ability to eat his lunch meal in attorney conference.

Please review and advise so that I can respond. Thank you.

Good morning M (b)(6), (b)(7)(C)

I tried calling you earlier. My client, Jettrey Epstein (76318-054) informed me that he had a meeting last Friday with (b)(6), (b)(7)(C) and Mr. Pluorde, where Mr. Pluorde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6), (b)(7)(C) told my client and I that he would not be allowed to use the bathroom unless a Lieutenant could come or unless he sees a memo from Lieutenant (b)(6), (b)(7)(C) or Mr. Pluorde allowing the staff to allow our client to use the bathroom. Can Mr. Pluorde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

(b)(6), (b)(7)(C)

Good afternoon Mr. (b)(6),

Our client, Jeffrey Epstein, has informed us that he has no toilet paper in his cell. His CPap machine was not plugged in last night, so he was unable to use it.

Also, since his arrival at MCC, he has only been able to make two fifteen minute phone calls. Both times, the calls were on speaker phone, with officers present.

Thank you in advance for your help.

I left you a voicemail earlier today regarding my paralegal application for Jeffrey Epstein, Reg. #76318-054. I was told today by the lobby guards that I had to re-submit my application and to ask the legal department directly on the reasoning. I wanted to reach out to ask what in my application needed to be changed or fixed so that I do not repeat the mistake.

I really appreciate your help.

Good Morning,

On a normal basis the process is to forward the funds to the address located in SENTRY. Funds found in an institution that cannot be attributed to a specific inmate are delivered to the Accounting Section and deposited in accordance with the Program Statement **Imprest Funds, Collections, and Deposits**.

8.7 MANAGEMENT OF DECEASED INMATES' FUNDS

If an inmate dies with funds remaining in his/her Inmate Deposit account, that money should be distributed in accordance with the laws of descent and distribution in the relevant state. If the inmate dies with monies due from the United States, payment is not authorized except to a legal representative of the estate or in accordance with the laws of descent and distribution of the state of domicile (most recent legal residence).

a. **Claims for Funds of Deceased Inmates.** Claims received against funds of deceased inmates are handled at the institution level per 4 GAO 3500. Institutions should submit claims to the Trust Fund Branch Deposit Fund Section for GAO settlement only when doubt exists as to:

- The amount or validity of the claim.
- The person(s) properly entitled to payment under the laws of the domicile of the decedent.

In such cases, the institution transmittal shall explain that doubt exists, and is accompanied by a Claim Against the United States for Amounts Due in the Case of A Deceased Creditor (SF-1055) and/or Acknowledgment of Inmate, Part 3 & 4 (BP-A0408) and a copy of the death certificate.

If there is urgent need for payment of a balance under \$100 in a deceased inmate's account, and if conditions as outlined in the paragraph above are satisfied, the amount may be disbursed from TRUFACS with the Trust Fund Branch Chief's written approval. Copies of the BP-A0408 are attached to such vouchers in lieu of the usual withdrawal request. Documentation is attached to the payment in TRUFACS through the document imaging process.

b. **Unclaimed Funds of Deceased Inmates.** Procedures for processing "whereabouts unknown" inmates are followed when disposing unclaimed funds of deceased inmates with no relatives or claimants for the funds.

8.8 ENCUMBRANCE OF INMATE FUNDS

Encumbrance of inmate funds for various reasons is essential. Careful consideration is given before any action; encumbrances are not made indiscriminately. An encumbrance may be made for various reasons (e.g. to ensure inmates do not seriously deplete their funds before release, disciplinary measures, inmate's request, claims). Encumbrances are at the Warden's discretion or the result of a disciplinary hearing sanction or notification of a pending Federal court order. This authority is not delegated below the Associate Warden. Funds the Warden encumbers may only be released upon his/her approval or upon inmate release.

Epstein status hearing

From (b)(6), (b)(7)(C)

Date 2019/08/27 18:26

Attachments: TEXT.htm

Hi Darrin (b)(6),
(b)(7)(C)

At Judge Berman's invitation, I went to the hearing in Epstein's case this morning. As you likely know, the government had asked the court to grant their request for a *nolle pros*. At the start of the hearing, Judge Berman said he was using the hearing as an opportunity for the victims to be heard. He then gave the government and defense counsel a chance to speak.

(b)(5)

Most importantly, defense counsel stated they were "all for finding out the truth!" To that end, they asked Judge Berman to oversee the investigation into Epstein's death. They claimed the Court has inherent authority to find out what happened; this is an area of intense public interest and court supervision is important. Defense counsel argued that they need the Court to help them find out the truth. I haven't looked at the case yet, but counsel cited a case from Alaska written by Judge Sullivan (not SDNY J. Sullivan) concerning a Senator for the proposition the Judge Berman had oversight authority/jurisdiction. Defense counsel represented that in the Alaska case, the court appointed an independent lawyer to investigate a particular situation. (Again, I haven't looked at the case, but I'll find it and forward.) Defense counsel also asked Judge Berman to go to SHU at MCC and see the conditions for himself. (Defense counsel obviously didn't know that Adam & I give tours to his clerks every summer, although we don't typically go to SHU.)

Various attorneys for the victims spoke, too. One noted the "timing of Epstein's death is curious" and most of them seconded defense counsel's request for Court involvement in the investigation, although they admitted there was questionable authority for the Court to do so.

The government did not say much except pointing out the lack of jurisdiction for the Court's involvement. They also said that it was up to individual defendants and their counsel to address any complaints at MCC with the judge presiding over their case.

Then we proceeded to hear statements from Epstein's victims for over 2.5 hours. I won't rehash the statements, but some were very detailed accounts of rape/assault. Many of the victims expressed anger at the government and MCC for Epstein's death. Some of them seconded defense counsel's request for court oversight in the investigation. Some bought into the conspiracy theories. Many of them asked for Epstein's co-conspirators to be charged & brought to justice.

At the end of the conference, Judge Berman did not dismiss the case. He simply thanked the victims and ended it. I expect he will decide whether to grant the *nolle pros* and whether to get involved in the investigation at a later date, probably in a written opinion.

Anyway, I wanted to give an update while my notes were fresh. Please let me know if you have any questions/concerns. I'm also cc-ing Warden Petrucci on this; I verbally updated him, but he may need to forward this summary to someone higher up the food chain than me.

Thanks,

Good afternoon all,

Below please find concerns raised by Epstein's attorneys with legal visiting. To summarize, they are requesting:

- 1) greater access for Epstein using the bathroom during legal visits;
- 2) the 2 social calls he was allegedly promised; and
- 3) the ability to eat his lunch meal in attorney conference.

Please review and advise so that I can respond. Thank you.

Good morning Mr. (b)(6), (b)(7)(C),

I tried calling you earlier. My client, Jeffrey Epstein (76318-054) informed me that he had a meeting last

Friday with (b)(6); (b)(7)(C) and Mr. Pluorde, where Mr. Pluorde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6); (b)(7)(C) told my client and I that he would not be allowed to use the bathroom unless a Lieutenant could come or unless he sees a memo from Lieutenant (b)(6); (b)(7)(C) or Mr. Pluorde allowing the staff to allow our client to use the bathroom. Can Mr. Pluorde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

(b)(6); (b)(7)(C)

No worries. Thank you for the update.

Just to clarify, this means that until my application is cleared I will be unable to visit Mr. Epstein, correct?

Our client, Jeffrey Epstein, has informed us that he has no toilet paper in his cell. His CPap machine was not plugged in last night, so he was unable to use it.

Also, since his arrival at MCC, he has only been able to make two fifteen minute phone calls. Both times, the calls were on speaker phone, with officers present.

Thank you in advance for your help.

Hi (b)(6), (b)(7)(C)

Thank you for letting me know and for your response.

I was informed by (b)(6), (b)(7)(C) that he had submitted my completed application to the legal department for the inmate Jeffrey Epstein yesterday morning. Does this reflect any of your records? If not, I will be happy to resubmit. If so, can I send the application to you directly via email? Please let me know.

Thanks again,

Hello (b)(6), (b)(7)(C)

I left you a voicemail earlier today regarding my paralegal application for Jeffrey Epstein, Reg. #76318-054. I was told today by the lobby guards that I had to re-submit my application and to ask the legal department directly on the reasoning. I wanted to reach out to ask what in my application needed to be changed or fixed so that I do not repeat the mistake.

I really appreciate your help.

Good morning (b)(6), (b)(7)(C)

My apologies, but I have been away from my desk in meetings the past three days. I received your voicemails regarding the status of Mr. Epstein's personal effects. Presently, while the external investigation continues, any personal property attributable to Mr. Epstein is being held as evidence. Once the outside investigators release the property, we hope to be able to return it to his family as expeditiously as possible.

If you have any further questions, please email me and we can try to arrange a mutually convenient time to chat further.

Good morning Mr. (b)(6), (b)(7)(C)

I tried calling you earlier. My client, Jeffrey Epstein (76318-054) informed me that he had a meeting last

Friday with (b)(6), (b)(7)(C) and Mr. Pluorde, where Mr. Pluorde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6), (b)(7)(C) told my client and I that he would not be allowed to use the bathroom unless a Lieutenant could come or unless he sees a memo from Lieutenant (b)(6), (b)(7)(C) or Mr. Pluorde allowing the staff to allow our client to use the bathroom. Can Mr. Pluorde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

No worries. Thank you for the update.

Just to clarify, this means that until my application is cleared I will be unable to visit Mr. Epstein, correct?

Hi

(b)(7)(C)

Thank you for letting me know and for your response.

I was informed by (b)(6), (b)(7)(C) that he had submitted my completed application to the legal department for the inmate Jeffrey Epstein yesterday morning. Does this reflect any of your records? If not, I will be happy to resubmit. If so, can I send the application to you directly via email? Please let me know.

Thanks again,

Hello (b)(6), (b)(7)(C)

I left you a voicemail earlier today regarding my paralegal application for Jeffrey Epstein, Reg. #76318-054. I was told today by the lobby guards that I had to re-submit my application and to ask the legal department directly on the reasoning. I wanted to reach out to ask what in my application needed to be changed or fixed so that I do not repeat the mistake.

I really appreciate your help.

Our client, Jeffrey Epstein, has informed us that he has no toilet paper in his cell. His CPap machine was not plugged in last night, so he was unable to use it.

Also, since his arrival at MCC, he has only been able to make two fifteen minute phone calls. Both times, the calls were on speaker phone, with officers present.

Thank you in advance for your help.

Good afternoon Mr. (b)(6),

(b)(7)(C)

Our client, Jeffrey Epstein, has informed us that he has no toilet paper in his cell. His CPap machine was not plugged in last night, so he was unable to use it.

Also, since his arrival at MCC, he has only been able to make two fifteen minute phone calls. Both times, the calls were on speaker phone, with officers present.

Thank you in advance for your help.

Best,

(b)(6), (b)(7)(C)

Good afternoon all,

Below please find concerns raised by Epstein's attorneys with legal visiting. To summarize, they are requesting:

- 1) greater access for Epstein using the bathroom during legal visits;
- 2) the 2 social calls he was allegedly promised; and
- 3) the ability to eat his lunch meal in attorney conference.

Please review and advise so that I can respond. Thank you.

Good morning Mr. (b)(6),
(b)(7)(C)

I tried calling you earlier. My client, Jeffrey Epstein (76318-054) informed me that he had a meeting last Friday with (b)(6), (b)(7)(C) and Mr. Pluorde, where Mr. Pluorde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6), (b)(7)(C) told my client and I that he would not be allowed to use the bathroom unless a Lieutenant could come or unless he sees a memo from Lieutenant (b)(6), or Mr. Pluorde allowing the staff to allow our client to use the bathroom. Can Mr. Pluorde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

(b)(6), (b)(7)(C)

Hello (b)(6),
(b)(7)(C)

I left you a voicemail earlier today regarding my paralegal application for Jeffrey Epstein, Reg. #76318-054. I was told today by the lobby guards that I had to re-submit my application and to ask the legal department directly on the reasoning. I wanted to reach out to ask what in my application needed to be changed or fixed so that I do not repeat the mistake.

I really appreciate your help.

Thank you,

I. INTRODUCTION

The Metropolitan Correctional Center, in New York, New York (MCC New York), is owned and operated by the Federal Bureau of Prisons (Bureau), an agency of the United States (U.S.) Department of Justice. The primary mission of MCC New York is to serve federal courts in the Southern and Eastern Districts of New York by providing pretrial detention in conjunction with the U.S. Marshals Service (USMS).

This guide outlines the relevant policies and procedures applicable to attorneys representing defendants incarcerated at MCC New York. The procedures cover issues such as legal visiting, attorney-client communication, and release of information.

II. PRETRIAL DETENTION

MCC New York staff are aware of the importance of the institution's pretrial detention mission. MCC New York staff are expected to act in a professional manner and are governed by a code of employee conduct. Attorneys who feel that they have been treated unprofessionally by a staff member are asked to put their complaint in writing to the Warden's Office, MCC New York, 150 Park Row, New York, NY 10007. All complaints will be looked into and appropriate action will be taken if necessary.

In turn, our staff appreciate the professionalism and courtesy expected from attorneys and other officers of the court. Attorneys are expected not only to abide by the Attorney Guide, but generally to act in a professional manner. In addition, all visitors are expected to refrain from using profanity and keep their voices at a conversational level when speaking with staff, inmates and other visitors. All visitors, including attorneys, are prohibited from using cell phones within the institution, including the lobby.

All visitors, including attorneys, who violate MCC New York's visiting rules, create disturbances at the institution or in any way jeopardize the security or orderly operation of the institution may have their visiting privileges restricted or suspended.

The information contained in this Guide is meant to be a general guideline and is not all-inclusive. We cannot envision every circumstance that could occur, and thus the Guide does not contain the answers to all questions. For example, in the event of an institution emergency, security needs of the institution will override any portion of this Attorney Guide.

A. Legal Visiting

1. Visiting Hours

Legal visitation hours are as follows:

Monday-Sunday (including Federal Holidays) 8:00 a.m. - 7:00 p.m.

Visits during these hours do not need to be scheduled in advance. Special legal visits outside of these hours may be requested through MCC New York's Legal Department with at least 24 hours notice (The Legal Department is open Monday-Friday 7:30 a.m.- 4:00 p.m. so a request for Monday must be in by the preceding Friday). Requests should be faxed to: "(646) 836-7665, Attn: Legal Department." Every effort will be made to accommodate such requests, but final approval is contingent upon the

availability of staff. In the event an attorney requires an emergency visit outside normal legal visiting hours and has not pre-requested it, he/she must contact the Operations Lieutenant.

If there is any problem with a legal visit during off duty hours, attorneys should ask to speak with the Institution Duty Officer or Operations Lieutenant.

2. Attorney Processing

MCC New York conducts a daily count of all inmates at 4:00 p.m., with an additional count at 10:00 a.m. on Saturdays, Sundays and federal holidays. Additional unscheduled counts may also occur in emergencies. During a count, inmates must be at their assigned cell or bunk, unless the inmate has been authorized to be in another area. In order to guarantee an accurate count, a request that an inmate remain in the visiting room during the count must be made at least one hour before the count, i.e., 3:00 p.m. for the 4:00 p.m. count and 9:00 a.m. for the 10:00 a.m. count. When this approval is granted, the inmate is placed on the "out count" and will be required to remain in the visiting room until the count has been completed. Inmates who have not been placed on the out count must terminate their legal visits a half hour before the count begins, i.e., 3:30 p.m. and 9:30 a.m. Attorneys who arrive at the institution within an hour before the start of a count, i.e., after 3:00 p.m. or 9:00 a.m., will not be able to visit their client until after the count clears.

Counts usually take approximately 30-40 minutes to clear. During this time, all movement in the institution ceases. Consequently, attorneys and/or their representatives will not be allowed to enter or exit the Visiting Room during official counts. Visits should be scheduled accordingly to avoid unnecessary delays.

3. Identification

To receive attorney entrance privileges, an individual must be able to establish his or her status as an attorney by presenting identification that verifies active membership in any state bar. Excluding Legal Aid Society Federal Defender's, NY State Attorneys are required to have a Secure Pass Identification card for entrance. Upon notification that a NY State attorney is not in possession of a Secure Pass, and upon approval from the Legal Department, attorneys will be permitted to enter the institution for 60 days from their date of approval without the Secure Pass.

If an attorney is licensed in a state other than New York, he/she must contact the legal department at least 24 hours in advance so that their status as an attorney in good standing may be verified. Provided the Legal Department can verify the attorney's status, the attorney will be added on a list located in the lobby, authorizing the attorney's entrance for a one year

period with government issued picture identification, such as a drivers license. It is ultimately the attorney's responsibility to establish his or her membership in a State Bar.

After completing the Notification to Visitor form, attorneys must be processed through the metal detector, have their hand stamped and sign the bound logbook before being allowed entry into the institution. By signing the Notification to Visitor forms, attorneys certify that they are not carrying firearms, explosives, weapons, ammunition, metal cutting tools, recording equipment, cellular phones, cameras, food items, narcotics, marijuana, alcoholic beverages, prescription drugs or any other item deemed contraband. All legal materials and briefcases will be searched for contraband and processed through the fluoroscope. Handbags, newspapers, portable telephones, and non-legal materials are not permitted in the Visiting Room.

Official Visitors: Federal employees, including Assistant U.S. Attorneys, law enforcement officers, U.S. Court officials, U.S. Probation Officers, and Assistant Federal Public Defenders, will be permitted to visit upon presentation of appropriate identification. All visitors must present official identification, sign in and out of the logbook, and pass through the metal detector.

4. Property Brought into the Visiting Room

Legal Material

An attorney may bring into the visiting room legal materials related to an inmate's case, including CDs, or audio/videotapes as well as dollar bills for the vending machines. An attorney (not a paralegal, investigator, mitigation specialist or interpreter) will be authorized to provide a reasonable (not to exceed four inches) amount of legal materials to the inmate at the conclusion of the attorney visit. The inmate will be allowed to take these legal materials with him/her to his/her unit after the Officer determines the items are of a legal nature and he/she inspects them for contraband. Legal materials should not be read for content but examined only to determine that they are indeed legal materials and they are free of contraband. Inmates housed in the Special Housing Unit (SHU) will be allowed to take legal materials to their unit minus folders, paperclips, staples, rubber bands, or any other items that could be considered a security concern. All other materials, including cellular phones, pagers, newspapers, magazines, tissues, wallets and keys, are prohibited and must be secured in a lobby locker before entering the secure confines of the institution.

Additionally, legal videos, CDs and audio tapes, cannot be provided to an inmate during a legal visit but may be placed in the Lobby legal mail drop box for delivery to the inmate. Mail deposited in these boxes must be small enough to fit through the

opening of the box. Larger packages may be broken down into several smaller envelopes. These boxes are emptied Monday-Friday, excluding federal holidays, and the contents are processed with other mail received from the post office that day. Envelopes must be clearly marked with the attorney's name (including language that identifies that person as an attorney), inmate's name and register number and the following statement: **"SPECIAL MAIL-OPEN ONLY IN THE PRESENCE OF THE INMATE."** See below, page 12. Unauthorized items found in the inmate's possession will be treated as contraband.

Tape Players, VCRs & Computers to Review Discovery Material

Due to security concerns, attorneys may not bring electronic equipment into the secure confines of the institution. However, MCC New York has tape players, VCRs and televisions for attorneys to review discovery materials with clients in visiting rooms. These items are available on a first come, first served basis by oral request to the visiting room officer.

MCC New York also has a computer that attorneys may use to review computer CDs with their clients. The computer is available during attorney visiting hours and should be reserved at least 24 hours in advance by calling the Legal Department. Attorneys who make an appointment to use the computer will have preference over those who do not make an appointment. Attorneys should bring a copy of the CD discovery when meeting with an inmate.

Audio and video cassettes and CDs may also be mailed directly to an inmate via the legal mail procedures explained below in the Legal Mail section, C1. Inmates may review their DVD and CD-Rom discovery material as described in the Law Library Section, E1.

5. Private Conference Rooms

These rooms are available on a first come, first served basis. There are twelve conference rooms in the building. Institutional security and fire safety regulations restrict the total number of people that may be in the visiting room at any one time. Ultimately, it is a correctional decision where any visit will take place.

6. Multiple Client Visits

Attorneys are not limited in the number of inmates they may visit in one day. However, only one inmate may be brought down to the visiting room at any time. Please see below in Separation/Codefendant Meeting Section 11 for instruction on Co-Defendant Meetings. When an attorney has finished the legal visit and the inmate has been sent back to the unit, another inmate may be brought down to the visiting room.

Approved legal representatives (law clerk, paralegal, interpreter, investigator, psychologist, and other experts) may accompany an attorney into the Visiting Room. If visiting independently, representatives must follow the requirements set forth in the "Legal Representatives" section below. See Section 8.

Attorneys are ordinarily **not** permitted to bring material witnesses into the Visiting Room. Prior approval to do so must be received from the Warden and requires a court order. Written requests for such approval should clearly outline the specific circumstances requiring this type of visit. Visits will not be approved if alternative arrangements are available to defense counsel.

7. Dress Code

All visitors, including attorneys, are required to dress in a manner appropriate for a correctional environment. Excessively provocative, immodest or revealing attire is reason to deny visiting. Visitors over the age of 12 will not be allowed into the institution in short skirts, mini skirts, shorts or dresses exceeding three inches above the kneecap in length. See-through clothing, halter-tops, tube tops, tank tops, any top that reveals the midriff area, low-cut shirts or blouses, revealing front and/or backless clothing, skin-tight clothing, spandex clothing and sweat pants are not allowed. Furthermore, clothing which may impede identification (e.g., hoods) or easily hide contraband (e.g., coats) present security concerns and are also prohibited. All visitors are required to wear shoes (no shower shoes, flip-flops, toe-revealing or backless shoes of any kind) and undergarments (including bras for females). The Warden has delegated to the Institution Duty Officer the ultimate decision-making authority regarding what attire is appropriate inside the Visiting Room. If the Duty Officer is not available, the Operations Lieutenant will make the final decision. A memorandum containing clothing guidelines is posted in the lobby of MCC New York. It is the responsibility of visitors to familiarize themselves with this memo and watch for updates.

8. Legal Representatives

Attorneys are allowed to visit their clients upon providing evidence of their professional status. However, attorneys often need other individuals, e.g., paralegals, interpreters, mitigation specialists, private investigators, to visit their clients in connection with legal representation. These individuals do not receive the same entry privileges granted to attorneys and must first submit an application (See ATTACHMENT A) signed by a sponsoring attorney and pass a background check before being granted permission to enter MCC New York.

Once approved, the individual will be included on a list maintained in the lobby and allowed to enter the institution for one year with appropriate government issued ID. The entry application may be requested from and mailed to the Legal Departments of either MCC New York or MDC Brooklyn. Once approved the individual may enter both institutions.

For mitigation specialists, every time they visit the institution for a new inmate, they must submit a court order to the Legal Department which authorizes them to enter the institution to visit with that specific inmate. Upon reapplying at the end of their one year entry period, mitigation specialists and doctors are required to produce a new order, reflecting the new year.

9. Polygraphs

The Warden may permit polygraph tests in connection with state or federal criminal felony investigations. See 28 C.F.R. §551.71. Polygraph tests in connection with misdemeanor offenses, civil proceedings, or any other matters are generally disapproved, absent a federal court order. See Id. Requests for polygraph examinations must be submitted to the Legal Department with approval by the Warden. The written request should include at least the following information:

- (1) Inmate's name and register number;
- (2) Case caption, case number and nature of matter;
- (3) Requested date and time;
- (4) Expected length of polygraph;
- (5) Name, title, and organization of each person attending (all non-attorneys and non-legal representatives will have to fill out an application so MCC can complete a background check (See ATTACHMENT B));
- (6) List of all equipment to be used; and
- (7) Indication of whether the inmate's consent has been obtained.

The Warden must be able to confirm the validity of the request and the inmate being examined must give written consent on a form provided for that purpose. Requesters are responsible for meeting all state and local requirements in administering the test.

10. Depositions

Requests for Depositions for state matters, both civil and criminal, must be submitted to the Legal Department for review. All deposition requests must be made in writing and include the following information:

- (1) Inmate's name and register number;
- (2) A court order or similar court signed document for the

- deposition;
- (3) Case caption, case number and nature of matter;
 - (4) Requested date and time;
 - (5) Expected length of deposition;
 - (6) Name, title, and organization of each person attending (all non-attorneys and non-legal representatives must fill out an application so MCC can complete a background check (See Attachment B));
 - (7) List of all equipment to be used; and
 - (8) Indication of whether the inmate's consent has been obtained.

Video or tape recorders are not allowed inside the institution. Furthermore, all equipment is subject to inspection prior to entering the institution.

11. Separation Assignments/Co-Defendant Meetings

Co-defendant meetings must be requested at least 24 hours in advance of the meeting, e.g. for a meeting on Tuesday at 2:00 P.M., the request must be submitted by Monday at 2:00 P.M. Written requests should be faxed to the MCC New York Legal Department, (646) 836-7665, and should include the names of everyone attending the meeting, including, but not limited to, attorneys, paralegals, interpreters, investigators, co-defendants on bail and co-defendants at MCC New York. Please indicate which attorney represents each inmate. Also, please include with the request a copy of the first page of the indictment showing that the requested parties are co-defendants. This must be provided every time a meeting is requested.

Separation Orders: An inmate with a "separation order" is prohibited from coming in contact with the inmate from whom he or she is separated. Such a restriction would normally prevent a co-defendant meeting. Ordinarily, the request can be accommodated if the AUSA who placed the separation order notifies the institution that the separation does not apply to co-defendant meetings. However, if the inmates have been separated due to security concerns, whether based on information developed by an outside agency or the Bureau of Prisons, MCC has the discretion to not allow the meeting. Attorneys who are aware of separation orders between co-defendants should include with their request the name and phone number of the AUSA assigned to the case in question. These requests should be made as far in advance as possible, as the meeting will not be scheduled if the responsible Assistant United States Attorney cannot be contacted.

For co-defendant meetings that involve one or more inmates from MCC New York and one or more inmates from MDC Brooklyn, it is the responsibility of the defense attorney to contact the responsible Assistant United States Attorney, who will, in turn, contact the USMS to arrange transportation of the inmate. The Bureau of Prisons does not transport inmates for co-defendant meetings.

The request for the meeting should be sent to both MCC and MDC Legal Departments. MDC Brooklyn's Legal Department fax number is (718) 840-4250.

12. Foreign Attorneys

Attorneys who are not licensed in a state or jurisdiction of the United States must provide verification of their status as a licensed attorney in good standing in a foreign jurisdiction, prior to their initial visit. Foreign attorneys should contact their respective Consulate Office, who will provide the attorney official documentation (raised seal for most countries) stating that the individual is in fact an attorney in good standing in that country. The attorney must provide to the MCC New York Legal Department, the original letter from his or her consulate verifying the foreign attorney's status as a licensed attorney in good standing. Once the status of the foreign attorney has been confirmed, that attorney will be processed as a legal visitor for future visits for one year only. The attorney may request to be placed on the list on an annual basis by following the above described procedure.

13. Social Visitors

See www.bop.gov, MCC New York Visiting Regulations.

B. Telephone Calls

1. Unmonitored Telephone Calls

Inmates may place unmonitored telephone calls to their attorneys. See 28 C.F.R. §540.105; and Program Statement 5264.07, Sec.8, Telephone Regulations for Inmates. All housing units, excluding Special Housing Unit (SHU), have access to unmonitored telephones with a direct connection to the SDNY Federal Public Defenders' Office. Some units also have unmonitored telephones with a direct connection to the EDNY Federal Public Defenders' Office. If the inmate's attorney cannot be contacted on the provided telephones, the inmate must specifically request Unit Team staff assistance in writing. The Unit Team staff will review the request, and if approved, the call may be placed from the Unit Team's unmonitored telephones. In order to receive an unmonitored attorney call, the inmate or the inmate's attorney must request Unit Team approval, demonstrating that other correspondence, visiting, and normal telephone use is inadequate.

Inmate requests for unmonitored attorney calls are carefully reviewed insofar as important Bureau interests are not affected. Frequent unmonitored telephone calls increase an inmate's opportunity to pursue illegal activities without detection. Additionally, staff time and attention is unfairly focused on the single inmate receiving numerous unmonitored telephone calls at the expense of the many other inmates on a caseload.

An attorney may not call an inmate. Attorneys who need to speak with an inmate and do not anticipate that the inmate will call them must visit the inmate in person or contact the inmate by letter. Similarly, attorneys may not fax documents to inmates or to MCC New York staff for delivery to inmates.

2. Inmates Telephone System (ITS)

The Bureau of Prisons extends telephone privileges to inmates as part of its overall correctional management strategy. See 28 C.F.R. §540.100, et seq., Subpart I - Telephone Regulations for Inmate; and Program Statement 5264.07, Telephone Regulations for Inmates. Telephone privileges are a supplemental means of maintaining community and family ties that may contribute to an inmate's personal development. An inmate may request to call a person of his or her choice outside the institution on a telephone provided for that purpose. However, limitations and conditions may be imposed upon an inmate's telephone privileges to ensure adherence to other aspects of the Bureau's correctional management responsibilities. In addition to the procedures set forth in this subpart, inmate telephone use is subject to those limitations which the Warden determines are necessary to ensure the security or good order, including discipline, of the institution or to protect the public. Restrictions on inmate telephone use may also be imposed as a disciplinary sanction. See 28 C.F.R. Part 541.

Inmates must submit a list of numbers they wish to be placed on their approved telephone list. Inmates can only call numbers placed on their approved telephone list. Once an inmate submits the initial list, it will be processed as soon as possible. Inmates may submit additional telephone numbers once they are assigned a Correctional Counselor or Case Manager from the Unit Team.

Inmates are advised of the institution's telephone monitoring capability. See 28 C.F.R. §540.102. A notice is posted next to each inmate telephone advising that calls are monitored. Ordinarily, calls are paid for by the inmate, but in some cases the receiving party pays. See 28 C.F.R. §540.105. Third party, conference calls or use of two phones on the same number, or other alternative call arrangements are not permitted, thus limiting the opportunity for inmates to use the phones for criminal or other inappropriate purposes. Inmates who use the telephone improperly are subject to disciplinary actions which may result in the loss of telephone privileges, and in some cases criminal charges.

Inmates may place attorneys on their approved telephone list. However, the calls are recorded and subject to monitoring. Such calls are not attorney-client privileged calls. Inmates seeking attorney-client privileged calls must request an unmonitored telephone call as described above in section B(1).

3. Emergency Telephone Calls

Inmates requiring an emergency social phone call due to a death or serious illness of an immediate family member shall submit a request to the Religious Services Department. Likewise, if an individual needs to contact an inmate for these reasons, they should call the main number and ask to speak to the Religious Services Department.

C. Legal Mail

All legal mail must be addressed to the inmate. All mail addressed to staff on behalf of an inmate will be returned to sender. Inmates may not receive documents via facsimile.

1. Legal Mail Envelopes:

The Bureau has established procedures by which an inmate may receive confidential legal mail. See 28 C.F.R. § 540.18; and Bureau of Prisons Program Statement 5800.10, Mail Management Manual ("PS 5800.10"). The Code of Federal Regulations provides that special mail, which may only be opened in the presence of the inmate, will be treated as such "if the sender is adequately identified on the envelope, and the front of the envelope is marked 'Special Mail - Open only in the presence of the inmate.'" 28 C.F.R. § 540.18(a). However, the presence of a return address with a firm name does not sufficiently identify the sender of the material as an attorney.

Specifically, the attorney must be adequately identified on the envelope as an attorney . . . The use of the title "Esquire" without additional indication of the sender's occupation does not establish the bearer as an attorney or legal aid supervisor. Mail from individuals using the title "Esquire" as the exclusive identification of their status shall not be handled as special mail, even if the envelope contains some special mail markings.

P.S. 5800.10, Ch. 3, p.5. To maintain consistent handling of legal mail, strict compliance with these procedures will be enforced by MCC New York mail room staff. To properly identify legal mail, counsel must write their name (not just the firm's name) and their legal status (i.e., attorney), in the return address portion of the envelope. This information, in addition to writing elsewhere on the envelope "Special Mail - Open only in presence of inmate," will ensure that legal mail is treated as confidential attorney-client communication.

2. Legal Mail Packages:

Bureau of Prisons policy requires that incoming inmate property packages be authorized in advance unless otherwise approved under another Bureau policy. Packages containing only legal material do not need to be pre-approved; however:

packages must be marked with words such as 'Authorized by Bureau Policy.' This is to alert mail room staff that enclosed materials contain matter which does not require prior approval. . . . A package received without an appropriately completed [authorization form], or without markings indicating authorized materials enclosed, is considered unauthorized and shall be returned to the sender.

PS 5800.10, Ch. 3, pp.8-9.

This additional marking, i.e., "Authorized by Bureau Policy," is only required on packages and should be in addition to the legal mail markings explained above. Any legal mail that is delivered in a box, a padded envelope or is wrapped in shipping paper is considered a package and will be handled pursuant to the above policy. An attorney who is unsure whether a legal shipment will be considered a package or an envelope should write "Authorized by Bureau Policy" to ensure that the shipment is not rejected.

(Note: An inmate who wishes to receive a non-legal material package from anyone, including an attorney, must contact a member of the Unit Team to complete the appropriate paperwork and receive approval.)

3. FedEx:

Attorneys should not send packages via FedEx because no inmate mail is received directly at MCC New York. Staff pick up all inmate mail at the United States Post Office. FedEx will only deliver to the actual prison and staff are prohibited from receiving a package for an inmate that is hand-delivered to MCC New York. Attorneys who wish to expedite the delivery of documents or materials to their clients are advised to pass them during a legal visit, place the materials in one of the institution's legal drop boxes or send the materials via the Postal Service's Express or Priority Mail services.

4. Stamps

Inmates may not receive stamps or stamped items other than issuance from the institution or by purchase from the commissary. 28 C.F.R. §540.21(j). These items will be treated as contraband

in the institution. Attorneys are permitted to send self-addressed envelope without affixed postage.

5. Court Clothing

Court clothing for trial can be delivered in one of two ways:

1) Prior to an individual bringing in clothes, it is the inmate's responsibility to submit an "Authorization to Receive A Package or Property BP-331" to his Unit Counselor. This form can be obtained from the inmate's Unit Team. The Unit Counselor will then deliver one copy of that form to the Receiving and Discharge (R&D) Department. The inmate will receive the other copies of that form so that he may mail one to the individual who will be dropping off the court clothes. The individual bringing the clothing should call R&D staff in advance before dropping off clothes. Once authorized, they must bring the copy of the BP-331 form with the package and notify the lobby officer who will contact a staff member from the R&D department. An R&D staff member will then report to the lobby and accept the clothing.

2) A court order can be obtained in lieu of the BP-331 form mentioned above. A call to R&D in advance of dropping the clothing must still be made. Inmates are allowed up to two sets of trial clothes.

6. Mail for multiple defendants

If a case involves several co-defendants who will need to view the same discovery material, the package/envelope of discovery must be addressed to the Legal Department, as described above, and the mailing must contain a cover letter indicating all inmates and Register Numbers who are to have access to this discovery material.

D. Release of Records/Information

1. Subpoenas

Subpoenas for documents may be faxed to the MCC New York Legal Department at (646) 836-7665. Upon receipt of the fax, MCC New York will begin gathering the requested documents. Please be advised that the Privacy Act prohibits the release of any information pursuant to a subpoena without the written permission of the individual to whom the records pertain. This requirement applies to attorneys requesting documents about their clients. Therefore, an attorney must provide an original signed consent for release of information from his or her client along with any subpoena for information. Any records to which an inmate normally has access, i.e., the inmate's medical records and central file, will be provided directly to the

requesting attorney with the proper inmate consent. However, all other subpoenaed records will be provided to the United States Attorney's Office for a determination of whether to release the documents, pursuant to the Touhy regulations, 28 C.F.R. § 16.21 et seq.

2. Medical Records

Medical records may be obtained by defense counsel with a Consent to Release Authorization signed by the inmate-the original consent form is required. The request can be mailed to the Legal Department. If the inmate is no longer assigned to MCC New York, then the requesting attorney must file a FOIA request to the following address:

Freedom of Information Act/Privacy Act Section
Office of General Counsel, Room 841
Federal Bureau of Prisons
320 First Street, N.W.
Washington, D.C. 20534

Health Services staff are not at liberty to discuss information with an inmate's attorney related to that inmate's medical condition. Attorneys are encouraged to seek such information directly from their clients.

If a newly arriving inmate has prior non-Bureau medical records, you may send the materials to MCC New York, ATTN: Health Services Unit.

E. Inmate Legal Activities

1. Law Library

The law library at MCC New York consists of legal books, electric typewriters, and computers on which inmates may access and view discovery material on CD-ROM format. The Education Department also provides copy machines for inmates to use in preparing any legal documents.

Typically, inmates at MCC New York may access the law library during their scheduled law library hours, which are one day a week, Monday through Thursday. Inmates should check the bulletin boards in their respective housing units for days and times scheduled. Inmates may sign up to access the law library between the hours of 7:45 a.m. and 10:40 a.m., and from 12:30 p.m. through 3:30 p.m. Since MCC New York is a high-rise building, each floor is allowed access to the law library one day per week because many of the inmates must be separated from each other at all times for security purposes. In addition, inmates who are pro se or who have a demonstrated legal need, such as an imminent court deadline or an excessive amount of discovery material to

review, may be granted an additional six hours of library time on Fridays by making a request to the Education Department. All requests for additional law library time are, of course, subject to staff availability, number of inmate requests, and security concerns. If the pretrial inmate is pro se, as in representing his/herself, the inmate should provide the Education Department with official court documentation verifying his/her status.

There is also a basic law library in the Special Housing Unit (SHU).

If the law library does not have the reference material the inmate needs to do the research, the inmate may consult with the Education Department staff on the possibility of requesting additional materials.

2. Access to Computerized Discovery Materials

MCC New York's law library has computers which inmates may access during their scheduled law library hours.

All electronic discovery materials must be sent in CD-ROM formats instead of DVD disks. MCC New York currently does not have the equipment to support DVDs. Material from DVD disks should be broken down and distributed onto several CDs. MCC New York computers have the capability to play industry standard audio or video files in the following formats:

1. video clips of AVI, MPG, MPEG, WMV
2. audio clips of WAV, MP3, WMA
3. documents in PDF form, HTML, TXT, JPG, DOC

Due to licensing issues, MCC New York does not support RealPlayer recorded audio or video formats, CD-RW disks, files made for a non-Microsoft computer (such as MacIntosh) or discovery in non-standard/proprietary format.

3. Leisure Library

All housing units have been assigned a time for utilizing the leisure library. Inmates should check the unit bulletin board for days and times scheduled.

4. Service of Process

Bureau staff are prohibited from effecting service of process on inmates. MCC New York policy requires that an inmate be served by a federal, state or local law enforcement official (Marshals or Sheriffs). Because service of process occurs within the secure confines of the institution, private process servers, who are not also law enforcement officials, may not serve inmates. The qualified process server must contact MCC New York's Inmate Systems Management department to schedule an appointment before coming to the institution.

F. Administrative Remedy Program

It is imperative that inmates attempt to resolve any condition of confinement issues internally either by speaking to appropriate staff or through the Administrative Remedy Process. Further, all housing units have bulletin boards that have information explaining sick call procedures, access to discovery directions, etc.

The Bureau's Administrative Remedy Program is a process through which inmates may seek formal review of an issue relating to virtually any aspect of their confinement, if informal procedures have not resolved the matter. See 28 C.F.R. Part 542 - Administrative Remedy; and Program Statement 1330.13, Administrative Remedy Program. This program applies as follows: (1) to inmates confined in institutions operated by the Bureau of Prisons; (2) to inmates who are designated to contract Residential Reentry Centers (RRCs), formally known as Community Corrections Centers, under Bureau of Prisons responsibility; and (3) to former inmates for issues that arose during their confinement. See C.F.R. §542.10.

Inmates are obligated to attempt informal resolution of grievances prior to filing a formal request for administrative remedy. See 28 C.F.R. §542.13. The deadline for completion of informal resolution and submission of a formal written Administrative Remedy Request, on the appropriate form, is 20 calendar days following the date on which the basis for the Request occurred. See 28 C.F.R. §542.14. Once an inmate has filed a formal grievance at the institution level (BP-9), the Warden of that facility has 20 calendar days to investigate and provide the inmate a written response. See 28 C.F.R. §542.18. If the inmate is not satisfied with the Warden's response, he/she has 20 calendar days to file a Regional Administrative Remedy Appeal (BP-10). See 28 C.F.R. §542.15. Once received in the Regional Office, the Regional Director has 30 calendar days to investigate and provide the inmate a written response. See 28 C.F.R. §542.18. If the inmate is not satisfied with the Regional Director's response, he/she has 30 calendar days to file a Central Office Administrative Remedy Appeal (BP-11). See 28 C.F.R. §15. Once received in the Central Office, the Administrator, National Inmate Appeals, has 40 days to investigate and provide the inmate a written response. 28 C.F.R. §542.18. After receiving the Administrator's response, the inmate has exhausted the Bureau's Administrative Remedy Program. The program provides for expedited investigations and responses in emergency situations, as well as extensions of time for both filing grievances and receiving responses. At any level, an Administrative Remedy may be rejected if it does not fully comply with Program Statement 1330.13, Administrative Remedy Program.

If complaining about a sensitive issue, in the sense that the inmate's safety or well-being would be placed in danger if the request became known at the institution, the inmate may submit his administrative remedy directly to the appropriate Regional Director, marking "Sensitive" upon the request and explaining, in writing, the reason for not submitting the request at the institution. See Program Statement 1330.13, Sec.8(d)(1), Administrative Remedy Program. If the Regional Administrative Remedy Coordinator agrees that the request is sensitive, the request shall be accepted, investigated, and responded to. Otherwise, the request will not be accepted, and the inmate will be advised in writing of that determination, without return of the request. The inmate may then pursue the matter by submitting a request for Administrative Remedy locally to the Warden. The Warden shall allow a reasonable extension of time for such a resubmission. See 28 C.F.R. §542.17.

Special procedures regarding the appeal of Disciplinary Hearing Officer (DHO) actions may be found at 28 C.F.R. §542.14(d)(2). Appeals from DHO actions shall be submitted initially to the Regional Director for the region where the inmate is currently located.

G. Inmate Designations

The majority of inmates at MCC New York are pre-trial inmates who, if sentenced, will serve their sentence in another institution. However, an inmate is not transported to a new institution immediately upon sentencing. The sentencing court must first provide to the USMS the final presentence investigation report and a signed judgement and commitment order. The USMS must then forward these documents along with a request for designation to the Designation and Sentence Computation Center (DSCC), located in Grand Prairie, Texas. When designating an institution for an inmate to serve a sentence, the Bureau considers many factors, including but not limited to, the security level of the inmate, medical or psychiatric concerns and judicial recommendations. Once an institution has been designated, the inmate will be transported on the next bus or airlift on which space is available. This entire process often takes several weeks to complete. Contact information for DSCC is as follows:

Designation and Sentence Computation Center
Grand Prairie Office Complex
U.S. Armed Forces Reserve Complex
346 Marine Forces Drive
Grand Prairie, TX 75051
Phone: 972-352-4400
Fax: 972-352-4395

Court Ordered Studies

At anytime during an inmate's pre-trial confinement, the judge may order one of numerous studies found at 18 U.S.C. §4241 et seq. Once a judge signs the request for designation, the court must send a copy to the USMS and Probation who will then contact DSCC. Since the inmate is not sentenced, he is not yet in Bureau custody, therefore the Bureau cannot make the designation without an official request from the USMS to the Bureau in Grand Prairie. Neither the Legal Department nor any institution staff have a role in the process. It is up to the attorneys on the criminal case to make sure the order is processed as described in this paragraph. If questions arise, the attorneys may contact the DSCC (contact info. above).

H. Health Services

1. Sick Call

Inmates are advised during their initial screening and physical examination that if they wish to be evaluated by the Health Services Department, they must submit a sick call slip to the department. It is imperative that inmate's use this system, as it helps the department track requests and have inmates seen on a first need to be seen basis. If an inmate has a verified chronic condition (i.e. diabetes, hypertension, etc.) he will be placed in a chronic care clinic and scheduled for appointments automatically.

Sick call slips are available on the housing units and there is a sick call box on each unit in which to submit the slips. The sick call box on each housing unit will be emptied daily by a member of Health Services Staff and given to the medical staff for triage. Requests will be prioritized in accordance with greatest medical need. Inmates will be charged a \$2.00 co-pay fee for all non-chronic care, non-emergent appointments.

2. Emergency Care

Any time there is a medical emergency on a unit, the inmate should notify the unit officer who can call the on-duty P.A.

3. Medication

With regards to medication, MCC New York staff will make every effort to continue an inmate on a specific medication as long as the inmate has proof that he is on that medication (a prescription, a prescription bottle, etc.). However, for safety of staff and other inmates, there are several medications that an inmate may be on that are not on the national Bureau of Prisons formulary. In this instance, if medical staff find it necessary to prescribe a substitute medication, they will do so. If an inmate is prescribed a medication that has refills, it is their responsibility to notify the pharmacy when they need a refill.

This can be accomplished by placing the empty bottle on the daily pill line cart that comes around to each housing unit at least once a day. If medical staff feel that an inmate should not be in possession of certain medications they need (certain psychiatric medications), the inmate will be administered the medication by pharmacy during daily pill line.

4. Independent Medical Examinations (IME)

If an attorney seeks a court order for an IME, the following information must be included:

- (1) Inmate's name and register number;
- (2) A court order or similar court signed document for the examination;
- (3) A provision for time and date to be determined by all affected parties;
- (4) Expected length of examination;
- (5) Name, title, and organization of each person attending (all-non attorneys and non-legal representatives will have to fill out an application so MCC can complete a background check (See Attachment B);
- (6) List of all equipment to be used; and
- (7) An indication of whether the inmate's consent has been obtained.

All of the above should be faxed to the Legal Department who will make arrangements with the medical department for a convenient time and date. The physician entering will be subject to using the equipment available at MCC New York. The physician will also have to complete Attachment B.

5. Visits with Inmates in Local Hospital

All USMS inmates (inmates who have not yet been sentenced) will be referred to the USMS for visiting, whether legal or social.

I. Special Housing Unit (SHU)

MCC New York has a SHU to house inmates separate from the general population. The SHU consists of two categories of cells: administrative detention and disciplinary segregation.

Disciplinary Segregation Status. A form of separation from the general population in which inmates who commit serious violations of Bureau rules are confined by the Discipline Hearing Officer, for specified periods of time, in a cell removed from the general population. The DHO imposes the sanction of disciplinary segregation upon determining that no other available disposition will adequately achieve the purpose of punishment and deterrence necessary to regulate an inmate's behavior within acceptable limits.

Administrative Detention Status. A non-punitive form of separation from the general population used when the continued presence of the inmate within the general population would pose a serious threat to life, property, self, staff or other inmates, or to the security or orderly running of the institution. This housing status may also include inmates who require protective custody, those who cannot be placed in local population because they are en route to another institution (holdovers), and those who are awaiting a hearing before the Unit Discipline Committee or Discipline Hearing Officer. Program Statement 5270.07, Inmate Discipline and Special Housing Units, found at Bureau's public website.

Additionally, all newly arriving inmates at MCC are placed in the Special Housing Unit until they are screened and an appropriate housing unit (general population or SHU) is determined.

J. Miscellaneous

1. Religious Programs

Title 28 C.F.R. §548, Religious Programs and Program Statement 5360.09, Religious Beliefs and Practices set forth the Bureau of Prisons' policy for inmates who wish to practice their religion while incarcerated. Chaplains are available at all institutions. See 28 C.F.R. §548.12. In addition, contract religious clergy and volunteers from the community augment Bureau staff to make available a wide variety of programs, including those involving group worship, individual religions counseling, spiritual guidance, and the study of sacred writings. See 28 C.F.R. §548.14. Inmates must make all religious requests, including common fare diets, through the Religious Services Department.

2. Food Service

Title 28 C.F.R. §548, Subpart C - Special Food and Meals, provides that special diets are available to meet the medical needs of diabetics and others who require low-salt, low-calorie, or other special diets. Additionally, "common-fare" meals are offered to inmates whose religious practices require dietary restrictions. See 28 C.F.R. §§547.20(b) and 548.20; Program Statement 5360.09, Religious Beliefs and Practices. The common fare program is designed to meet the dietary requirements of different religions.

3. Inmate Commissary

Inmates' families and friends may send inmates funds through Western Union's Quick Collect Program or through the National Lock Box. Please see instructions at the following address:

http://www.bop.gov/inmate_programs/money.jsp

4. Marriage

Inmates who seek authorization to marry while in confinement must submit a written request through their Case Manager.

5. Personal Property

Bureau of Prisons policy on inmate retention of personal property is found in Program Statement 5580.07, Personal Property, Inmate. See also 28 C.F.R. Part 553 - Inmate Property. Inmates may possess only that property which by policy is authorized. See 28 C.F.R. §553.11. Those rules contribute to the management of inmate personal property in the institution, and contribute to a safe environment for staff and inmates by reducing fire hazards, security risk, and sanitation problems. Personal hygiene items are issued by the institution for indigent inmates. Inmates may also purchase personal property items from the institution commissary.

Inmates going out to court may bring legal material relevant to their current court proceedings. Inmates are not allowed to return from court with additional legal materials. Attorneys wishing to provide inmates with additional legal materials must send such material in the mail or deposit them material in the lobby legal mail drop boxes.

6. A&O Handbook

Inmates entering MCC New York are provided with an Admission and Orientation ("A&O") Handbook, which explains institution rules and procedures. The A&O Handbook addresses subjects such as purchasing items from the commissary, inmate correspondence and the inmate administrative remedy process.

Wow, right as I finished my last email, my boss just gave me the final response that I'll now send to all the reporters who reached out to our public affairs office in Central Office (you can send this to media who contacted you too (b)(6), (b)(7)(C))

Jeffrey Epstein is currently housed at MCC New York and not in a local hospital as has been reported. As with all inmates, for privacy and security reasons, we do not share information on an inmate's medical status or their conditions of confinement.

Hi All,

(b)(6), (b)(7)(C) asked me last week to reach out to his attorneys to find out what they wanted us to do with the funds. I explained to defense counsel that our normal practice was to cut a check to the next-of-kin that we have on-file. However, given the circumstances and the discussion of Epstein's will in the media, I told defense counsel we wanted to make sure we didn't need to do anything differently here. Defense counsel told me they would get back to me. I haven't heard from them yet. Is there a deadline by which we need to release the funds?

Thanks,

Dear Mr. Epstein,

You called me circa August 2017 and you and I had a Skype call with my Ph.D. student (b)(6), (b)(7)(C) in December 2017.

▲ **SCIENTIST OF THE YEAR:** Dr. S. Allen Counter, (l) director of the Harvard Foundation of Harvard University, and Dr. Benedict H. Gross (r), dean of Harvard College and Leverett Professor of Mathematics, present the Harvard Foundation "2004 Scientist of the Year Award" to noted mathematician Professor Dr. Jonathan David Farley. Farley is currently a visiting professor of applied mathematics at the Massachusetts Institute of Technology. He graduated summa cum laude from Harvard College with straight A's in mathematics and later earned a Ph.D. in mathematics from Oxford University. "Jonathan Farley is one of the world's most impressive young mathematicians," said Dr. Counter. "He is a model of excellence for young people of all backgrounds, but especially African Americans who may see their intellectual potential in him. Harvard is proud to

honor his achievements and acknowledge his fine example.”

I can help you.

I am now throwing you a lifesaver. You can donate to my university, the historically black college, Morgan State University. **Our accepting your \$5 million will show the world you are not a pariah and may help you avoid a conviction like Bill Cosby.** The donation can be for “The Jeffrey Epstein Chair for the Promotion of Women in Mathematics,” which will show the world your support for women.

Alternatively, (b)(6); (b)(7)(C) gave \$3 million “Breakthrough Awards” to two math professors. You can give *me* a similar award. (b)(6); (b)(7)(C) of Oxford, former President of the Royal Society, wrote to me in 2007, “I thought your analysis of the bee epidemic was nice, and could well be useful.” In 2018, I solved a problem of Pólya Prize-winner (b)(6); (b)(7)(C) which he posed in 1981 (he implied it was a “challenging question” in 1976) about matchings in infinite geometric lattices.

I am willing to publically stand with you, and your gift could generate support for you in the black community: public support is something you sorely need right now.

If you want to donate to a more prestigious university, the danger is that they will reject your gift, but Lincoln College, part of my *alma mater* Oxford University, needs £1.5 million for a lectureship in Pure Mathematics. They’ve raised less than £10,000!

<https://www.givecampus.com/schools/LincolnCollege/mathematics-fellowship>

I spoke with the head of the college and the head of development. The latter said that accepting money from you would be “a tough one for a UK institution,” but if you funded *me* as an individual and pointed out to them that I could then take up the lectureship for free, they might be open to that. The benefit to you is that I would then be an Oxford University lecturer and you’d have an advocate at one of the world’s most prestigious universities publically defending you. I could probably generate positive media coverage on your behalf as an Oxford don.

Cordially,

Dear Mr. Epstein,

You called me circa August 2017 and you and I had a Skype call with my Ph.D. student, (b)(6), (b)(7)(C) in December 2017.

▲ **SCIENTIST OF THE YEAR:** Dr. S. Allen Counter, (l) director of the Harvard Foundation of Harvard University, and Dr. Benedict H. Gross (r), dean of Harvard College and Leverett Professor of Mathematics, present the Harvard Foundation "2004 Scientist of the Year Award" to noted mathematician Professor Dr. Jonathan David Farley. Farley is currently a visiting professor of applied mathematics at the Massachusetts Institute of Technology. He graduated summa cum laude from Harvard College with straight A's in mathematics and later earned a Ph.D. in mathematics from Oxford University. "Jonathan Farley is one of the

world's most impressive young mathematicians," said Dr. Counter. "He is a model of excellence for young people of all backgrounds, but especially African Americans who may see their intellectual potential in him. Harvard is proud to honor his achievements and acknowledge his fine example."

I can help you.

I am now throwing you a lifesaver. You can donate to my university, the historically black college, Morgan State University. **Our accepting your \$5 million will show the world you are not a pariah and may help you avoid a conviction like Bill Cosby.** The donation can be for "The Jeffrey Epstein Chair for the Promotion of Women in Mathematics," which will show the world your support for women.

Alternatively, (b)(6), (b)(7)(C) gave \$3 million "Breakthrough Awards" to two math professors. You can give *me* a similar award. (b)(6), (b)(7)(C) of Oxford, former President of the Royal Society, wrote to me in 2007, "I thought your analysis of the bee epidemic was nice, and could well be useful." In 2018, I solved a problem of Pólya Prize-winner (b)(6), (b)(7)(C) which he posed in 1981 (he implied it was a "challenging question" in 1976) about matchings in infinite geometric lattices.

I am willing to publically stand with you, and your gift could generate support for you in the black community: public support is something you sorely need right now.

If you want to donate to a more prestigious university, the danger is that they will reject your gift, but Lincoln College, part of my *alma mater* Oxford University, needs £1.5 million for a lectureship in Pure Mathematics. They've raised less than £10,000!

<https://www.givecampus.com/schools/LincolnCollege/mathematics-fellowship>

I spoke with the head of the college and the head of development. The latter said that accepting money from you would be "a tough one for a UK institution," but if you funded *me* as an individual and pointed out to them that I could then take up the lectureship for free, they might be open to that. The benefit to you is that I would then be an Oxford University lecturer and you'd have an advocate at one of the world's most prestigious universities publically defending you. I could probably generate positive media coverage on your behalf as an Oxford don.

Good morning Mr.

(b)(6),
(b)(7)(C)

I tried calling you earlier. My client, Jeffrey Epstein (76318-054) informed me that he had a meeting last Friday with (b)(6), (b)(7)(C) and Mr. Pluorde, where Mr. Pluorde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6), (b)(7)(C) told my client and I that he would not be allowed to use the bathroom unless a Lieutenant could come or unless he sees a memo from Lieutenant (b)(6), (b)(7)(C) or Mr. Pluorde allowing the staff to allow our client to use the bathroom. Can Mr. Pluorde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

(b)(6), (b)(7)(C)

The Court will conduct a brief hearing on Tuesday, August 27, 2019 at 10:30 a.m. in connection with the *nolle prosequi* order proposed to the Court on August 19, 2019 by the United States Attorney.

The Court believes that where, as here, a defendant has died before any judgment has been entered against him, the public may still have an informational interest in the process by which the prosecutor seeks dismissal of an indictment.

At the hearing, Counsel for the Government and for the deceased Defendant, Jeffrey Epstein, will be heard. Counsel for the victims and the victims will also be heard, if they wish to be.

The hearing will be held in Courtroom 17B.

Dear Mr. Epstein,

You called me circa August 2017 and you and I had a Skype call with my Ph.D. student, (b)(6), (b)(7)(C), in December 2017.

▲ **SCIENTIST OF THE YEAR:** Dr. S. Allen Counter, (l) director of the Harvard Foundation of Harvard University, and Dr. Benedict H. Gross (r), dean of Harvard College and Leverett Professor of Mathematics, present the Harvard Foundation "2004 Scientist of the Year Award" to noted mathematician Professor Dr. Jonathan David Farley. Farley is currently a visiting professor of applied mathematics at the Massachusetts Institute of Technology. He graduated summa cum laude from Harvard College with straight A's in mathematics and later earned a Ph.D. in mathematics from Oxford University. "Jonathan Farley is one of the

world's most impressive young mathematicians," said Dr. Counter. "He is a model of excellence for young people of all backgrounds, but especially African Americans who may see their intellectual potential in him. Harvard is proud to honor his achievements and acknowledge his fine example."

I can help you.

I am now throwing you a lifesaver. You can donate to my university, the historically black college, Morgan State University. **Our accepting your \$5 million will show the world you are not a pariah and may help you avoid a conviction like Bill Cosby.** The donation can be for "The Jeffrey Epstein Chair for the Promotion of Women in Mathematics," which will show the world your support for women.

Alternatively, (b)(6), (b)(7)(C) gave \$3 million "Breakthrough Awards" to two math professors. You can give *me* a similar award. (b)(6), (b)(7)(C) of Oxford, former President of the Royal Society, wrote to me in 2007, "I thought your analysis of the bee epidemic was nice, and could well be useful." In 2018, I solved a problem of Pólya Prize-winner (b)(6), (b)(7)(C) which he posed in 1981 (he implied it was a "challenging question" in 1976) about matchings in infinite geometric lattices.

I am willing to publically stand with you, and your gift could generate support for you in the black community: public support is something you sorely need right now.

If you want to donate to a more prestigious university, the danger is that they will reject your gift, but Lincoln College, part of my *alma mater* Oxford University, needs £1.5 million for a lectureship in Pure Mathematics. They've raised less than £10,000!

<https://www.givecampus.com/schools/LincolnCollege/mathematics-fellowship>

I spoke with the head of the college and the head of development. The latter said that accepting money from you would be "a tough one for a UK institution," but if you funded *me* as an individual and pointed out to them that I could then take up the lectureship for free, they might be open to that. The benefit to you is that I would then be an Oxford University lecturer and you'd have an advocate at one of the world's most prestigious universities publically defending you. I could probably generate positive media coverage on your behalf as an Oxford don.

Cordially,

(b)(6), (b)(7)(C) (University of Oxford), A.B. *summa cum laude* (Harvard University)

Good afternoon all,

Below please find concerns raised by Epstein's attorneys with legal visiting. To summarize, they are requesting:

- 1) greater access for Epstein using the bathroom during legal visits;
- 2) the 2 social calls he was allegedly promised; and
- 3) the ability to eat his lunch meal in attorney conference.

Please review and advise so that I can respond. Thank you.

Good morning Mr. (b)(6), (b)(7)(C)

I tried calling you earlier. My client, Jeffrey Epstein (76318-054) informed me that he had a meeting last Friday with (b)(6), (b)(7)(C) and Mr. Pluorde, where Mr. Pluorde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6), (b)(7)(C) told my client and I that he would not be allowed to use the bathroom unless a Lieutenant could come or unless he sees a memo from Lieutenant (b)(6), (b)(7)(C) or Mr. Pluorde allowing the staff to allow our client to use the bathroom. Can Mr. Pluorde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with

his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

Hi All,

(b)(6) asked me last week to reach out to his attorneys to find out what they wanted us to do with the funds. I explained to defense counsel that our normal practice was to cut a check to the next-of-kin that we have on-file. However, given the circumstances and the discussion of Epstein's will in the media, I told defense counsel we wanted to make sure we didn't need to do anything differently here. Defense counsel told me they would get back to me. I haven't heard from them yet. Is there a deadline by which we need to release the funds?

Attachments: TEXT.htm, Certification of Identify Form.pdf

Good morning (b)(6); (b)(7)(C)

I spoke with folks here and confirmed we can proceed under our usual procedure for releasing medical/psych records to defense counsel. Accordingly, please send me a cover letter confirming you're defense counsel of record, the attached certification of identity, and a Rule 17 subpoena (no need to be so-ordered; a clerk's subpoena is fine). Normally we would require a HIPAA release as well, but privacy rights don't survive death in this context. Once I receive the certification, letter, and subpoena,, I will have the USAO's Civil Division authorize the records release as wall counsel pursuant to *United States ex rel. Touhy v. Regan*, 340 U.S. 462 (1951) and the associated regulations.

Please let me know if you have any questions/concerns.

Thank you,

(b)(6); (b)(7)(C)

Good morning Mr. (b)(6), (b)(7)(C)

I tried calling you earlier. My client, Jeffrey Epstein (/6518-054) informed me that he had a meeting last Friday with (b)(6), (b)(7)(C) and Mr. Pluorde, where Mr. Pluorde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6) told my client and I that he would not be allowed to use the bathroom unless a Lieutenant could come or unless he sees a memo from Lieutenant (b)(6), (b)(7)(C) or Mr. Pluorde allowing the staff to allow our client to use the bathroom. Can Mr. Pluorde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

(b)(6), (b)(7)(C)

Our client, Jeffrey Epstein, has informed us that he has no toilet paper in his cell. His CPap machine was not plugged in last night, so he was unable to use it.

Also, since his arrival at MCC, he has only been able to make two fifteen minute phone calls. Both times, the calls were on speaker phone, with officers present.

Thank you in advance for your help.

Hello,

I'm a reporter with BuzzFeed News. I'm reaching out because we suspect one of the paramedics involved in responding the Jeffrey Epstein call posted information online before it was reported in the mainstream media.

We were able to view posts on the website 4chan, frequented by far-right trolls, that were published a full 45 minutes before ABC news first reported Epstein's death. I'd like to send you the posts to verify whether the information in them is correct and whether it could have come to your team but in addition to that, do you have any statement on the situation?

Thank you,

(b)(6),

Hi (b)(6),
(b)(7)(C)

Just a heads-up that Judge Berman invited the Warden and I to the hearing this morning. The Warden declined because of another meeting and asked to meet the Judge at a later date, but I'll be attending. I asked (b)(6), (b)(7)(C) if Judge Berman's expectation was for me to sit at counsel's table or in the galley, but she never responded. In that case, I defer to you unless we hear otherwise when we get there.

I tried calling you earlier. My client, Jeffrey Epstein (76318-054) informed me that he had a meeting last Friday with (b)(6), (b)(7)(C) and Mr. Pluorde, where Mr. Pluorde told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6), (b)(7)(C) told my client and I that he would not be allowed to use the bathroom unless a Lieutenant could come or unless he sees a memo from Lieutenant (b)(6), (b)(7)(C) or Mr. Pluorde allowing the staff to allow our client to use the bathroom. Can Mr.

Pluorde or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

(b)(6), (b)(7)(C)

Obviously numerous Epstein articles. This is a sampling.

Star Tribune: "Epstein's guards worked extreme OT shifts morning of death" Guards on Jeffrey Epstein's unit were working extreme overtime shifts to make up for staffing shortages the morning of his apparent suicide, a person familiar with the jail's operations told The Associated Press. <http://www.startribune.com/epstein-dies-in-the-dark-but-abuse-investigation-carries-on/533900392/>

WaPo: "Corrections officers did not check on Epstein for 'several hours' before his death, violating protocol, person familiar with case says," Matt Zapotosky and Devlin Barrett, August 11, 2019, 11:13 PM Corrections officers had not checked in on financier and registered sex offender Jeffrey Epstein for "several" hours before he was found hanging in his cell Saturday, a person familiar with the matter said, just one in a series of missteps in the hours leading up to his death. AP: "Debbie Wasserman Schultz demands Epstein investigation," Jerry Dunleavy, August 11, 2019, 7:44 PM Democratic Florida Rep. Debbie Wasserman Schultz described as "obscenely inadequate" the Saturday announcement from Attorney General William Barr that Inspector General Michael Horowitz would be investigating the circumstances surrounding the death of pedophile Jeffrey Epstein. NYT: "Before Jail Suicide, Jeffrey Epstein Was Left Alone and Not Closely Monitored," Katie Benner, August 11, 2019, 11:00 AM

Jeffrey Epstein, the financier who hanged himself in a federal jail in Manhattan, was supposed to have been checked by guards every 30 minutes, but that procedure was not being followed the night before he was found, a law-enforcement official with knowledge of his detention said. In addition, the jail had transferred his cellmate and allowed Mr. Epstein to be housed alone in a cell just two weeks after he had been taken off suicide watch, a decision that also violated the jail's normal procedure, two officials said. UNITED STATES GOVERNMENT MEMORANDUM

Metropolitan Correctional Center, New York, New York

DATE: April 15, 2019

TO: Lamine N'Diaye, Warden, MCC New York
(b)(6), (b)(7)(C)

FROM: (b)(6), (b)(7)(C) Chief Psychologist, MCC New York

THRU: Shirley Skipper Scott, Associate Warden, Programs, MCC New York

SUBJECT: RESUBMITTAL OF PROCEDURAL MEMORANDUM FOR
PSYCHOLOGICAL OBSERVATION

The original Procedural memorandum for Psychological Observation was initially submitted on July 20, 2005 to the Warden and through the Associate Warden of Programs. The procedures outlined below have been in effect since the aforementioned date. This memorandum is being resubmitted as revisions have been made since this period of time and updated signatures are necessary.

1. **PURPOSE:** To establish procedures at the Metropolitan Correctional Center (MCC), New York with regard to inmates placed on Psychological Observation status.
2. **DEFINITION:** A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.
3. **PROCEDURES:** The following are the guidelines for a Psychological Observation:
 - A. Only a member from the Psychology Services Department may place and remove an inmate from Psychological Observation status as only a psychologist can determine if an inmate is at elevated risk for suicide or not. Upon placement or removal of Psychological Observation, the Psychologist will notify the Operations Lieutenant, Health Services Staff (i.e., Physician Assistants, Health Services Administrator, and Clinical Director), Food Service Administrator, and Duty Officer.
 - B. Psychological Observations will be conducted in the suicide watch area or when not feasible due to space limitations, one of the designated suicide watch cells in SHU. The inmate on observation will be continuously monitored by either an Inmate Companion or a

staff member.

C. An inmate on Psychological Observation status is allowed only items indicated by a Psychologist. These items will be indicated on the inmate's psychological observation log book. The suicide watch mattress and suicide watch blanket will be used for all inmates on psychological observation.

D. Log entries as to the behavior of the observed inmate will ideally be made every 15 minutes in a marble log book by the Inmate Companion or staff member, but observation of the inmate is continuous.

E. When the observation is conducted in the suicide watch room, the Unit 2 Officer will make hourly rounds and sign the log book.

F. A Lieutenant and Physician Assistant will also make rounds once a shift and sign the log book.

G. On a daily basis a Psychologist will assess the inmate on Psychological Observation and sign the log book.

H. If there is a staff watch being conducted on 9S, the staff member cannot watch more than two inmates on psychological observation at a time. If the Staff member is watching two inmates on psychological observation, they must be directly next to one another so that the officer can directly observe both of them on a continuous basis.

hi Lee,

hope you are well. We saw an article tonight on something called Radaronline reporting that Jeffrey Epstein attempted to commit suicide at the MCC (unsuccessfully.)

Are you in a position to help me on that with some sort of confirmation or information. (Or to dispel its veracity?) thanks, (b)(6), (b)(7)(C), (b)(7)(E), (b)(7)(F)

He is listed on the BOP's public website, so you can either refer people to that (www.bop.gov/inmateloc/) or give them his register number. A screenshot of the public web:

The screenshot shows a web browser window with the address bar displaying <https://www.bop.gov/inmateloc/>. The page title is "Inmate Locator". The browser's menu bar includes "File", "Edit", "View", "Favorites", "Tools", and "Help". A "Web Slice Gallery" dropdown is visible. The website header features the Federal Bureau of Prison logo and the text "Federal Bureau of Prison" with the tagline "Correctional Excellence. Respect. Integrity". A navigation bar contains links for "Home", "About Us", "Inmates", "Locations", and "Jobs". The main content area is titled "Find an inmate" and includes a sub-header "Locate the whereabouts of a federal inmate incarcerated from 1982 to the present. Information may be reviewed and recalculated to address pending Good Conduct. Information may not be up-to-date. Website visitors should continue to check back for updates." Below this is a search form with two tabs: "Find By Number" and "Find". The "Find" tab is active, showing a search form with three input fields: "First" (containing "jeffrey"), "Middle" (empty), and "Last" (containing "epstein"). Below the form, it states "1 Result for search jeffrey epstein". The result is displayed in a box with a placeholder image of a person and the following information: "JEFFREY EDWARD EPSTEIN", "Register Number: 76318-054", "Age: 66", "Race: White", "Sex: Male", "Located at: New York MCC", and "Release Date: UNKNOWN". A link at the bottom right of the page reads "About the inmate locator & record".

Thank you. The first thing is that Inmate Epstein incorrectly wrote his reg. # on his request for the religious diet, so Sentry didn't recognize the number. Just before Chaplain (b)(6), (b)(7)(C) was leaving yesterday, we realized the inmate had transposed two of his numbers, and I told him I'd take care of putting him on the religious diet designation. FS (b)(6), (b)(7)(C) is aware of the inmate's dietary needs and has been providing the religious diet since last Friday I've been told.

I also have another religious diet interview scheduled, which will require data entry.

Thanks again,

With apologies for the weekend email, we have a defendant, Jeffrey Epstein, who was arrested last night and is currently being detained at MCC, and is expected to be presented on an indictment tomorrow. His attorney (b)(6), (b)(7)(C) has represented him in the past, and represents him in connection with our case and has been in touch with us throughout the weekend. He went to MCC today to meet with him in advance of the presentment tomorrow, but was just told he is not allowed in because he is from out-of-state.

We're concerned about the defendant not having access to his attorney in advance of the presentment (as we would be for any defendant) and so I wanted to reach out to you—is it at all possible to address this issue so Mr. (b)(6), (b)(7)(C) can meet with his client this evening? Good morning,

Reaching out in response to reports that Jeffrey Epstein, being held at Metropolitan Correctional Center in Manhattan, was found injured in his cell after a possible suicide attempt, allegedly semi-conscious with marks on his neck.

Can you provide a statement in response to these reports and clarify what happened? Is there a possibility that Epstein will be transferred to another facility?

Feel free to give us a call at 718-861-(b)(6).

Thank you.

Best,

With apologies for the weekend email, we have a defendant, Jeffrey Epstein, who was arrested last night and is currently being detained at MCC, and is expected to be presented on an indictment tomorrow. His attorney, (b)(6), (b)(7)(C) has represented him in the past, and represents him in connection with our case and has been in touch with us throughout the weekend. The above inmate said he had his CPAP machine with him at the time of his arrest. He needs to have his CPAP machine for his medical condition. Is it in R and D or can we find out who has his CPAP machine?

Thanks.

Good morning (b)(6), (b)(7)(C)

I spoke with folks here and confirmed we can proceed under our usual procedure for releasing medical/psych records to defense counsel. Accordingly, please send me a cover letter confirming you're defense counsel of record, the attached certification of identity, and a Rule 17 subpoena (no need to be so-ordered; a clerk's subpoena is fine). Normally we would require a HIPAA release as well, but privacy rights don't survive death in this context. Once I receive the certification, letter, and subpoena,, I will have the USAO's Civil Division authorize the records release as wall counsel pursuant to *United States ex rel. Touhy v. Regan*, 340 U.S. 462 (1951) and the associated regulations.

Please let me know if you have any questions/concerns.

Thank you,

Thanks so much for the quick response (and solution). (b)(6), (b)(7)(C) should be able to get back to MCC in about 30 minutes so should be all set, and I'll let you know if he reaches out to me with any issues.

thanks again,

With apologies for the weekend email, we have a defendant, Jeffrey Epstein, who was arrested last night and is currently being detained at MCC, and is expected to be presented on an indictment tomorrow. His attorney, (b)(6), (b)(7)(C) has represented him in the past, and represents him in connection with our case and has been in touch with us throughout the weekend. He went to MCC today to meet with him in advance of the presentment tomorrow, but was just told he is not allowed in because he is from out-of-state.

We're concerned about the defendant not having access to his attorney in advance of the presentment (as we would be for any defendant) and so I wanted to reach out to you—is it at all possible to address this issue so (b)(6), (b)(7)(C) can meet with his client this evening? I'm available anytime at (b)(6), (b)(7)(C) to discuss, if that's helpful, or (b)(6), (b)(7)(C) can also be reached directly at (b)(6), (b)(7)(C) if that's easier (though if you reach out directly to him if you could please just let me know afterward I'd be grateful).

thanks very much,

Do you mind calling attorney conference in the morning and reminding them to hold room 3 open for 10:00 AM? (b)(6), (b)(7)(A), (b)(7)(B), (b)(7)(C) and Epstein will likely have an attorney visit, but we need room 3 open for this hearing. If they have to keep Room 3 closed from 8:00 to 10:00 to ensure it is available, then that's what we have to do. (b)(5) this is an federal civil case out of SDNY so we should accommodate.)

Thanks!!

Sounds good. I'll let the Court know about your facility placing the call to chambers. The number for the Judge is (914) 390-(b)(6), (b)(7)(C). If that changes, I'll let you know.

Hi (b)(6), (b)(7)(C)

It is easier for us to initiate the call here at MCC. (b)(6), (b)(7)(C) will be on a phone that does not allow incoming calls, so we prefer to call the court (or you) at the designated time and transfer the call down to him. Please let us know if that is an issue. Assuming there's no problem with that, please let us know the appropriate number to call at 11:00 AM on August 9.

Also, so you're aware, we make every effort to facilitate telephonic court appearances, but there may be emergency circumstances that interfere. If we learn that we will not be able to facilitate the call for some reason, we will let you know as soon as possible.

If you have any additional questions or concerns, please do not hesitate to contact our office.

Thank you,

Yes, I will have the machine delivered on Monday. Please give me a name and a place for the delivery. Thanks again for your help.

Good morning Mr. (b)(6), (b)(7)(C)

With apologies for the delay, medical staff can accept his CPAP machine. Would you or one of your associates be able to bring it in next week? It must be provided to medical staff rather than directly to your client.

Thank you,

>>> (b)(6), (b)(7)(C) @gmail.com> 7/26/2019 9:50 AM >>>

Mr (b)(6), (b)(7)(C)

Is Mr. Epstein approved to receive a CPAP machine? If so, should we send it directly to him through the inmate mail system? Please confirm.

Thank you.

Re: EPSTEIN, Jeffrey, Federal Register No. 76318-054
United States v. Jeffrey Epstein, 19-cr-00490-RMB

Dear Chief Judge McMahon and Judge Berman:

I am writing to notify the Court of the death of Jeffrey Epstein, who passed away Saturday, August 10, 2019, at around 7:37 a.m.

Mr. Epstein had been found unresponsive in his cell in the Special Housing Unit at around 6:30 am from an apparent suicide at the Metropolitan Correctional Center (MCC) in New York, New York. Responding staff immediately initiated life-saving measures and requested emergency medical services (EMS), by whom Mr. Epstein was transported to a local hospital for treatment of life-threatening injuries. Mr. Epstein was pronounced dead at the New York Presbyterian-Lower Manhattan Hospital in New York, New York.

At this time, there are no preliminary reports identifying the exact cause of death. An autopsy is pending, and we expect to have more information as to the cause of death from the medical examiner in the near future. The Federal Bureau of Investigation (FBI) is actively investigating the incident. In addition to the FBI's investigation, the Attorney General has requested that the Department of Justice Office of the Inspector General look into the matter as well.

MCC New York will provide an update to the Court as soon as the autopsy is completed and the official cause of death is determined. If you have any questions or concerns, please feel free to call me at (646)836-7700. Thank you for your time and attention to this matter.

Sincerely,

Lamine N'Diaye
Warden

Subject: Epstein status hearing
Attachments: TEXT.htm

Hi Darrin (b)(6), (b)(7)(C)

At Judge Berman's invitation, I went to the hearing in Epstein's case this morning. As you likely know, the government had asked the court to grant their request for a *nolle pros*. At the start of the hearing, Judge Berman said he was using the hearing as an opportunity for the victims to be heard. He then gave the government and defense counsel a chance to speak.

(b)(5)

Most importantly, defense counsel stated they were "all for finding out the truth!" To that end, they asked Judge Berman to oversee the investigation into Epstein's death. They claimed the Court has inherent authority to find out what happened; this is an area of intense public interest and court supervision is important. Defense counsel argued that they need the Court to help them find out the truth. I haven't looked at the case yet, but counsel cited a case from Alaska written by Judge Sullivan (not SDNY J. Sullivan) concerning a Senator for the proposition the Judge Berman had oversight authority/jurisdiction. Defense counsel represented that in the Alaska case, the court appointed an independent lawyer to investigate a particular situation. (Again, I haven't looked at the case, but I'll find it and forward.) Defense counsel also asked Judge Berman to go to SHU at MCC and see the conditions for himself. (Defense counsel obviously didn't know that Adam & I give tours to his clerks every summer, although we don't typically go to SHU.)

Various attorneys for the victims spoke, too. One noted the "timing of Epstein's death is curious" and most of them seconded defense counsel's request for Court involvement in the investigation, although they admitted there was questionable authority for the Court to do so.

The government did not say much except pointing out the lack of jurisdiction for the Court's involvement. They also said that it was up to individual defendants and their counsel to address any complaints at MCC with the judge presiding over their case.

Then we proceeded to hear statements from Epstein's victims for over 2.5 hours. I won't rehash the statements, but some were very detailed accounts of rape/assault. Many of the victims expressed anger at the government and MCC for Epstein's death. Some of them seconded defense counsel's request for court oversight in the investigation. Some bought into the conspiracy theories. Many of them asked for Epstein's co-conspirators to be charged & brought to justice.

At the end of the conference, Judge Berman did not dismiss the case. He simply thanked the victims and ended it. I expect he will decide whether to grant the *nolle pros* and whether to get involved in the investigation at a later date, probably in a written opinion.

Anyway, I wanted to give an update while my notes were fresh. Please let me know if you have any questions/concerns. I'm also cc-ing Warden Petrucci on this; I verbally updated him, but he may need to forward this summary to someone higher up the food chain than me.

Thanks,

Re: EPSTEIN, Jeffrey, Federal Register No. 76318-054
United States v. Jeffrey Epstein, 19-cr-00490-RMB

Dear Chief Judge McMahon and Judge Berman:

I am writing to notify the Court of the death of Jeffrey Epstein, who passed away Saturday, August 10, 2019, at around 7:37 a.m.

Mr. Epstein had been found unresponsive in his cell in the Special Housing Unit at around 6:30 am from an apparent suicide at the Metropolitan Correctional Center (MCC) in New York, New York. Responding staff immediately initiated life-saving measures and requested emergency medical services (EMS), by whom Mr. Epstein was transported to a local hospital for treatment of life-threatening injuries. Mr. Epstein was pronounced dead at the New York Presbyterian-Lower Manhattan Hospital in New York, New York.

At this time, there are no preliminary reports identifying the exact cause of death. An autopsy is pending, and we expect to have more information as to the cause of death from the medical examiner in the near future. The Federal Bureau of Investigation (FBI) is actively investigating the incident. In addition to the FBI's investigation, the Attorney General has requested that the Department of Justice Office of the Inspector General look into the matter as well.

MCC New York will provide an update to the Court as soon as the autopsy is completed and the official cause of death is determined. If you have any questions or concerns, please feel free to call me at (646)836-7700. Thank you for your time and attention to this matter.

Sincerely,

Lamine N'Diaye

United States v. Jeffrey Epstein, 19-cr-00490-RMB

Dear Judge Berman:

I am writing in regards to your August 12, 2019 inquiry whether the investigations referenced in my August 10, 2019 letter will include the incident at MCC involving Mr. Epstein on or about July 23, 2019.

I can confirm that, although an internal investigation was completed regarding the July 23, 2019 incident, the current investigations by the FBI and OIG will include this incident as well. Accordingly, I cannot divulge any information about the prior investigation at this time.

Thank you for your time and attention to this matter. If you have any questions or concerns, please feel free to call me at (646)836-7700.

Re: EPSTEIN, Jeffrey, Federal Register No. 76318-054
United States v. Jeffrey Epstein, 19-cr-00490-RMB

Dear Chief Judge McMahon and Judge Berman:

I am writing to notify the Court of the death of Jeffrey Epstein, who passed away Saturday, August 10, 2019, at around 7:37 a.m.

Mr. Epstein had been found unresponsive in his cell in the Special Housing Unit at around 6:30 am from an apparent suicide at the Metropolitan Correctional Center (MCC) in New York, New York. Responding staff immediately initiated life-saving measures and requested emergency medical services (EMS), by whom Mr. Epstein was transported to a local hospital for treatment of life-threatening injuries. Mr. Epstein was pronounced dead at the New York Presbyterian-Lower Manhattan Hospital in New York, New York.

At this time, there are no preliminary reports identifying the exact cause of death. An autopsy is pending, and we expect to have more information as to the cause of death from the medical examiner in the near future. The Federal Bureau of Investigation (FBI) is actively investigating the incident. In addition to the FBI's investigation, the Attorney General has requested that the Department of Justice Office of the Inspector General look into the matter as well.

MCC New York will provide an update to the Court as soon as the autopsy is completed and the official cause of death is determined. If you have any questions or concerns, please feel free to call me at (646)836-7700. Thank you for your time and attention to this matter.

Good morning Christine,

I apologize, but Warden Petrucci told me he won't be able to make it on Tuesday. As you likely know, we've had quite a few visitors here at MCC recently. The Warden just learned about a meeting on Tuesday morning, and he needs to be in attendance. That said, he would welcome the opportunity to meet Judge Berman another time. Perhaps the Warden and I could go over to the courthouse sometime next week at a time convenient for the Judge? Please let me know if that sounds feasible.

Thank you for your help, and I look forward to seeing you on Monday (re: (b)(6), (b)(7)(C)) and Tuesday.

The Warden just learned about a meeting on Tuesday morning, and he needs to be in attendance. That said, he would welcome the opportunity to meet Judge Berman another time. Perhaps the Warden and I could go over to the courthouse sometime next week at a time convenient for the Judge? Please let me know if that sounds feasible.

Thank you for your help, and I look forward to seeing you on Monday (re: (b)(6), (b)(7)(C)) and Tuesday.

Best,

Re: EPSTEIN, Jeffrey, Federal Register No. 76318-054
United States v. Jeffrey Epstein, 19-cr-00490-RMB

Dear Chief Judge McMahon and Judge Berman:

I am writing to notify the Court of the death of Jeffrey Epstein, who passed away Saturday, August 10, 2019, at around 7:37 a.m.

Mr. Epstein had been found unresponsive in his cell in the Special Housing Unit at around 6:30 am from an apparent suicide at the Metropolitan Correctional Center (MCC) in New York, New York. Responding staff immediately initiated life-saving measures and requested emergency medical services (EMS), by whom Mr. Epstein was transported to a local hospital for treatment of life-threatening injuries. Mr. Epstein was pronounced dead at the New York Presbyterian-Lower Manhattan Hospital in New York, New York.

At this time, there are no preliminary reports identifying the exact cause of death. An autopsy is pending, and we expect to have more information as to the cause of death from the medical examiner in the near future. The Federal Bureau of Investigation (FBI) is actively investigating the incident. In addition to the FBI's investigation, the Attorney General has requested that the Department of Justice Office of the Inspector General look into the matter as well.

MCC New York will provide an update to the Court as soon as the autopsy is completed and the official cause of death is determined. If you have any questions or concerns, please feel free to call me at (646)836-7700. Thank you for your time and attention to this matter.

Sincerely,

Lamine N'Diaye
Warden

Dear Warden N'Diaye,

Thank you for your letter of August 10, 2019 regarding the death of Jeffrey Epstein. Mr. Epstein's death is a tragedy to everyone involved in his case.

One open question, among others, is whether the investigations referenced in your letter will include the incident at MCC involving Mr. Epstein on or about July 23, 2019. To my knowledge, it has never been definitively explained what the BOP concluded about that incident.

Sincerely,

Richard M. Berman

The email below is from one of two staff here that has been targeted by the New York Times soliciting information on Epstein via their personal email. I will monitor this closely and I have already put out an email to all staff on the media and who are the only approved staff that are allowed to speak to them. In addition the Warden held a recall today expressing the concerns if staff are sharing information and how it is prohibited. Please let me know your thoughts.

New York Times must be getting staff email addresses through social media outlets.

Hi (b)(6), (b)(7)(C)

I hope this finds you well. My name is (b)(6), (b)(7)(C) and I'm a reporter with The New York Times. I'm sorry to reach out out of the blue, but at NYT we are working on a story about MCC and what happened to Jeffrey Epstein. We're trying to learn a little more about the prison and how it works internally (I hear there have been some issues with staffing, overtime etc), and I was wondering if you might be free for a quick chat on background (meaning that I will not use your name in any article, or anything that could identify you). I'd just like to learn a bit more about the prison itself -- there are a lot of rumors flying around, as you know, and we'd like to be able to speak in concrete terms about the prison from people who know it best. Please let me know if you're free or give me a ring: 212-556-(b)(6), (b)(7)(C)

Thanks,

Thank you, Lee. Some additional questions:

Did Mr. Epstein apparently hang himself?

Who found him? An officer? Another inmate?

Was he in his cell alone?

Was he on some type of suicide watch, given the incident last month, and what did that entail?

Many thanks,

With apologies for the weekend email, we have a defendant, Jeffrey Epstein, who was arrested last night and is currently being detained at MCC, and is expected to be presented on an indictment tomorrow. His attorney, (b)(6), (b)(7)(C) has represented him in the past, and represents him in connection with our case and has been in touch with us throughout the weekend. He went to MCC today to meet with him in advance of the presentment tomorrow, but was just told he is not allowed in because he is from out-of-state.

We're concerned about the defendant not having access to his attorney in advance of the presentment (as we would be for any defendant) and so I wanted to reach out to you—is it at all possible to address this issue so (b)(6), (b)(7)(C) can meet with his client this evening? I'm available anytime at (b)(6), (b)(7)(C) to discuss, if that's helpful, or (b)(6), (b)(7)(C) can also be reached directly at (b)(6), (b)(7)(C) if that's easier (though if you reach out directly to him if you could please just let me know afterward I'd be grateful).

thanks very much,

Here is the approved response:

For privacy and safety and security reasons, the Bureau of Prisons (BOP) does not release information on an individual inmate's conditions of confinement. However, we can share that Jeffrey Edward Epstein is currently located at the Metropolitan Correctional Center (MCC) New York.

Re: EPSTEIN, Jeffrey, Federal Register No. 76318-054
United States v. Jeffrey Epstein, 19-cr-00490-RMB

Dear Chief Judge McMahon and Judge Berman:

I am writing to notify the Court of the death of Jeffrey Epstein, who passed away Saturday, August 10, 2019, at around 7:37 a.m.

Mr. Epstein had been found unresponsive in his cell in the Special Housing Unit at around 6:30 am from an apparent suicide at the Metropolitan Correctional Center (MCC) in New York, New York. Responding staff immediately initiated life-saving measures and requested emergency medical services (EMS), by whom Mr. Epstein was transported to a local hospital for treatment of life-threatening injuries. Mr. Epstein was pronounced dead at the New York Presbyterian-Lower Manhattan Hospital in New York, New York.

At this time, there are no preliminary reports identifying the exact cause of death. An autopsy is pending, and we expect to have more information as to the cause of death from the medical examiner in the near future. The Federal Bureau of Investigation (FBI) is actively investigating the incident. In addition to the FBI's investigation, the Attorney General has requested that the Department of Justice Office of the Inspector General look into the matter as well.

MCC New York will provide an update to the Court as soon as the autopsy is completed and the official cause of death is determined. If you have any questions or concerns, please feel free to call me at (646)836-7700. Thank you for your time and attention to this matter.

Sincerely,

Lamine N'Diaye
Warden

Hello,

I'm a reporter with BuzzFeed News. I'm reaching out because we suspect one of the paramedics involved in responding the Jeffrey Epstein call posted information online before it was reported in the mainstream media.

We were able to view posts on the website 4chan, frequented by far-right trolls, that were published a full 45 minutes before ABC news first reported Epstein's death. I'd like to send you the posts to verify whether the information in them is correct and whether it could have come to your team but in addition to that, do you have any statement on the situation?

Thank you,

This is a heads up that our public affairs office, IPPA leadership, and the Director's office drafted a statement for all Epstein inquiries today that DOJ's public affairs folks are now reviewing. USMS will also see it because they are getting media inquiries and called me. And DOJ's Legislative Affairs team as well as BOP's legislative affairs folks are getting Congressional interest (Members' offices saying we should take better care of him, etc.).

The final response to media that will be approved by DOJ should be given to me within the hour and I will send it out to more than 30 reporters who've emailed me. I'll give the response to (b)(6), (b)(7)(C) who can give it to media who've contacted him in Lee's absence (Lee also has been in touch with me to be sure I have all I need).

Kim Kardashian visited the District of Columbia Correctional Treatment Facility this week to speak with inmates about a topic on which the media mogul has increasingly become an advocate: criminal justice reform. The D.C. Department of Corrections shared photographs of the reality star's visit via Twitter on Wednesday. Kardashian discussed prison reform with a group of incarcerated men and women, the department said. She also spoke about the Georgetown Prison Scholars Program, a higher education initiative at the jail.

Gentlemen. Do you have time for a quick update call before I leave for my trip with the AG?

Does 12 noon work? If there is something new and pressing, we can do a call earlier.

Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges against (b)(6), (b)(7)(C).
(b)(6), (b)(7)(C) I've spoken to an AFGE union official and (b)(6), (b)(7)(C) defense attorney. The story will run over the weekend so I'd appreciate a response by COB today.

The thrust of the story is that morale has plummeted at the facility in the wake of the falsification of documents charges. Morale was already bad because of staffing issues. The story will also note that the facility itself is in very bad shape and that, according to people I spoke to, there has not been a hiring surge or any major reforms in the wake of Jeffrey Epstein's suicide.

Has any money been allocated for improving MCC as a facility since Epstein's death?

Has there been a hiring surge since Epstein's suicide?

Any changes in BOP policies following Epstein's suicide?

Is it correct that Noel and Thomas were responsible for roughly 50 to 70 inmates the night of the suicide?

What is the attrition rate for BOP correctional officers? What's the average length of time a person stays in the job? (NYC-area would be best if it's available.)

Can you share anything supervisors at MCC have told the rank and file in the wake of these charges?

What's the message to overworked, disgruntled correctional officers?

Thank you,

I hope this finds you well. My name is (b)(6), (b)(7)(C) and I'm a reporter with The New York Times. I'm sorry to reach out out of the blue, but at NYT we are working on a story about MCC and what happened to Jeffrey Epstein. We're trying to learn a little more about the prison and how it works internally (I hear there have been some issues with staffing, overtime etc), and I was wondering if you might be free for a quick chat on background (meaning that I will not use your name in any article, or anything that could identify you). I'd just like to learn a bit more about the prison itself -- there are a lot of rumors flying around, as you know, and we'd like to be able to speak in concrete terms about the prison from people who know it best. Please let me know if you're free or give me a ring: 212-556-(b)(6), (b)(7)(C)

Good morning (b)(6), (b)(7)(C)

I spoke with folks here and confirmed we can proceed under our usual procedure for releasing medical/psych records to defense counsel. Accordingly, please send me a cover letter confirming you're defense counsel of record, the attached certification of identity, and a Rule 17 subpoena (no need to be so-ordered; a clerk's subpoena is fine). Normally we would require a HIPAA release as well, but privacy rights don't survive death in this context. Once I receive the certification, letter, and subpoena,, I will have the USAO's Civil Division authorize the records release as wall counsel pursuant to *United States ex rel. Touhy v. Regan*, 340 U.S. 462 (1951) and the associated regulations.

Please let me know if you have any questions/concerns.

Hugh,

1. The attached spreadsheet has three tabs with counts on Attempts, Self Harm and Placement on Suicide Watch for all of our institutions between 2014-2018 and it was shared with IPPA.

2. This is a reporter's question sent to IPPA along with our response and my recommendation for adding more information.

(4) Also, does BOP have any special initiatives under way to help reduce the numbers? What is BOP's response to the union's contention staffing shortages is at the root of the problem?

Hi there,

I'm writing a piece for the site Gothamist about conditions at MCC. See allegations below, compiled from defense attorneys, current prisoners and their loved ones. Please send comment ASAP if you would like to respond.

(b)(6), (b)(7)(C)

- that some cells in the facility are covered in mold
- that some cells in the facility have separate spouts for hot and cold water, making it impossible for prisoners to take showers at a reasonable temperature
- that prisoners at MCC are treated with disdain. They "be lucky if they were treated like dirt under somebody else's shoe, but they're not even treated that well," said one lawyer
- that overcrowding, understaffing and underresourcing are grave problems at the facility ("whether its people who are suicidal, people who need medical care, people who need psychiatric care, people who need spiritual guidance or religious accommodation, people who need programming, so they don't just get warehoused there - all of that is lacking.")
- that in the spring of 2019, toilets on the women's floor at MCC flooded, and the women were forced to clean up the feces themselves

Good afternoon! We understand two employees of the Metropolitan Correctional Center in Manhattan are about to be charged re: lapses the night of Jeffrey Epstein's death.

Are you representing either of them in the criminal matter? If not, who is? We'd like to reach out of fairness and to ensure we are separating fact from rumors.

Any guidance/point in the right direction would be most appreciated.

Below is the definition of Psychological Observation provided by (b)(6); (b)(7)(C) Chief Psychologist. He will remain on Psychological Observation until tomorrow, where he will be reassessed.

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

He has a pending incident report for Self-Mutilation and therefore, he will return to the Special Housing Unit (SHU) and will be celled with inmate (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

His case has been highly publicized and he is in SHU because he requested Protective Custody.

Below is the definition of Psychological Observation provided by (b)(6); (b)(7)(C) Chief Psychologist. He will remain on Psychological Observation until tomorrow, where he will be reassessed.

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

He has a pending incident report for Self-Mutilation and therefore, he will return to the Special Housing Unit (SHU) and will be celled with inmate (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

His case has been highly publicized and he is in SHU because he requested Protective Custody.

Below is the definition of Psychological Observation provided by (b)(6); (b)(7)(C) Chief Psychologist. He will remain on Psychological Observation until tomorrow, where he will be reassessed.

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

He has a pending incident report for Self-Mutilation and therefore, he will return to the Special Housing Unit (SHU) and will be celled with inmate (b)(6); (b)(7)(C)

Hi, I know you are busy. Following up on this. Also wondering about a few details I see out there:

was this already known? In addition, the jail had transferred his cellmate and allowed Mr. Epstein to be housed alone in a cell just two weeks after he had been taken off suicide watch, a decision that also violated the jail's normal procedure, two officials said.

1. When was Epstein taken off suicide watch?
2. How long was he on suicide watch?
3. What unit in the jail was he housed?
4. Was he by himself?
5. What's protocol for watching him at 6:30 in the morning? And in general during a 24 hour period?
6. Is there an internal investigation? Are the guard(s) and/or supervisors placed on modified duty/or some sort of restricted duty while there is an ongoing investigation?
7. Are there surveillance cameras? If so what do they show?
8. What did he use to hang himself?

Below is the definition of Psychological Observation provided by (b)(6); (b)(7)(C) Chief Psychologist. He will remain on Psychological Observation until tomorrow, where he will be reassessed.

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

He has a pending incident report for Self-Mutilation and therefore, he will return to the Special Housing Unit (SHU) and will be celled with inmate (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

His case has been highly publicized and he is in SHU because he requested Protective Custody.

Good morning: Same presentation today, but he said he thinks his memory for the incident (injury to his neck) may be impaired because of his sleep apnea. He is supposed to get his CPAP machine today. He is aware he will be returning to SHU, but said he is feeling unwell due to his inability to sleep and numbness in his arm. He requested to have one good night of sleep with his CPAP and will return to SHU with a cellmate tomorrow. (b)(7)(A) I told him he can stay down one more night to receive his CPAP and a good night's sleep, but that he would be returned to SHU tomorrow. It was explained that there is no mental health issues precluding him from returning to SHU tomorrow and that we could not house him in the SW/Hospital area because (b)(7)(A) or more comfortable for him. (b)(7)(A) He will remain on psychological observation today and will transition to the SHU tomorrow. Thank you, (b)(6); (b)(7)(C)

AW Skipper-Scott,

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse (b)(6); (b)(7)(C) saw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse (b)(6); (b)(7)(C)

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Thanks,

Hello,

Epstein is pending a Code 228, Tattooing or Self-Mutilation and I spoke with (b)(6); (b)(7)(C) who indicated that most likely he will be found competent because he is not mentally ill. (b)(7)(A)

(b)(6); (b)(7)(C)

Therefore, he will be pending a UDC hearing. Should he return to SHU, he will be housed with inmate (b)(6); (b)(7)(C) is a 54-year-old White Male. He is a Pretrial inmate on a Supervised Release Violation for Failure to Register as Sex Offender. He is refusing to go to general population.

The other inmates in SHU were reviewed for a possible cell mate, however, inmate (b)(6); (b)(7)(C)

Below is the definition of Psychological Observation provided by (b)(6); (b)(7)(C) Chief Psychologist. He will remain on Psychological Observation until tomorrow, where he will be reassessed.

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug

serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

He has a pending incident report for Self-Mutilation and therefore, he will return to the Special Housing Unit (SHU) and will be celled with inmate (b)(6); (b)(7)(C)

Good morning: Same presentation today, but he said he thinks his memory for the incident (injury to his neck) may be impaired because of his sleep apnea. He is supposed to get his CPAP machine today. He is aware he will be returning to SHU, but said he is feeling unwell due to his inability to sleep and numbness in his arm. He requested to have one good night of sleep with his CPAP and will return to SHU with a cellmate tomorrow. (b)(7)(A)

I told him he can stay down one more night to receive his CPAP and a good night's sleep, but that he would be returned to SHU tomorrow. It was explained that there is no mental health issues precluding him from returning to SHU tomorrow and that we could not house him in the SW/Hospital area because (b)(7)(A) or more comfortable for him. (b)(7)(A) He will remain on psychological observation today and will transition to the SHU tomorrow. Thank you, (b)(6); (b)(7)(C)

AW Skipper-Scott,

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse (b)(6); (b)(7)(C) saw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse (b)(6); (b)(7)(C)

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Thanks,

AW Skipper-Scott,

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse (b)(6); (b)(7)(C) saw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse (b)(6); (b)(7)(C)

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Thanks,

Below is the definition of Psychological Observation provided by (b)(6); (b)(7)(C) Chief Psychologist. He will remain on Psychological Observation until tomorrow, where he will be reassessed.

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

He has a pending incident report for Self-Mutilation and therefore, he will return to the Special Housing Unit (SHU) and will be celled with inmate (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

His case has been highly publicized and he is in SHU because he requested Protective Custody.

Below is the definition of Psychological Observation provided by (b)(6); (b)(7)(C) Chief Psychologist. He will remain on Psychological Observation until tomorrow, where he will be reassessed.

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

He has a pending incident report for Self-Mutilation and therefore, he will return to the Special Housing Unit (SHU) and will be celled with inmate (b)(6); (b)(7)(C)

Below is the definition of Psychological Observation provided by [REDACTED] Chief Psychologist. He will remain on Psychological Observation until tomorrow, where he will be reassessed.

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

He has a pending incident report for Self-Mutilation and therefore, he will return to the Special Housing Unit (SHU) and will be celled with inmate [REDACTED]

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Hello,

Epstein is pending a Code 228, Tattooing or Self-Mutilation and I spoke with (b)(6); (b)(7)(C) who indicated that most likely he will be found competent because he is not mentally ill. (b)(7)(A)

(b)(7)(A)

(b)(7)(A) Therefore, he will be pending a UDC hearing. Should he return to SHU, he will be housed with inmate (b)(6); (b)(7)(C) is a 54-year-old White Male. He is a Pretrial inmate on a Supervised Release Violation for Failure to Register as Sex Offender. He is refusing to go to general population.

The other inmates in SHU were reviewed for a possible cell mate, however, inmate (b)(6); (b)(7)(C) were determined the appropriate candidates as cell mates. However (b)(6); (b)(7)(C) releases on July 26, 2019. He is also the current cell mate of inmate (b)(6); (b)(7)(C)

We are still reviewing cases in the general population for a possible cell mate.

If I haven't addressed your questions, please call me and let me know. Thanks.

Below is the definition of Psychological Observation provided by (b)(6); (b)(7)(C) Chief Psychologist. He will remain on Psychological Observation until tomorrow, where he will be reassessed.

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug

serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

He has a pending incident report for Self-Mutilation and therefore, he will return to the Special Housing Unit (SHU) and will be celled with inmate [REDACTED]

PSYCHOLOGICAL RECONSTRUCTION OF INMATE DEATH

This is an interim report, due to an inability to gather all necessary data. Formal interviews were not conducted as a part of this reconstruction to avoid interference with pending investigations by other Department of Justice components. A copy of the video is normally made by Special Investigative Staff following a significant incident, but there was no such video in this case since the original video was confiscated by the Federal Bureau of Investigation (FBI) prior to the beginning of this reconstruction. The absence of these two sources of information severely limited the ability to establish accurate timelines, confirm subjective reports, establish converging and diverging lines of facts, or discover new areas of inquiry. As a result, information typically gathered, reviewed and consolidated during a reconstruction to support actionable findings and recommendations is limited.

Name: Jeffrey Epstein
Register Number: 76318-054

Date of Death: 08-10-2019

Prepared by: (b)(6); (b)(7)(C) National Suicide Prevention Coordinator,
Psychology Services Branch, Central Office

BACKGROUND INFORMATION

Mr. Jeffrey Epstein was a 66-year-old, White male who died on August 10, 2019, while housed at the Metropolitan Correctional Complex (MCC), in New York, New York. James C. Wills, former Acting Assistant Director, Reentry Services Division, appointed a team to conduct a psychological reconstruction. The team consisted of (b)(6); (b)(7)(C), National Suicide Prevention Coordinator, Central Office; (b)(6); (b)(7)(C), Sex Offender Treatment Programs Coordinator, Central Office; (b)(6); (b)(7)(C), Mental Health Treatment Coordinator, Central Office; and (b)(6); (b)(7)(C), Correctional Services Administrator, Northeast Regional Office. This reconstruction was established in accordance with Bureau of Prisons' (BOP) Program Statement 5324.08, Suicide Prevention Program.

Social History: Mr. Epstein did not have a Pre-Sentence Report (PSR) available at the time of the reconstruction; therefore, no official information regarding social history was accessible. The following was gathered from publicly available documents. Mr. Epstein was born in 1953 and grew up in a middle-class family in the neighborhood of Sea Gate on Coney Island, Brooklyn, New York, with one brother. After early promotion in two grades, Mr. Epstein graduated from Lafayette High School in 1969, at the age of 16. He attended Cooper Union and New York University but did not graduate from either. Mr. Epstein taught at the Dalton School, a private school on the Upper East Side of Manhattan from September 1974 until he was

dismissed in June 1976 for inadequate development as a teacher. Following that, he held a number of positions in the financial industry to include a position as a limited partner at Bear Stearns until he was dismissed for unknown policy violations in 1981. He also worked as a financial consultant and founded at least two separate companies.

Mr. Epstein had two significant periods of employment. The first of these was his position as a consultant with (b)(6); (b)(7)(C) in the late 1980s. (b)(6); (b)(7)(C) was described as his first mentor. (b)(6); (b)(7)(C) was later convicted and incarcerated for running a large Ponzi scheme. He implicated Mr. Epstein in fraudulently diverting company funds for his own personal use. Years later (b)(6); (b)(7)(C) Mr. Epstein's sole client at J. Epstein and Company, granted him power of attorney over his affairs. Despite also being identified as (b)(6); (b)(7)(C) mentee, Mr. Epstein was again accused of misappropriating funds—more than 46 million dollars. These large sums are believed to be the seed money Mr. Epstein used to establish his considerable fortune. These events are indicative of Mr. Epstein's highly-regarded intelligence and charismatic personality.

Legal History: Mr. Epstein had a history of adult criminal charges and convictions. In June 2008, he entered into a non-prosecution agreement and pleaded guilty to one count Solicitation of Prostitution and one count Procuring a Person Under the Age of 18 for Prostitution in the state of Florida. He was sentenced to 30 months: 18 months of incarceration and 12 months of probation. He was also mandated to register as a sex offender under the National Sex Offender Registration and Notification Act. Mr. Epstein served 13 of his 18-month incarceration and then successfully completed 12 months of probation. It is unclear whether he followed the sex offender registration guidelines in each place he owned a residence.

In regard to pending charges, Mr. Epstein was formally charged with Sex Trafficking Conspiracy in violation of 18 U.S.C. § 371 and Sex Trafficking in violation of 18 U.S.C. § 1591(a), (b) (2), 2 on July 2, 2019. Specifically, he was accused of sexually exploiting and abusing minor females over the course of several years. Charging documents allege Mr. Epstein enticed and recruited minor females to engage in sexual activity. The minor females were reportedly compensated with cash following the sexual encounters and some were encouraged to find other minor females to accompany them to Mr. Epstein's residences in New York or Florida. He pleaded not guilty to these charges and was in pretrial status at the time of his death.

In a 37-page Decision & Order Remanding the Defendant, signed by Judge Richard M. Berman on July 18, 2019, 18 pages were dedicated to detailing the danger Mr. Epstein posed to others and the community. The document also alleged he was a flight risk. As a result, Mr. Epstein's proposed bail package was determined to be inadequate. He was denied pretrial release and held on remand.

Institutional History: On July 6, 2019, Mr. Epstein was arrested at Teterboro Airport in New Jersey upon his return from Paris, France. It is unknown whether he was anticipating this arrest. He was transported to MCC New York and keyed into SENTRY at 9:24 p.m. that evening. Mr. Epstein was placed in a general population housing unit for approximately 22 hours. On July 7, 2019, at approximately 7:20 p.m. he was moved to the Special Housing Unit (SHU) pending reclassification due to the significant increase in media coverage and awareness of his notoriety among the inmate population.

With regard to his adjustment to a correctional setting, Mr. Epstein received one incident report while in BOP custody for Self-Mutilation on July 23, 2019. As of August 15, 2019, the incident report had been expunged though it is unclear why it had been expunged and whether Mr. Epstein knew this. Also, a review of financial transactions associated with Mr. Epstein's prison account revealed one of his attorneys was depositing funds into his cellmate's (inmate Reyes) commissary account for unknown reasons.

HEALTH CARE AND PERSONALITY DESCRIPTION

BOP Electronic Medical Records (BEMR) indicate Mr. Epstein was diagnosed with hyperlipidemia, sleep apnea, hypertension, constipation, prediabetes, neuralgia, and neuritis unspecified. He was prescribed the following medications: docusate sodium, milk of magnesia, omega 3, methylprednisone, and bisacodyl. Mr. Epstein was also prescribed insulin, and the prescription required him to go to the institution pharmacy for administration of this medication. However, the dates for which it was prescribed have a notation indicating "dose not indicated," thus it does not appear insulin was routinely medically necessary. The rest of the medications prescribed were self-carry. He also had a continuous positive airway pressure (CPAP) machine which is typically used to treat sleep apnea. Mr. Epstein was provided with his personal CPAP machine on July 30, 2019, per BEMR.

In regard to mental health history and treatment, there are no known available records. Any records that may have been maintained relating to Mr. Epstein's incarceration in Florida were not available for review as of the date of this report. With regard to Psychology Data System records in BEMR (PDS-BEMR), (b)(6); (b)(7)(C) Forensic Psychologist at MCC New York completed a routine Intake Screening on July 8, 2019. During this screening, Mr. Epstein denied any history of mental health problems, substance abuse, and treatment. No symptoms of mental illness were observed. He was classified as Mental Health Care Level 1 and was not diagnosed with a mental illness.

Following a consultation with (b)(6); (b)(7)(C) National Suicide Prevention Coordinator on July 8, 2019, (b)(6); (b)(7)(C) Chief Psychologist at MCC New York determined Mr. Epstein should be pre-emptively evaluated for suicide risk upon his return from court. Primary consideration was given to his various risk factors for suicide such as his high profile case and media attention, pending sex offense charges, pre-trial status, and an ongoing court proceeding. Mr. Epstein returned from court on July 8, 2019, after normal business hours. He denied suicidal

thoughts at that time, but due to the potential for other risk factors listed above, the on-call psychologist placed Mr. Epstein on Psychological Observation in one of the suicide watch cells until he could be assessed in person by a BOP psychologist. Psychological Observation is a form of individual monitoring that is less restrictive than Suicide Watch. It is used for inmates who are stabilizing and not yet prepared for placement in general population or restrictive housing. It is often used to transition inmates off of Suicide Watch in order to monitor their transition and safety after an acute suicidal crisis. On July 9, 2019, Mr. Epstein underwent a formal, in-person suicide risk assessment with (b)(6); (b)(7)(C). She determined that, while suicide watch was not warranted at that time, Mr. Epstein should remain on Psychological Observation status out of an abundance of caution. He was removed from Psychological Observation on July 10, 2019.

(b)(7)(A)

(b)(7)(A)

He was placed on suicide watch by the Operations Lieutenant at approximately 1:40 a.m. pending a formal in-person suicide risk assessment. (b)(6); (b)(7)(C) Staff Psychologist at MCC New York, assessed Mr. Epstein for risk of suicide later in the morning of July 23, 2019, and determined he should remain on suicide watch. (b)(7)(A)

(b)(7)(A)

Mr. Epstein was removed from suicide watch on July 24, 2019, after 31 hours and 5 minutes. Thereafter, he remained in the suicide watch cell and was placed on Psychological Observation, where he remained housed until July 30, 2019, according to PDS-BEMR records. A discrepancy exists regarding when he was removed from Psychological Observation. His cell assignment, per SENTRY, indicates he was transferred back to the Special Housing Unit (SHU) on July 29, 2019, whereas PDS-BEMR indicates he was removed from Psychological Observation on July 30, 2019, at approximately 8:15 a.m.

Mr. Epstein attended a court hearing on July 31, 2019, and, upon his return, the United States Marshals Service (USMS) provided paperwork to Receiving and Discharge (R&D) staff that noted "suicidal tendencies." (b)(6); (b)(7)(C) was notified on August 1, 2019, about this paperwork. She consulted with (b)(6); (b)(7)(C) and then met with Mr. Epstein to conduct a suicide risk assessment. She determined suicide watch was not warranted at that time.

Mr. Epstein remained classified as a Mental Health Care Level 1 throughout his time at MCC New York. During his contacts with psychologists, Mr. Epstein routinely denied current mental health symptoms to include suicidal ideation, and he did not exhibit symptoms of a serious mental illness. However, there was evidence Mr. Epstein was experiencing challenges

adjusting to his environment and changes in his lifestyle. He reported frequent complaints of difficulty sleeping. He did not have access to his CPAP machine until it was reportedly provided to him on July 30, 2019. Mr. Epstein also reported he was bothered by noise in the SHU. At times, he noted concerns related to his safety in SHU or on a general population housing unit. On two occasions, July 26, 2019, and July 27, 2019, he described himself as a coward and as someone who does not like pain. On July 28, 2019, he told (b)(6); (b)(7)(C) the toilet in his cell would not stop flushing for an extended period of time, and he then took to sitting in the corner with his hands over his ears. Mr. Epstein indicated he was agitated following this incident and was unable to sleep that night.

ANTECEDENT CIRCUMSTANCES

Mr. Epstein entered BOP custody on July 6, 2019, with a history of convictions for sexual offenses and allegations comprised of more serious charges. The current indictment alleged sexual crimes against minors, and he was facing up to 45 years in prison. On July 18, 2019, Mr. Epstein's request for bail and pretrial release was denied.

(b)(7)(A)

(b)(7)(A)

After 31 hours and 5 minutes on Suicide Watch, he was then placed on Psychological Observation. On July 30, 2019, Mr. Epstein was removed from Psychological Observation. (b)(6); (b)(7)(C) sent an e-mail reporting Mr. Epstein had been removed from Psychological Observation and needed to be housed with an appropriate cellmate. This e-mail was sent to 71 MCC New York staff and, as of August 13, 2019, only 27 staff members had opened the message.

On August 9, 2019, a federal court unsealed approximately 2,000 pages of documents into the public domain. These included graphic allegations against Mr. Epstein. Included was a book order receipt for titles such as *SM 101: A Realistic Introduction*; *SlaveCraft: Roadmaps for Erotic Servitude*; and *Training with Miss Abernathy: A Workbook for Erotic Slaves and Their Owners*. Additional high profile public figures were also named in the released documents. The documents were part of a defamation lawsuit filed by Virginia Roberts Giuffre, a woman who alleged Mr. Epstein had victimized her, against a British socialite, Ghislaine Maxwell, who was Mr. Epstein's ex-girlfriend, associate, and alleged to have assisted with his criminal activities. According to staff report, Mr. Epstein was afforded telephone calls on two different days although it is unknown whether they were legal or social calls. No recording of the calls exist and it is not known with whom he was speaking. One occurred on or around July 16, 2019, and the other on August 9, 2019. Legal calls are not monitored, and would not be recorded. A social call would be recorded; given the limited information known about Mr. Epstein, knowledge of the content of any social calls would have been crucial to helping staff work with him.

Following his final telephone call on the evening of August 9, 2019, Mr. Epstein was moved into his SHU cell. He was single-celled at that time because his cellmate (Efrain Reyes #85993-054)

did not return from court. The need for a cellmate was communicated between Day Watch (DW) and Evening Watch (EW) shifts in the SHU, but no cellmate was placed with him by the EW staff. According to a memorandum from Senior Officer Specialist (b)(6); (b)(7)(C) SHU staff were informed at approximately 1:50 p.m. that Mr. Epstein's cellmat would likely not return from court. Furthermore, Officer (b)(6); (b)(7)(C) noted Mr. Epstein would need a cellmate upon arrival from his attorney visit.

A review of the 30-minute rounds forms indicate unit rounds were completed for the entire MW shift on August 10, 2019. However, a memorandum from Lieutenant (b)(6); (b)(7)(C) indicates Officer (b)(7)(A) and Material Handler Supervisor (b)(7)(A) made a statement after Mr. Epstein's death that they did not complete proper 30-minute rounds at 3:00 a.m. or 5:00 a.m.

DESCRIPTION OF SCENE

A detailed description of the scene was unavailable because the officers who discovered Mr. Epstein did not write memorandums and could not be interviewed. According to the Report of Incident, on August 10, 2019, at approximately 6:33 a.m., while serving the breakfast meal in the SHU, Range 9 South, Mr. Epstein was found unresponsive in his cell. Staff reportedly called for medical assistance, activated the (b)(7)(E); (b)(7)(F) and began life-saving measures. Arriving staff stated they brought an automated external defibrillator (AED) and stretcher. Cardiopulmonary resuscitation (CPR) reportedly continued while the AED was placed on Mr. Epstein. The AED reportedly indicated no shock advised and CPR was continued. Mr. Epstein was escorted to Health Services at approximately 6:39 a.m., and Emergency Medical Services (EMS) arrived at 6:43 a.m. He was transported to the local hospital at approximately 7:10 a.m. Mr. Epstein was pronounced deceased at 7:36 am. It was not possible to confirm this timeline without viewing video footage.

CONCLUSIONS/RECOMMENDATIONS

A general appreciation of risk factors for suicide specific to sex offenders is necessary when reviewing Mr. Epstein's death. These factors, as well as more general risk factors for suicide, were likely present. There are several common factors that increase risk for suicide in individuals with a history of a sexual offense. These include stigma due to the nature of sexually-based crimes (both within society and the prison system), a disruption of the ability to utilize sex as a coping mechanism (which can lead to increased levels of distress and negative affect), and grief about loss experienced in regards to arrest. This grief may be secondary to the loss of former lifestyle, loss of physical items or collections related to sexual offenses, and/or the loss of perceived relationships with victims. Other factors that may increase risk for suicide among individuals accused of a sex offense include safety concerns, potentially long sentences, and lack of skills necessary to navigate social relationships in prison.

Mr. Epstein was a high-profile, pretrial detainee awaiting trial on sex trafficking offenses. He had been a successful, wealthy businessman with a number of high-profile acquaintances that he accumulated through a combination of charisma, charm, and intelligence. Despite his many associates, he had limited significant or deep interpersonal ties. Although Mr. Epstein appeared

to cultivate a large social and professional network, he was estranged from his only brother. Indeed, his identity appeared to be based on his wealth, power, and association with other high-profile individuals. (b)(7)(A)

(b)(7)(A)

(b)(7)(A)

In the weeks before his death, he made statements that he was “a coward” and was having difficulty adapting to his diminished circumstances. He also frequently referenced poor sleep and an inability to tolerate the noise of prison. On the day before his death, a number of documents in his case were unsealed, further eroding his previously-enjoyed elevated status and potentially implicating some of his associates. The lack of significant interpersonal connections, a complete loss of his status in both the community and among associates, and the idea of potentially spending his life in prison were likely factors contributing to Mr. Epstein’s suicide.

The following recommendations concern institution operations:

1. Single Celling: (b)(5)

(b)(5)

2. Rounds: 30-minute rounds are required by P5500.14, Correctional Services Procedures Manual.

3. Cellmate Assignments: When Mr. Epstein was placed in SHU on July 7, 2019.

(b)(7)(A)

(b)

(b)(7)(A)

In an effort to treat Mr. Epstein the same as other inmates, a statement repeated by multiple staff, Executive Staff may have inadvertently overlooked the need to consider unique risk factors associated with individuals who have been charged with and convicted of a sex offense. On July 25, 2019, (b)(6); (b)(7)(C) sent an e-mail to Shirley Skipper-Scott, Associate Warden explaining a consultation between (b)(6); (b)(7)(C) and (b)(6); (b)(7)(C) National Suicide Prevention Coordinator. In the e-mail, (b)(6); (b)(7)(C)

reviewed the consult and recommendation from the Psychology Services Branch, Central Office that Mr. Epstein be housed with another inmate who had also been accused of committing a sex offense. There is no evidence this information was considered beyond this e-mail, and Mr. Epstein was never housed with another inmate charged or convicted of a sexual offense.

(b)(5)

4. Documentation Accuracy: (b)(7)(A)

(b)(7)(A)

(b)(7)(A)

It is critical that all descriptions of the incident accurately reflect objective evidence.

(b)(7)(A)

(b)(7)(A)

Although the incident report was later expunged, inmates frequently experience significant stress when they contemplate the potential consequences associated with findings of guilt.

(b)(6); (b)(7)(C)

entered a Psychology Services Intake Screening into PDS-BEMR on July 8, 2010. The document has three typographical errors. She selected the No Sexual Offense Convictions check box when, in fact, Mr. Epstein was previously convicted of Solicitation of Prostitution and Procuring a Person Under the Age of 18 for Prostitution. Second, Mr. Epstein was erroneously identified as a Black male in this document. Finally, there is one instance where he was mistakenly referred to as (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C) completed a Risk of Sexual Abusiveness document on July 8, 2019. She marked "History of prior prison sexual predation" in the affirmative. This is not accurate.

(b)(6); (b)(7)(C) Mid-Level Practitioner, completed a History and Physical on July 9, 2019. An Intake Screening should have been conducted within 24 hours of his entry into Bureau custody which was on July 6, 2019, according to P6031.04, Patient Care.

Officer (b)(6); (b)(7)(C) was responsible for observing Mr. Epstein and documenting his behavior while on suicide watch on July 23, 2019. Officer (b)(6); (b)(7)(C) mistakenly used a Suicide Watch Log Book intended for inmate companion documentation between 1:40 a.m. and 6:00 a.m. on July 23, 2019, when he should have been using the Staff Suicide Watch Log Book. (b)(6); (b)(7)(C) Drug Treatment Specialist, reportedly noticed this error and subsequently hand copied all of Officer (b)(6); (b)(7)(C) entries from 1:40 a.m. to 6:00 a.m. into a Staff Suicide Watch Log Book. She then initialed these entries, and this makes it appear as if she was the one conducting the watch. This information was discovered and conveyed in an e-mail from Ms. Charisma Edge, Associate Warden to (b)(6); (b)(7)(C) with a carbon copy to Warden N'Diaye on August 12, 2019. Of note, (b)(6); (b)(7)(C) did not make an entry explaining why she was making the log book changes. Additionally, (b)(6); (b)(7)(C) then wrote entries for 6:15, 6:30, 6:45 and 7:00 a.m. in the Staff Suicide Watch Log Book. These were not a part of the original entries made by Officer (b)(6); (b)(7)(C) nor was (b)(6); (b)(7)(C) assigned to work the Suicide Watch post. Due to the inability to interview staff at this time, it is unknown why (b)(6); (b)(7)(C) attempted to correct Officer (b)(6); (b)(7)(C) error, or made any of the subsequent log entries. It is recommended that if a staff member makes an entry error (e.g., writes in the incorrect suicide watch log book), the staff member should describe the error in the correct log book, to include indicating when they became aware of the error. The staff member should then notify the Chief Psychologist.

A review of Special Housing Unit Records (BP-A0292) revealed a number of incomplete entries. This document is used to monitor provision and receipt of basic services such as recreation, medical rounds, showers, meal consumption, etc. The Officer in Charge signature is missing on 10 occasions and a medical provider's signature is missing in seven instances. There are six instances in which it is not clear if Mr. Epstein ate his meal. There are nine instances in which it is not clear if Mr. Epstein took a shower. There are ten instances in which it is not clear if Mr. Epstein was offered recreation. P5500.15, Correctional Services Manual requires accurate and complete information on the BP-A0292.

A review of Psychology Observation Log Books revealed significant discrepancies from the approved Psychological Observation Procedural Memorandum, dated April 15, 2019. A Correctional Officer is required to complete hourly rounds and sign the log book; 179

out of 183 round signatures were missing. The lieutenant is required to sign the log book one time per shift and signatures were missing in 10 of 23 instances. A Physician Assistant is required to sign one time per shift and 16 of 16 instances were missing. (b)(5)

(b)(5)

5. Telephone Calls: In a PDS-BEMR note written by (b)(6); (b)(7)(C) on July 16, 2019, she was informed by an unnamed staff member that a lieutenant facilitated two telephone calls for Mr. Epstein. It is unknown when and to whom these calls were placed and no evidence that they took place on a monitored telephone.

According to a memorandum from Unit Manager (b)(6); (b)(7)(C) on August 10, 2019, Mr. Epstein terminated his legal visit early on August 9, 2019, in order to place a telephone call to his family (b)(6); (b)(7)(C) who was the Institutional Duty Officer that week) escorted Mr. Epstein to SHU around 7:00 p.m. that evening and he was placed in the shower area on G tier. While there, he was provided the telephone to make a call. Since Mr. Epstein reportedly did not have his PAC or PIN number, which is required to use the inmate telephone system, the Unit Manager placed the call, dialing a number that reportedly began with area code 347. Mr. Epstein told (b)(6); (b)(7)(C) he was calling his mother who, according to public records, has been deceased since 2004.

(b)(5)

6. Direct Observation: Mr. Epstein was on suicide watch from July 23, 2019, until July 24, 2019. While on suicide watch on July 23, 2019, Mr. Epstein attended an attorney visit from approximately 12:40 p.m. until 7:15 p.m. During this time, he was without "direct, continuous observation" by a dedicated BOP staff member as required by P5324.08. While on Psychological Observation, he attended attorney visits on July 24, 2019, for 11.25 hours; on July 25, 2019, for 11.25 hours; on July 26, 2019, for 9.25 hours; on July 27, 2019, for 11.33 hours; on July 28, 2019, for 10.5 hours; and on July 29, 2019, for 8 hours. On July 30, 2019, Psychology Observation was terminated. During these visits, continuous observation by a dedicated BOP staff member was not maintained as required by MCC New York's Procedural Memorandum for Psychological Observation.
7. Follow-Up: Mr. Epstein arrived at MCC New York on Saturday, July 6, 2019. While conducting the 10:00 p.m. institution count that evening, (b)(6); (b)(7)(C) Facilities Assistant reported she observed Mr. Epstein in his cell. In an e-mail she sent to Drs. (b)(6); (b)(7)(C) and (b)(6); (b)(7)(C) and Lieutenant (b)(6); (b)(7)(C) Medina later that evening, she described Mr. Epstein as "distracted, sad and a little confused." She said she then asked Mr. Epstein if he was

okay, and he reportedly said he was. However, (b)(6); (b)(7)(C) noted in her e-mail she was not convinced of this, adding, "He seems dazed and withdrawn." She went on to say, "So just to be on the safe side and prevent any suicidal thoughts can someone from Psychology come and talk with him." Despite the fact that Lieutenant (b)(6); (b)(7)(C) opened the e-mail there is no evidence that he contacted the on-call psychologist as is required by P5324.08, Suicide Prevention Program. Additionally, if (b)(6); (b)(7)(C) was concerned about suicide risk, P5324.08, Suicide Prevention Program, requires her to maintain direct, continuous observation of Mr. Epstein. When (b)(6); (b)(7)(C) opened the e-mail the following Monday morning, Mr. Epstein was evaluated by (b)(6); (b)(7)(C) at approximately 9:30 a.m.

Mr. Epstein was denied bail on Thursday, July 18, 2019. This was a significant disappointment for Mr. Epstein and likely challenged his ability and willingness to adapt to incarceration. Given the potential impact of the judge's decision, a psychologist should have assessed Mr. Epstein's mental status upon his return to the institution. The BOP developed a SENTRY assignment of PSY ALERT for purposes such as this. Specifically PSY ALERT is used "to ensure, if movement occurs, that all staff consider the special psychological and management-related risks associated with the inmate." Furthermore, P5324.07, SENTRY Psychology Alert Function states, "When a decision to move [any PSY ALERT] inmate occurs, any special psychological needs of the inmate are reviewed and considered by Psychology Services staff [and] any safety and security concerns are highlighted for non-Psychology Services staff." (b)(5)

(b)(5)

(b)(5)

Both of these groups of inmates are susceptible to exaggerated or unrealistic fears about correctional settings and experience stress associated during movement and periods of transition (e.g., cell/unit changes, movement to and from court, institutional movement, and release of information through the media).

Mr. Epstein was reportedly in court on July 31, 2019. It is unknown what time he departed or returned to MCC New York because this information was not entered in SENTRY. Regardless, upon his return, the United States Marshals Service (USMS) provided R&D staff with a Prisoner Custody Alert Notice regarding Mr. Epstein. The notice indicated Mr. Epstein had "MTL Mental Concerns Suicidal Tendencies." The USMS requested R&D staff sign the form, and they then departed with the signed copy. On August 1, 2019, at 8:46 a.m. (b)(6); (b)(7)(C) sent (b)(6); (b)(7)(C) an e-mail reporting she had just become aware of the above information. In the absence of additional information about this notation, this should have been considered a referral to Psychology Services about a potentially suicidal inmate and procedures should have been followed as outlined in P5324.08, Suicide Prevention Program. Specifically, when a staff member becomes aware an inmate may be thinking about suicide during normal working hours, that staff member must contact Psychology Services and maintain the inmate under direct,

continuous observation until he is placed on Suicide Watch or seen by a psychologist. There is no evidence Mr. Epstein was monitored under these conditions from the time he returned from court until he was seen by (b)(6); (b)(7)(C) for a suicide risk assessment on August 1, 2019, at approximately 1:30 p.m.

8. Inmate Accountability and Assignment Accuracy: According to a SENTRY quarters roster generated on August 10, 2019, at 12:51 a.m., there were three inmates assigned to Mr. Epstein's SHU cell, Z04-206LAD, including him, at the time of his death. However, his SHU cell was only a double occupancy cell. Inmate (b)(6); (b)(7)(C) inmate (b)(6); (b)(7)(C) and Mr. Epstein were all assigned to the same cell. On August 13, 2019, at 12:06 p.m. and 12:08 p.m., a quarters history roster was generated for inmate (b)(6); (b)(7)(C) and (b)(6); (b)(7)(C) respectively. Inmate (b)(6); (b)(7)(C) cell assignment was Z04-206LAD from August 5, 2019, until August 11, 2019, when he was moved to cell Z04-212UAD. Inmate (b)(6); (b)(7)(C) cell assignment was Z04-206UAD from August 1, 2019, until August 11, 2019, when he was moved to cell Z04-207LAD. A quarters history roster was generated for Mr. Epstein on August 13, 2019, at 9:07 a.m. His cell assignment was Z04-206LAD from July 29, 2019, until August 10, 2019.

On Monday, August 12, 2019, photographs of nametags on SHU cell doors and SHU locator forms were sent to the Correctional Service Department in the Northeast Region. The SHU locator form is dated August 9, 2019. It shows inmate (b)(6); (b)(7)(C) in cell 207L (SENTRY states he was moved to this cell on August 11, 2019), inmate (b)(6); (b)(7)(C) in cell 212U (SENTRY states he was moved to this cell on August 11, 2019), inmate Epstein in cell 220L (SENTRY never shows him in this cell) along with inmate Reyes (#85993-054). The locator shows inmate (b)(6); (b)(7)(C) and inmate (b)(6); (b)(7)(C) in cell 206. The photo sheets show the cell being 220 with inmates Epstein and Reyes' identification cards on the door. Inmate Reyes, Efrain, Reg. No. 85993-054 was in cell Z06-220U from August 5, 2019 to August 9, 2019.

MCC New York has four suicide watch cells and each is for single occupancy use. The suicide watch cells are located in Health Services. Each cell is abbreviated with the unit code H01 in SENTRY followed by the four-digit cell number. The doors are identified by a painted number from one to four. Two reviews were conducted. The first revealed Mr. Epstein was in H01-001L according to SENTRY but the Suicide Watch Log Books indicate he was in cell 4. A second review was conducted on August 13, 2019, while there were four inmates on in these cells. SENTRY showed two inmates assigned to H01-001L, one assigned to H01-002L, and the fourth inmate assigned to a general population housing unit. Through physical observation of the dedicated suicide watch cells there were four H01 cells, however a review of the BOPWARE Inmate Housing Format, only shows three cells.

Inmate movement and assignments are not accurately reflected in SENTRY as required by P5500.14, Correctional Service Procedures Manual.

9. Attorney Log Books: Four log books were not secured following Mr. Epstein's death. Specifically, three Attorney Log Books located in the Attorney Visiting and Front Lobby areas and an Inmate Search Log Book located in the Attorney Visiting area were not secured. All four books were still in use at the outset of the reconstruction and after the reconstruction team advised staff to secure them. P5324.08 states, "In the event of a suicide, institution staff, particularly Correctional Services staff, and other law enforcement personnel, will handle the site with the same level of protection as any crime scene in which a death has occurred." This policy further states, "All possible evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction."

Further, a review of the attorney log books identified many errors and signify a systemic concern. For example, there were two concurrently open attorney log books in the Attorney Visiting area. Further, the different purposes of the two attorney log books, one in the Attorney Visit area and one in the Front Lobby, could not be explained. BOP staff were unable to articulate a system of control for the log books, and during the reconstruction, some of the log books could not be accounted for. Within the log books, entries were made out of chronological order, attorneys did not consistently sign in and out, significant information was illegible or missing, columns were not consistently labeled, log book opening and closing dates were inconsistent, and the cover had been torn off of several books. At the current time, these log books are not functioning as an adequate system of control and monitoring.

10. Automatic External Defibrillators: A review of available AEDs in the institution revealed that the list used for accountability and inspection purposes was inaccurate and incomplete.
11. Post Orders & SHU Training: SHU Post Orders Sign-In Sheets were reviewed for the 3rd Quarter, spanning June 9, 2019, to September 7, 2019. Officer (b)(6); (b)(7)(C) failed to sign post orders for SHU #3 post.

Quarterly SHU Training Sign-In Sheets were reviewed. The 2019 3rd Quarter SHU Training was conducted on June 6, 2019. Three staff assigned to the 3rd Quarter SHU Roster in SHU did not attend or receive the SHU Training: Officer (b)(6); (b)(7)(C), Officer (b)(6); (b)(7)(C) and Officer (b)(6); (b)(7)(C).

12. Staffing: The Drug Abuse Program Coordinator position at MCC New York was abolished during Phase I of the staff realignment during fiscal year 2018. Re-establishing

the Drug Abuse Program Coordinator position would provide the institution with an additional supervisory psychologist to provide critical clinical services.

Staffing in the Correctional Services department is relevant to the reconstruction. However, the details about this topic are provided in an After Action Review completed separately from this report.

- 13. Sex Offense Risk Factors:** A broad understanding of risk factors associated with sex offenders, by staff at MCC New York, did not appear to be present in all staff but was vital to his adjustment and safety in prison. (b)(5)

Hello,

Epstein is pending a Code 228, Tattooing or Self-Mutilation and I spoke with (b)(6); (b)(7)(C) who indicated that most likely he will be found competent because he is not mentally ill. (b)(7)(A)

(b)(7)(A)
 (b)(7)(A) Therefore, he will be pending a UDC hearing. Should he return to SHU, he will be housed with inmate (b)(6); (b)(7)(C) is a 54-year-old White Male. He is a Pretrial inmate on a Supervised Release Violation for Failure to Register as Sex Offender. He is refusing to go to general population.

The other inmates in SHU were reviewed for a possible cell mate, however, inmate (b)(6); (b)(7)(C) were determined the appropriate candidates as cell mates. However, (b)(6); (b)(7)(C) releases on July 26, 2019. He is also the current cell mate of inmate (b)(6); (b)(7)(C)

We are still reviewing cases in the general population for a possible cell mate.

If I haven't addressed your questions, please call me and let me know. Thanks.

Below is the definition of Psychological Observation provided by (b)(6); (b)(7)(C) Chief Psychologist. He will remain on Psychological Observation until tomorrow, where he will be reassessed.

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug

serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

He has a pending incident report for Self-Mutilation and therefore, he will return to the Special Housing Unit (SHU) and will be celled with inmate (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

His case has been highly publicized and he is in SHU because he requested Protective Custody.

Re: EPSTEIN, Jeffrey, Federal Register No. 76318-054
United States v. Jeffrey Epstein, 19-cr-00490-RMB

Dear Chief Judge McMahon and Judge Berman:

I am writing to notify the Court of the death of Jeffrey Epstein, who passed away Saturday, August 10, 2019, at around 7:37 a.m.

Mr. Epstein had been found unresponsive in his cell in the Special Housing Unit at around 6:30 am from an apparent suicide at the Metropolitan Correctional Center (MCC) in New York, New York. Responding staff immediately initiated life-saving measures and requested emergency medical services (EMS), by whom Mr. Epstein was transported to a local hospital for treatment of life-threatening injuries. Mr. Epstein was pronounced dead at the New York Presbyterian-Lower Manhattan Hospital in New York, New York.

At this time, there are no preliminary reports identifying the exact cause of death. An autopsy is pending, and we expect to have more information as to the cause of death from the medical examiner in the near future. The Federal Bureau of Investigation (FBI) is actively investigating the incident. In addition to the FBI's investigation, the Attorney General has requested that the Department of Justice Office of the Inspector General look into the matter as well.

MCC New York will provide an update to the Court as soon as the autopsy is completed and the official cause of death is determined. If you have any questions or concerns, please feel free to call me at (646)836-(b)(6);
(b)(7)(C) Thank you for your time and attention to this matter.

Sincerely,

I'll call you separately in a moment, but just in case email is faster, I just received a phone call from defense counsel that a person close to Mr. Epstein received a phone call from an individual named (b)(6); (b)(7)(C) (phonetic) who claimed to be an investigator with the MCC and told the individual that Mr. Epstein's body was ready to be picked up at the hospital and that the individual could make arrangements for retrieval of the body. (b)(6); (b)(7)(C) left his phone number as 646-836 (b)(6); (b)(7)(C)

Can you please confirm whether that individual is in fact with BOP and/or MCC? Defense counsel is understandably concerned that they (and others with connections with Mr. Epstein) are starting to get hoax or otherwise inaccurate information through phone calls and emails. And we would again respectfully but urgently request that if there is information like this that needs to go to representatives for Mr. Epstein, that it come to us so we can pass it along to his counsel with confidence that it is true and accurate.

(Separately, if it is accurate that BOP / MCC is prepared to release Mr. Epstein's body, his defense counsel is extremely concerned about whether that has been enough time for a full autopsy and any other investigative steps, and we would want to confirm that the FBI team addressing this matter has also been informed—but that's only if this is not a hoax, obviously.)

Please advise as soon as possible, as the individual is waiting to know whether they should take steps to retrieve the body.

thank you,

MCC Administrators have been in touch with (b)(6); (b)(7)(C) at the USMS since early this morning. I too have been in touch with (b)(6); (b)(7)(C) since a little after 9 am, at which time I shared the limited information I had. The press release is the sum total of the information we have at this time pending the investigation. I am going into the secure perimeter to see if there is more information to share, but please be advised that some of what I get may be shared with your office but not further since it is an open investigation.

It is frankly unbelievable to me that BOP is issuing public press releases on this before telling us basic information so that we can relay it to his attorneys who can relay it to his family. When can we expect to get either some sort of statement we can pass along to counsel as accurate and reliable or have a call with someone?

I understand from the Marshals that they have been unsuccessful in reaching anyone with authority at BOP, and given the BOP press release that was just put out I assume we need to speak with someone there. Please advise.

Thank you.

 This is the response I am sending the RD. Are you ok with this?

Below is the definition of Psychological Observation provided by [b)(6); (b)(7)(C)], Chief Psychologist. He will remain on Psychological Observation until tomorrow, where he will be reassessed.

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

He has a pending incident report for Self-Mutilation and therefore, he will return to the Special Housing Unit (SHU) and will be celled with inmate [b)(6); (b)(7)(C)]

Hi (b)(6); (b)(7)(C)

I just had a nice chat with (b)(6); (b)(7)(C) from the Florida Sheriff's Office. He was very cooperative and agreed to send us Epstein's PSR and/or any documents that have PSR-like information. He said a lot of the Epstein files were destroyed per their RIDS before Epstein was even arrested here, but he is going to go through whatever documents they have for me. (b)(6); (b)(7)(C) said it would take about a week for him to pull the relevant documents. Once he gathered the documents, he said he would send them to me rather than email them. Apparently Florida has a very open FOIA law and all of his emails are subject to public disclosure (which sounds like a nightmare!). He said he would burn the documents onto a CD and FedEx it to me. (b)(6); (b)(7)(C) I'll be out of the office next week, but he has (b)(6); (b)(7)(C) number. (b)(6); (b)(7)(C) said he would call (b)(6); (b)(7)(C) and give him a heads-up that the mail was forthcoming.

Feel free to give me a ring if you want to discuss further.

Thank you!

Below is the definition of Psychological Observation provided by [b)(6); (b)(7)(C)] Chief Psychologist. He will remain on Psychological Observation until tomorrow, where he will be reassessed.

DEFINITION: A Psychological Observation occurs when an inmate who suffers from a mental illness, a serious personality disorder, a medical problem (impairing their mental status), or drug intoxication and/or withdrawal symptoms begins to deteriorate. The inmate is no longer mentally stable and therefore, it is inappropriate for s/he to remain in general population or the Special Housing Unit (SHU). Inmates placed on psychological observation differ from inmates placed on suicide watch as they are not imminently suicidal (e.g., have not expressed self-harm or engaged in self-harming behavior), but rather, due to his/her impairment in mental status or functioning (e.g., not eating, not sleeping, disorganized/unusual thinking, poor self-care), his/her behavior can be unpredictable. Psychological Observation status is intended as a temporary designation to be utilized until such time as the inmate becomes sufficiently stable (e.g., able to function independently in general population) to be returned to his/her housing assignment or transferred to an inpatient psychiatric facility such as a Federal Medical Center.

He has a pending incident report for Self-Mutilation and therefore, he will return to the Special Housing Unit (SHU) and will be celled with inmate [b)(6); (b)(7)(C)]

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse [b)(6); (b)(7)(C)] saw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse [REDACTED]

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Good afternoon all,

Below please find concerns raised by Epstein's attorneys with legal visiting. To summarize, they are requesting:

- 1) greater access for Epstein using the bathroom during legal visits;
- 2) the 2 social calls he was allegedly promised; and
- 3) the ability to eat his lunch meal in attorney conference.

Please review and advise so that I can respond. Thank you.

Good morning (b)(6); (b)(7)(C)

I tried calling you earlier. My client, Jeffrey Epstein (76318-054) informed me that he had a meeting last Friday with (b)(6); (b)(7)(C) Lieutenant (b)(6); (b)(7)(C) and (b)(6); (b)(7)(C) where (b)(6); (b)(7)(C) told our client that he would be allowed to use the bathroom once every hour on the third floor when meeting his attorneys. Yesterday, Officer (b)(6); (b)(7)(C) told my client and I that he would not be allowed to use the bathroom unless a Lieutenant could come or unless he sees a memo from Lieutenant (b)(6); (b)(7)(C) or (b)(6); (b)(7)(C) allowing the staff to allow our client to use the bathroom. Can (b)(6); (b)(7)(C) or anyone else make this memo available?

Our client also informed us that in that meeting he was told that he was going to have 2 phone calls. So far, no phone calls.

Also, can he be allowed to eat in the client attorney room? He spends all of the day meeting with his legal team and an officer told him that if he wanted to eat, he would have to go back to 9south and then he would not be allowed back downstairs. So for the last few days, he's been eating snacks from the vending machines and no proper meal.

Thank you in advance for your help.

Sincerely,

(b)(6); (b)(7)(C) Esq.

I visited inmate Epstein in SHU on Thursday. He was getting ready to meet with his attorneys for the day so I had gone to visit him right after the SHU meeting. He had a cell mate at the time with whom I saw him interact with. He did not report any mental health concerns and he denied any suicidal thoughts or intention. He was asking this writer to go to general population and was making requests for various needs he had at the time. He wanted social calls without them being on a speaker phone. He wanted a book he had left in the suicide watch area. His mood was not depressed or anxious. There were no signs of distress. He had planned on meeting with his attorneys to work on his legal situation.

The Honorable Ron DeSantis

Tallahassee, FL 32399-0001

Dear Governor DeSantis,

"For 48 years, I've dedicated my life to enforcing and upholding the law; as a patrol officer, detective, chief of police and, since 2004, as the Sheriff of Palm Beach County.

My job now, as it has always been, is to not only maintain public safety but also the public's trust.

Given the recent questions that have been raised around the Jeffrey Epstein case, I am formally requesting that FDLE assume the existing criminal investigation and I pledge the cooperation and participation of my agency. I believe the public interest would be best served by an FDLE-led investigation examining every aspect of the Epstein case, from court sentencing to incarceration. My agency will continue with the on-going internal affairs investigation.

As you know, Governor, I'm proud of this Department, and the men and women who devote their lives every day to protecting others. Be rest assured as with any issue or concern that has crossed my desk over the past 15 years, I will strive for the truth, wherever that leads, to ensure justice is served and the public trust in our law enforcement agency is maintained."

Sincerely,

Good afternoon (b)(6); (b)(7)(C)

Our client, Jeffrey Epstein, has informed us that he has no toilet paper in his cell. His CPap machine was not plugged in last night, so he was unable to use it.

Also, since his arrival at MCC, he has only been able to make two fifteen minute phone calls. Both times, the calls were on speaker phone, with officers present.

Thank you in advance for your help.

Best,

(b)(6); (b)(7)(C)

PSYCHOLOGICAL RECONSTRUCTION OF INMATE DEATH

This is an interim report, due to an inability to gather all necessary data. Formal interviews were not conducted as a part of this reconstruction to avoid interference with pending investigations by other Department of Justice components. A copy of the video is normally made by Special Investigative Staff following a significant incident, but there was no such video in this case since the original video was confiscated by the Federal Bureau of Investigation (FBI) prior to the beginning of this reconstruction. The absence of these two sources of information severely limited the ability to establish accurate timelines, confirm subjective reports, establish converging and diverging lines of facts, or discover new areas of inquiry. As a result, information typically gathered, reviewed and consolidated during a reconstruction to support actionable findings and recommendations is limited.

Name: Jeffrey Epstein
Register Number: 76318-054

Date of Death: 08-10-2019

Prepared by: (b)(6); (b)(7)(C) National Suicide Prevention Coordinator,
Psychology Services Branch, Central Office

BACKGROUND INFORMATION

Mr. Jeffrey Epstein was a 66-year-old, White male who died on August 10, 2019, while housed at the Metropolitan Correctional Complex (MCC), in New York, New York. James C. Wills, former Acting Assistant Director, Reentry Services Division, appointed a team to conduct a psychological reconstruction. The team consisted of (b)(6); (b)(7)(C) National Suicide Prevention Coordinator, Central Office; (b)(6); (b)(7)(C) Sex Offender Treatment Programs Coordinator, Central Office; (b)(6); (b)(7)(C) Mental Health Treatment Coordinator, Central Office; and (b)(6); (b)(7)(C), Correctional Services Administrator, Northeast Regional Office. This reconstruction was established in accordance with Bureau of Prisons' (BOP) Program Statement 5324.08, Suicide Prevention Program.

Social History: Mr. Epstein did not have a Pre-Sentence Report (PSR) available at the time of the reconstruction; therefore, no official information regarding social history was accessible. The following was gathered from publicly available documents. Mr. Epstein was born in 1953 and grew up in a middle-class family in the neighborhood of Sea Gate on Coney Island, Brooklyn, New York, with one brother. After early promotion in two grades, Mr. Epstein graduated from Lafayette High School in 1969, at the age of 16. He attended Cooper Union and New York University but did not graduate from either. Mr. Epstein taught at the Dalton School, a private school on the Upper East Side of Manhattan from September 1974 until he was

dismissed in June 1976 for inadequate development as a teacher. Following that, he held a number of positions in the financial industry to include a position as a limited partner at Bear Stearns until he was dismissed for unknown policy violations in 1981. He also worked as a financial consultant and founded at least two separate companies.

Mr. Epstein had two significant periods of employment. The first of these was his position as a consultant with (b)(6); (b)(7)(C) in the late 1980s. (b)(6); (b)(7)(C) was described as his first mentor. (b)(6); (b)(7)(C) was later convicted and incarcerated for running a large Ponzi scheme. He implicated Mr. Epstein in fraudulently diverting company funds for his own personal use. Years later (b)(6); (b)(7)(C) Mr. Epstein's sole client at J. Epstein and Company, granted him power of attorney over his affairs. Despite also being identified as (b)(6); (b)(7)(C) mentee, Mr. Epstein was again accused of misappropriating funds—more than 46 million dollars. These large sums are believed to be the seed money Mr. Epstein used to establish his considerable fortune. These events are indicative of Mr. Epstein's highly-regarded intelligence and charismatic personality.

Legal History: Mr. Epstein had a history of adult criminal charges and convictions. In June 2008, he entered into a non-prosecution agreement and pleaded guilty to one count Solicitation of Prostitution and one count Procuring a Person Under the Age of 18 for Prostitution in the state of Florida. He was sentenced to 30 months: 18 months of incarceration and 12 months of probation. He was also mandated to register as a sex offender under the National Sex Offender Registration and Notification Act. Mr. Epstein served 13 of his 18-month incarceration and then successfully completed 12 months of probation. It is unclear whether he followed the sex offender registration guidelines in each place he owned a residence.

In regard to pending charges, Mr. Epstein was formally charged with Sex Trafficking Conspiracy in violation of 18 U.S.C. § 371 and Sex Trafficking in violation of 18 U.S.C. § 1591(a), (b) (2), 2 on July 2, 2019. Specifically, he was accused of sexually exploiting and abusing minor females over the course of several years. Charging documents allege Mr. Epstein enticed and recruited minor females to engage in sexual activity. The minor females were reportedly compensated with cash following the sexual encounters and some were encouraged to find other minor females to accompany them to Mr. Epstein's residences in New York or Florida. He pleaded not guilty to these charges and was in pretrial status at the time of his death.

In a 37-page Decision & Order Remanding the Defendant, signed by Judge Richard M. Berman on July 18, 2019, 18 pages were dedicated to detailing the danger Mr. Epstein posed to others and the community. The document also alleged he was a flight risk. As a result, Mr. Epstein's proposed bail package was determined to be inadequate. He was denied pretrial release and held on remand.

Institutional History: On July 6, 2019, Mr. Epstein was arrested at Teterboro Airport in New Jersey upon his return from Paris, France. It is unknown whether he was anticipating this arrest. He was transported to MCC New York and keyed into SENTRY at 9:24 p.m. that evening. Mr. Epstein was placed in a general population housing unit for approximately 22 hours. On July 7, 2019, at approximately 7:20 p.m. he was moved to the Special Housing Unit (SHU) pending reclassification due to the significant increase in media coverage and awareness of his notoriety among the inmate population.

With regard to his adjustment to a correctional setting, Mr. Epstein received one incident report while in BOP custody for Self-Mutilation on July 23, 2019. As of August 15, 2019, the incident report had been expunged though it is unclear why it had been expunged and whether Mr. Epstein knew this. Also, a review of financial transactions associated with Mr. Epstein's prison account revealed one of his attorneys was depositing funds into his cellmate's (inmate Reyes) commissary account for unknown reasons.

HEALTH CARE AND PERSONALITY DESCRIPTION

BOP Electronic Medical Records (BEMR) indicate Mr. Epstein was diagnosed with hyperlipidemia, sleep apnea, hypertension, constipation, prediabetes, neuralgia, and neuritis unspecified. He was prescribed the following medications: docusate sodium, milk of magnesia, omega 3, methylprednisone, and bisacodyl. Mr. Epstein was also prescribed insulin, and the prescription required him to go to the institution pharmacy for administration of this medication. However, the dates for which it was prescribed have a notation indicating "dose not indicated," thus it does not appear insulin was routinely medically necessary. The rest of the medications prescribed were self-carry. He also had a continuous positive airway pressure (CPAP) machine which is typically used to treat sleep apnea. Mr. Epstein was provided with his personal CPAP machine on July 30, 2019, per BEMR.

In regard to mental health history and treatment, there are no known available records. Any records that may have been maintained relating to Mr. Epstein's incarceration in Florida were not available for review as of the date of this report. With regard to Psychology Data System records in BEMR (PDS-BEMR) (b)(6); (b)(7)(C) Forensic Psychologist at MCC New York completed a routine Intake Screening on July 8, 2019. During this screening, Mr. Epstein denied any history of mental health problems, substance abuse, and treatment. No symptoms of mental illness were observed. He was classified as Mental Health Care Level 1 and was not diagnosed with a mental illness.

Following a consultation with (b)(6); (b)(7)(C) National Suicide Prevention Coordinator on July 8, 2019, (b)(6); (b)(7)(C) Chief Psychologist at MCC New York determined Mr. Epstein should be pre-emptively evaluated for suicide risk upon his return from court. Primary consideration was given to his various risk factors for suicide such as his high profile case and media attention, pending sex offense charges, pre-trial status, and an ongoing court proceeding. Mr. Epstein returned from court on July 8, 2019, after normal business hours. He denied suicidal

thoughts at that time, but due to the potential for other risk factors listed above, the on-call psychologist placed Mr. Epstein on Psychological Observation in one of the suicide watch cells until he could be assessed in person by a BOP psychologist. Psychological Observation is a form of individual monitoring that is less restrictive than Suicide Watch. It is used for inmates who are stabilizing and not yet prepared for placement in general population or restrictive housing. It is often used to transition inmates off of Suicide Watch in order to monitor their transition and safety after an acute suicidal crisis. On July 9, 2019, Mr. Epstein underwent a formal, in-person suicide risk assessment with (b)(6); (b)(7)(C). She determined that, while suicide watch was not warranted at that time, Mr. Epstein should remain on Psychological Observation status out of an abundance of caution. He was removed from Psychological Observation on July 10, 2019.

(b)(7)(A)

(b)(7)(A)

He was placed on suicide watch by the Operations Lieutenant at approximately 1:40 a.m. pending a formal in-person suicide risk assessment. (b)(6); (b)(7)(C) Staff Psychologist at MCC New York, assessed Mr. Epstein for risk of suicide later in the morning of July 23, 2019, and determined he should remain on suicide watch. (b)(7)(A)

(b)(7)(A)

Mr. Epstein was removed from suicide watch on July 24, 2019, after 31 hours and 5 minutes. Thereafter, he remained in the suicide watch cell and was placed on Psychological Observation, where he remained housed until July 30, 2019, according to PDS-BEMR records. A discrepancy exists regarding when he was removed from Psychological Observation. His cell assignment, per SENTRY, indicates he was transferred back to the Special Housing Unit (SHU) on July 29, 2019, whereas PDS-BEMR indicates he was removed from Psychological Observation on July 30, 2019, at approximately 8:15 a.m.

Mr. Epstein attended a court hearing on July 31, 2019, and, upon his return, the United States Marshals Service (USMS) provided paperwork to Receiving and Discharge (R&D) staff that noted "suicidal tendencies." (b)(6); (b)(7)(C) was notified on August 1, 2019, about this paperwork. She consulted with (b)(6); (b)(7)(C) and then met with Mr. Epstein to conduct a suicide risk assessment. She determined suicide watch was not warranted at that time.

Mr. Epstein remained classified as a Mental Health Care Level 1 throughout his time at MCC New York. During his contacts with psychologists, Mr. Epstein routinely denied current mental health symptoms to include suicidal ideation, and he did not exhibit symptoms of a serious mental illness. However, there was evidence Mr. Epstein was experiencing challenges

adjusting to his environment and changes in his lifestyle. He reported frequent complaints of difficulty sleeping. He did not have access to his CPAP machine until it was reportedly provided to him on July 30, 2019. Mr. Epstein also reported he was bothered by noise in the SHU. At times, he noted concerns related to his safety in SHU or on a general population housing unit. On two occasions, July 26, 2019, and July 27, 2019, he described himself as a coward and as someone who does not like pain. On July 28, 2019, he told (b)(6); (b)(7)(C) the toilet in his cell would not stop flushing for an extended period of time, and he then took to sitting in the corner with his hands over his ears. Mr. Epstein indicated he was agitated following this incident and was unable to sleep that night.

ANTECEDENT CIRCUMSTANCES

Mr. Epstein entered BOP custody on July 6, 2019, with a history of convictions for sexual offenses and allegations comprised of more serious charges. The current indictment alleged sexual crimes against minors, and he was facing up to 45 years in prison. On July 18, 2019, Mr. Epstein's request for bail and pretrial release was denied.

(b)(7)(A)

(b)(7)(A)

After 31 hours and 5 minutes on Suicide Watch, he was then placed on Psychological Observation. On July 30, 2019, Mr. Epstein was removed from Psychological Observation. (b)(6); (b)(7)(C) sent an e-mail reporting Mr. Epstein had been removed from Psychological Observation and needed to be housed with an appropriate cellmate. This e-mail was sent to 71 MCC New York staff and, as of August 13, 2019, only 27 staff members had opened the message.

On August 9, 2019, a federal court unsealed approximately 2,000 pages of documents into the public domain. These included graphic allegations against Mr. Epstein. Included was a book order receipt for titles such as *SM 101: A Realistic Introduction*; *SlaveCraft: Roadmaps for Erotic Servitude*; and *Training with Miss Abernathy: A Workbook for Erotic Slaves and Their Owners*. Additional high profile public figures were also named in the released documents. The documents were part of a defamation lawsuit filed by Virginia Roberts Giuffre, a woman who alleged Mr. Epstein had victimized her, against a British socialite, Ghislaine Maxwell, who was Mr. Epstein's ex-girlfriend, associate, and alleged to have assisted with his criminal activities. According to staff report, Mr. Epstein was afforded telephone calls on two different days although it is unknown whether they were legal or social calls. No recording of the calls exist and it is not known with whom he was speaking. One occurred on or around July 16, 2019, and the other on August 9, 2019. Legal calls are not monitored, and would not be recorded. A social call would be recorded; given the limited information known about Mr. Epstein, knowledge of the content of any social calls would have been crucial to helping staff work with him.

Following his final telephone call on the evening of August 9, 2019, Mr. Epstein was moved into his SHU cell. He was single-celled at that time because his cellmate (Efrain Reyes #85993-054)

did not return from court. The need for a cellmate was communicated between Day Watch (DW) and Evening Watch (EW) shifts in the SHU, but no cellmate was placed with him by the EW staff. According to a memorandum from Senior Officer Specialist (b)(6); (b)(7)(C) SHU staff were informed at approximately 1:50 p.m. that Mr. Epstein's cellmate would likely not return from court. Furthermore, Officer (b)(6); (b)(7)(C) noted Mr. Epstein would need a cellmate upon arrival from his attorney visit.

A review of the 30-minute rounds forms indicate unit rounds were completed for the entire MW shift on August 10, 2019. However, a memorandum from Lieutenant (b)(6); (b)(7)(C) indicates Officer (b)(6); (b)(7)(C) and Material Handler Supervisor (b)(6); (b)(7)(C) made a statement after Mr. Epstein's death that they did not complete proper 30-minute rounds at 3:00 a.m. or 5:00 a.m.

DESCRIPTION OF SCENE

A detailed description of the scene was unavailable because the officers who discovered Mr. Epstein did not write memorandums and could not be interviewed. According to the Report of Incident, on August 10, 2019, at approximately 6:33 a.m., while serving the breakfast meal in the SHU, Range 9 South, Mr. Epstein was found unresponsive in his cell. Staff reportedly called for medical assistance, activated the (b)(7)(E), and began life-saving measures. Arriving staff stated they brought an automated external defibrillator (AED) and stretcher. Cardiopulmonary resuscitation (CPR) reportedly continued while the AED was placed on Mr. Epstein. The AED reportedly indicated no shock advised and CPR was continued. Mr. Epstein was escorted to Health Services at approximately 6:39 a.m., and Emergency Medical Services (EMS) arrived at 6:43 a.m. He was transported to the local hospital at approximately 7:10 a.m. Mr. Epstein was pronounced deceased at 7:36 a.m. It was not possible to confirm this timeline without viewing video footage.

CONCLUSIONS/RECOMMENDATIONS

A general appreciation of risk factors for suicide specific to sex offenders is necessary when reviewing Mr. Epstein's death. These factors, as well as more general risk factors for suicide, were likely present. There are several common factors that increase risk for suicide in individuals with a history of a sexual offense. These include stigma due to the nature of sexually-based crimes (both within society and the prison system), a disruption of the ability to utilize sex as a coping mechanism (which can lead to increased levels of distress and negative affect), and grief about loss experienced in regards to arrest. This grief may be secondary to the loss of former lifestyle, loss of physical items or collections related to sexual offenses, and/or the loss of perceived relationships with victims. Other factors that may increase risk for suicide among individuals accused of a sex offense include safety concerns, potentially long sentences, and lack of skills necessary to navigate social relationships in prison.

Mr. Epstein was a high-profile, pretrial detainee awaiting trial on sex trafficking offenses. He had been a successful, wealthy businessman with a number of high-profile acquaintances that he accumulated through a combination of charisma, charm, and intelligence. Despite his many associates, he had limited significant or deep interpersonal ties. Although Mr. Epstein appeared

to cultivate a large social and professional network, he was estranged from his only brother. Indeed, his identity appeared to be based on his wealth, power, and association with other high-profile individuals. (b)(7)(A)

(b)(7)(A)

(b)(7)(A)

In the weeks before his death, he made statements that he was “a coward” and was having difficulty adapting to his diminished circumstances. He also frequently referenced poor sleep and an inability to tolerate the noise of prison. On the day before his death, a number of documents in his case were unsealed, further eroding his previously-enjoyed elevated status and potentially implicating some of his associates. The lack of significant interpersonal connections, a complete loss of his status in both the community and among associates, and the idea of potentially spending his life in prison were likely factors contributing to Mr. Epstein’s suicide.

The following recommendations concern institution operations:

1. Single Celling:

(b)(5)

(b)(5)

2. Rounds: 30-minute rounds are required by P5500.14, Correctional Services Procedures Manual.

3. Cellmate Assignments: When Mr. Epstein was placed in SHU on July 7, 2019,

(b)(7)(A)

(b)(6); (b)(7)(C)

(b)(7)(A)

In an effort to treat Mr. Epstein the same as other inmates, a statement repeated by multiple staff, Executive Staff may have inadvertently overlooked the need to consider unique risk factors associated with individuals who have been charged with and convicted of a sex offense. On July 25, 2019, (b)(6); (b)(7)(C) sent an e-mail to Shirley Skipper-Scott, Associate Warden explaining a consultation between (b)(6); (b)(7)(C) and (b)(6); (b)(7)(C) National Suicide Prevention Coordinator. In the e-mail, (b)(6); (b)(7)(C)

reviewed the consult and recommendation from the Psychology Services Branch, Central Office that Mr. Epstein be housed with another inmate who had also been accused of committing a sex offense. There is no evidence this information was considered beyond this e-mail, and Mr. Epstein was never housed with another inmate charged or convicted of a sexual offense.

(b)(5)

4. Documentation Accuracy:

(b)(7)(A)

(b)(7)(A)

(b)(7)(A)

It is critical that all descriptions of the incident accurately reflect objective evidence.

(b)(7)(A)

(b)(7)(A)

Although the incident report was later expunged, inmates frequently experience significant stress when they contemplate the potential consequences associated with findings of guilt.

(b)(6); (b)(7)(C)

entered a Psychology Services Intake Screening into PDS-BEMR on July 8, 2010. The document has three typographical errors. She selected the No Sexual Offense Convictions check box when, in fact, Mr. Epstein was previously convicted of Solicitation of Prostitution and Procuring a Person Under the Age of 18 for Prostitution. Second, Mr. Epstein was erroneously identified as a Black male in this document. Finally, there is one instance where he was mistakenly referred to as (b)(6); (b)(7)(C).

(b)(6); (b)(7)(C) completed a Risk of Sexual Abusiveness document on July 8, 2019. She marked "History of prior prison sexual predation" in the affirmative. This is not accurate.

(b)(6); (b)(7)(C) Mid-Level Practitioner, completed a History and Physical on July 9, 2019. An Intake Screening should have been conducted within 24 hours of his entry into Bureau custody which was on July 6, 2019, according to P6031.04, Patient Care.

Officer (b)(6); (b)(7)(C) was responsible for observing Mr. Epstein and documenting his behavior while on suicide watch on July 23, 2019. Officer (b)(6); (b)(7)(C) mistakenly used a Suicide Watch Log Book intended for inmate companion documentation between 1:40 a.m. and 6:00 a.m. on July 23, 2019, when he should have been using the Staff Suicide Watch Log Book. (b)(6); (b)(7)(C) Drug Treatment Specialist, reportedly noticed this error and subsequently hand copied all of Officer (b)(6); (b)(7)(C) entries from 1:40 a.m. to 6:00 a.m. into a Staff Suicide Watch Log Book. She then initialed these entries, and this makes it appear as if she was the one conducting the watch. This information was discovered and conveyed in an e-mail from Ms. Charisma Edge, Associate Warden to (b)(6); (b)(7)(C) with a carbon copy to Warden N'Diaye on August 12, 2019. Of note, (b)(6); (b)(7)(C) did not make an entry explaining why she was making the log book changes. Additionally, (b)(6); (b)(7)(C) then wrote entries for 6:15, 6:30, 6:45 and 7:00 a.m. in the Staff Suicide Watch Log Book. These were not a part of the original entries made by Officer (b)(6); (b)(7)(C) nor was (b)(6); (b)(7)(C) assigned to work the Suicide Watch post. Due to the inability to interview staff at this time, it is unknown why (b)(6); (b)(7)(C) attempted to correct Office (b)(6); (b)(7)(C) error, or made any of the subsequent log entries. It is recommended that if a staff member makes an entry error (e.g., writes in the incorrect suicide watch log book), the staff member should describe the error in the correct log book, to include indicating when they became aware of the error. The staff member should then notify the Chief Psychologist.

A review of Special Housing Unit Records (BP-A0292) revealed a number of incomplete entries. This document is used to monitor provision and receipt of basic services such as recreation, medical rounds, showers, meal consumption, etc. The Officer in Charge signature is missing on 10 occasions and a medical provider's signature is missing in seven instances. There are six instances in which it is not clear if Mr. Epstein ate his meal. There are nine instances in which it is not clear if Mr. Epstein took a shower. There are ten instances in which it is not clear if Mr. Epstein was offered recreation. P5500.15, Correctional Services Manual requires accurate and complete information on the BP-A0292.

A review of Psychology Observation Log Books revealed significant discrepancies from the approved Psychological Observation Procedural Memorandum, dated April 15, 2019. A Correctional Officer is required to complete hourly rounds and sign the log book; 179

out of 183 round signatures were missing. The lieutenant is required to sign the log book one time per shift and signatures were missing in 10 of 23 instances. A Physician Assistant is required to sign one time per shift and 16 of 16 instances were missing. (b)(5)

(b)(5)

5. Telephone Calls: In a PDS-BEMR note written by (b)(6); (b)(7)(C) on July 16, 2019, she was informed by an unnamed staff member that a lieutenant facilitated two telephone calls for Mr. Epstein. It is unknown when and to whom these calls were placed and no evidence that they took place on a monitored telephone.

According to a memorandum from Unit Manager (b)(6); (b)(7)(C) on August 10, 2019, Mr. Epstein terminated his legal visit early on August 9, 2019, in order to place a telephone call to his family. (b)(6); (b)(7)(C) (who was the Institutional Duty Officer that week) escorted Mr. Epstein to SHU around 7:00 p.m. that evening and he was placed in the shower area on G tier. While there, he was provided the telephone to make a call. Since Mr. Epstein reportedly did not have his PAC or PIN number, which is required to use the inmate telephone system, the Unit Manager placed the call, dialing a number that reportedly began with area code 347. Mr. Epstein told (b)(6); (b)(7)(C) he was calling his mother who, according to public records, has been deceased since 2004.

(b)(5)

6. Direct Observation: Mr. Epstein was on suicide watch from July 23, 2019, until July 24, 2019. While on suicide watch on July 23, 2019, Mr. Epstein attended an attorney visit from approximately 12:40 p.m. until 7:15 p.m. During this time, he was without "direct, continuous observation" by a dedicated BOP staff member as required by P5324.08. While on Psychological Observation, he attended attorney visits on July 24, 2019, for 11.25 hours; on July 25, 2019, for 11.25 hours; on July 26, 2019, for 9.25 hours; on July 27, 2019, for 11.33 hours; on July 28, 2019, for 10.5 hours; and on July 29, 2019, for 8 hours. On July 30, 2019, Psychology Observation was terminated. During these visits, continuous observation by a dedicated BOP staff member was not maintained as required by MCC New York's Procedural Memorandum for Psychological Observation.
7. Follow-Up: Mr. Epstein arrived at MCC New York on Saturday, July 6, 2019. While conducting the 10:00 p.m. institution count that evening (b)(6); (b)(7)(C) Facilities Assistant reported she observed Mr. Epstein in his cell. In an e-mail she sent to (b)(6); (b)(7)(C) and (b)(6); (b)(7)(C) and Lieutenant (b)(6); (b)(7)(C) later that evening, she described Mr. Epstein as "distracted, sad and a little confused." She said she then asked Mr. Epstein if he was

okay, and he reportedly said he was. However, (b)(6); (b)(7)(C) noted in her e-mail she was not convinced of this, adding, "He seems dazed and withdrawn." She went on to say, "So just to be on the safe side and prevent any suicidal thoughts can someone from Psychology come and talk with him." Despite the fact that Lieutenant (b)(6); (b)(7)(C) opened the e-mail there is no evidence that he contacted the on-call psychologist as is required by P5324.08, Suicide Prevention Program. Additionally, (b)(6); (b)(7)(C) was concerned about suicide risk, P5324.08, Suicide Prevention Program, requires her to maintain direct, continuous observation of Mr. Epstein. When (b)(6); (b)(7)(C) opened the e-mail the following Monday morning, Mr. Epstein was evaluated by (b)(6); (b)(7)(C) at approximately 9:30 a.m.

Mr. Epstein was denied bail on Thursday, July 18, 2019. This was a significant disappointment for Mr. Epstein and likely challenged his ability and willingness to adapt to incarceration. Given the potential impact of the judge's decision, a psychologist should have assessed Mr. Epstein's mental status upon his return to the institution. The BOP developed a SENTRY assignment of PSY ALERT for purposes such as this. Specifically PSY ALERT is used "to ensure, if movement occurs, that all staff consider the special psychological and management-related risks associated with the inmate." Furthermore, P5324.07, SENTRY Psychology Alert Function states, "When a decision to move [any PSY ALERT] inmate occurs, any special psychological needs of the inmate are reviewed and considered by Psychology Services staff [and] any safety and security concerns are highlighted for non-Psychology Services staff." (b)(5)

(b)(5)

(b)(5)

Both of these groups of inmates are susceptible to exaggerated or unrealistic fears about correctional settings and experience stress associated during movement and periods of transition (e.g., cell/unit changes, movement to and from court, institutional movement, and release of information through the media).

Mr. Epstein was reportedly in court on July 31, 2019. It is unknown what time he departed or returned to MCC New York because this information was not entered in SENTRY. Regardless, upon his return, the United States Marshals Service (USMS) provided R&D staff with a Prisoner Custody Alert Notice regarding Mr. Epstein. The notice indicated Mr. Epstein had "MTL Mental Concerns Suicidal Tendencies." The USMS requested R&D staff sign the form, and they then departed with the signed copy. On August 1, 2019, at 8:46 a.m. (b)(6); (b)(7)(C) sent (b)(6); (b)(7)(C) an e-mail reporting she had just become aware of the above information. In the absence of additional information about this notation, this should have been considered a referral to Psychology Services about a potentially suicidal inmate and procedures should have been followed as outlined in P5324.08, Suicide Prevention Program. Specifically, when a staff member becomes aware an inmate may be thinking about suicide during normal working hours, that staff member must contact Psychology Services and maintain the inmate under direct,

continuous observation until he is placed on Suicide Watch or seen by a psychologist. There is no evidence Mr. Epstein was monitored under these conditions from the time he returned from court until he was seen by (b)(6); (b)(7)(C) for a suicide risk assessment on August 1, 2019, at approximately 1:30 p.m.

8. Inmate Accountability and Assignment Accuracy: According to a SENTRY quarters roster generated on August 10, 2019, at 12:51 a.m., there were three inmates assigned to Mr. Epstein's SHU cell, Z04-206LAD, including him, at the time of his death. However, his SHU cell was only a double occupancy cell. Inmate (b)(6); (b)(7)(C) inmate (b)(6); (b)(7)(C) and Mr. Epstein were all assigned to the same cell. On August 13, 2019, at 12:06 p.m. and 12:08 p.m., a quarters history roster was generated for inmate (b)(6); (b)(7)(C) and (b)(6); (b)(7)(C) respectively. Inmate (b)(6); (b)(7)(C) cell assignment was Z04-206LAD from August 5, 2019, until August 11, 2019, when he was moved to cell Z04-212UAD. Inmate (b)(6); (b)(7)(C) cell assignment was Z04-206UAD from August 1, 2019, until August 11, 2019, when he was moved to cell Z04-207LAD. A quarters history roster was generated for Mr. Epstein on August 13, 2019, at 9:07 a.m. His cell assignment was Z04-206LAD from July 29, 2019, until August 10, 2019.

On Monday, August 12, 2019, photographs of nametags on SHU cell doors and SHU locator forms were sent to the Correctional Service Department in the Northeast Region. The SHU locator form is dated August 9, 2019. It shows inmate (b)(6); (b)(7)(C) in cell 207L (SENTRY states he was moved to this cell on August 11, 2019), inmate (b)(6); (b)(7)(C) in cell 212U (SENTRY states he was moved to this cell on August 11, 2019), inmate Epstein in cell 220L (SENTRY never shows him in this cell) along with inmate Reyes (#85993-054). The locator shows inmate (b)(6); (b)(7)(C) and inmate (b)(6); (b)(7)(C) in cell 206. The photo sheets show the cell being 220 with inmates Epstein and Reyes' identification cards on the door. Inmate Reyes, Efrain, Reg. No. 85993-054 was in cell Z06-220U from August 5, 2019 to August 9, 2019.

MCC New York has four suicide watch cells and each is for single occupancy use. The suicide watch cells are located in Health Services. Each cell is abbreviated with the unit code H01 in SENTRY followed by the four-digit cell number. The doors are identified by a painted number from one to four. Two reviews were conducted. The first revealed Mr. Epstein was in H01-001L according to SENTRY but the Suicide Watch Log Books indicate he was in cell 4. A second review was conducted on August 13, 2019, while there were four inmates on in these cells. SENTRY showed two inmates assigned to H01-001L, one assigned to H01-002L, and the fourth inmate assigned to a general population housing unit. Through physical observation of the dedicated suicide watch cells there were four H01 cells, however a review of the BOPWARE Inmate Housing Format, only shows three cells.

Inmate movement and assignments are not accurately reflected in SENTRY as required by P5500.14, Correctional Service Procedures Manual.

9. Attorney Log Books: Four log books were not secured following Mr. Epstein's death. Specifically, three Attorney Log Books located in the Attorney Visiting and Front Lobby areas and an Inmate Search Log Book located in the Attorney Visiting area were not secured. All four books were still in use at the outset of the reconstruction and after the reconstruction team advised staff to secure them. P5324.08 states, "In the event of a suicide, institution staff, particularly Correctional Services staff, and other law enforcement personnel, will handle the site with the same level of protection as any crime scene in which a death has occurred." This policy further states, "All possible evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction."

Further, a review of the attorney log books identified many errors and signify a systemic concern. For example, there were two concurrently open attorney log books in the Attorney Visiting area. Further, the different purposes of the two attorney log books, one in the Attorney Visit area and one in the Front Lobby, could not be explained. BOP staff were unable to articulate a system of control for the log books, and during the reconstruction, some of the log books could not be accounted for. Within the log books, entries were made out of chronological order, attorneys did not consistently sign in and out, significant information was illegible or missing, columns were not consistently labeled, log book opening and closing dates were inconsistent, and the cover had been torn off of several books. At the current time, these log books are not functioning as an adequate system of control and monitoring.

10. Automatic External Defibrillators: A review of available AEDs in the institution revealed that the list used for accountability and inspection purposes was inaccurate and incomplete.
11. Post Orders & SHU Training: SHU Post Orders Sign-In Sheets were reviewed for the 3rd Quarter, spanning June 9, 2019, to September 7, 2019. Officer (b)(6); (b)(7)(C) failed to sign post orders for SHU #3 post.

Quarterly SHU Training Sign-In Sheets were reviewed. The 2019 3rd Quarter SHU Training was conducted on June 6, 2019. Three staff assigned to the 3rd Quarter SHU Roster in SHU did not attend or receive the SHU Training: Officer (b)(6); (b)(7)(C), Officer (b)(6); (b)(7)(C) and Officer (b)(6); (b)(7)(C).

12. Staffing: The Drug Abuse Program Coordinator position at MCC New York was abolished during Phase I of the staff realignment during fiscal year 2018. Re-establishing

the Drug Abuse Program Coordinator position would provide the institution with an additional supervisory psychologist to provide critical clinical services.

Staffing in the Correctional Services department is relevant to the reconstruction. However, the details about this topic are provided in an After Action Review completed separately from this report.

- 13. Sex Offense Risk Factors:** A broad understanding of risk factors associated with sex offenders, by staff at MCC New York, did not appear to be present in all staff but was vital to his adjustment and safety in prison. (b)(5)

MCC Administrators have been in touch with (b)(6); (b)(7)(C) at the USMS since early this morning. I too have been in touch with (b)(6); (b)(7)(C) since a little after 9 am, at which time I shared the limited information I had. I am going into the secure perimeter to see if there is more information to share, but please be advised that some of what I get may be shared with your office but not further since it is an open investigation.

Thank you,

either some sort of statement we can pass along to counsel as accurate and reliable or have a call with someone?

I understand from the Marshals that they have been unsuccessful in reaching anyone with authority at BOP, and given the BOP press release that was just put out I assume we need to speak with someone there. Please advise.

Thank you.

As you might imagine, we are getting increasingly frantic calls from defense counsel who continue to be seeing information in the press that we—the U.S. Attorney's Office—haven't yet received. We need to know as soon as possible the very basic facts, such as time and cause of death at the absolute minimum. It has now been hours since this was reported publicly. Please advise when we can expect to receive either a written report on those basic facts or when we can have a call to get that information to relay to his counsel. It is extraordinarily frustrating to have to tell them that we have less information than the press. Please advise.

Findings

The determination of whether an inmate is competent to proceed with the disciplinary process is based on a clinical assessment of the inmate's (1) ability to understand the nature of the proceedings, and (2) their ability to assist in their own defense. Depending on the outcome of the assessment, one of three findings can be made: (1) the inmate is COMPETENT to proceed with the disciplinary process; (2) the inmate is NOT PRESENTLY COMPETENT but could be restored to competence with treatment; or (3) the inmate is NOT COMPETENT and is unlikely to become competent.

Recommendations Regarding Sanctions

In the case of inmate Epstein, after a review of available psychological and psychiatric records as well as information pertaining to the offense conduct, it is determined that this inmate is:

- (X) COMPETENT to proceed with the disciplinary process.
- () NOT PRESENTLY COMPETENT, but could become competent with treatment; it is recommended that the inmate for an updated competency assessment in 30 days.
- () NOT COMPETENT and not likely to become competent.

Focus of Session

Inmate Epstein was seen while on psychological observation today in the hospital area.

Subjective/Objective Presentation

Same presentation today, but he said he thinks his memory for the incident (injury to his neck) may be impaired because of his sleep apnea. He is supposed to get his CPAP machine today. He is aware he will be returning to SHU, but said he is feeling unwell due to his inability to sleep and numbness in his arm. He requested to have one good night of sleep with his CPAP and will return to SHU with a cellmate tomorrow. (b)(7)(A)

(b)(7)(A) I told him he can stay down one more night to receive his CPAP and a good night's sleep, but that he would be returned to SHU tomorrow. It was explained that there is no mental health issues precluding him from returning to SHU tomorrow and that we could not house him in the SW/Hospital area because (b)(7)(A) (b)(7)(A) or more comfortable for him. (b)(7)(A)

According to his log book and eating/shower chart, he has been eating and drinking when not in his legal visits. He has also been writing and attending his legal visits.

Intervention(s)

Inmate EPSTEIN was provided with brief supportive interventions and psychoeducation regarding additional coping strategies. Inmate EPSTEIN was somewhat receptive to these interventions, but appears more concerned about getting his various needs in the prison (phone calls, recreation, housing placement concerns, etc.)

Progress/Plan

He will remain on psychological observation today and will transition to the SHU tomorrow. He will be seen by psychology daily to assess his mental status and psychological functioning.

Focus of Session

He was seen by writer while he was on Psych Observation.

Subjective/Objective Presentation

The "Eating/Shower Chart" noted that yesterday he ate breakfast. He is not in the Psych Observation cell for about 12 hours per day because of being in Attorney Conference with his Attorneys, so the "Eating/Shower Chart" may not reflect all of his meals. He stated he was served one meal in Attorney Conference yesterday. He stated he drinks a lot water at night. The Psych Observation log noted he talked about life in general population and he slept.

Earlier he had complained that his right arm was numb and hanging. Nurse (b)(6); (b)(7)(C) from Medical had seen him for this.

When this writer was interviewing him, he said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. This writer notified Nurse (b)(6); (b)(7)(C)

He stated last night when he flushed the toilet it kept flushing for 45 minutes. He stated he found it so aversive and upsetting that he said he sat in the corner and held his ears. He said because of this he was agitated for hours and was not able to sleep. The Lt. will be moving him to a different cell and he was informed of this. He stated the feeling he got with the noise of the toilet was similar to when he was in SHU. He said he may have something on the Autism spectrum. He said in the movie "Rain Man," the person with Autism had an aversion to noise. He stated he is also really good with numbers.

Current Mental Status: He exhibited a mildly anxious mood with a full range of affect. His speech was logical and coherent, with no loosening of associations or tangential, circumstantial or irrelevant speech. Auditory and visual hallucinations were denied, and delusions were not elicited. He did not engage in any bizarre or inappropriate behavior. He denied current suicidal or self harm ideation and he agreed to immediately tell staff and Inmate Companions if he starts to have suicidal or self harm thoughts. He was future oriented. He does not appear to be an immediate danger to self. He denied thoughts of hurting others and he agreed to tell staff and Inmate Companions if he has these thoughts.

Intervention(s)

Supportive and educative interventions were again provided. He had not been given the Turning Point handouts yesterday that were on his cell door, so they were handed to him by staff today.

Progress/Plan

He will remain on Psych Observation in an abundance of caution and pending housing arrangements to be made on Monday. While on Psych Observation, he will be seen daily by Psychology.

Focus of Session

Inmate Epstein was seen while on psychological observation in our hospital area.

Subjective/Objective Presentation

Prior to this writer's contact with him, Inmate Epstein showered and dressed himself for his legal visit today. He was smiling and did crack some jokes during the interview. He did elucidate some complaints and suggested being disappointed with this writer as he wants "to trust me and for me to trust him." He stated he remains unhappy with legal visiting procedures as he cannot go to the bathroom as frequently as he would like to since he has a "weak bladder." Inmate Epstein also reported since coming to the psychological observation area, he has felt constipated and needs his Colace. He had self-carry Colace in SHU, but since coming to the observation area, he has not had his medication. This writer immediately notified medical and his pills were being processed during the interview. Inmate Epstein also continues to complain about the conditions of SHU confinement (i.e., feeling punished, smells, noise, and restrictions).

(b)(7)(A)

(b)(7)(A)

He does not exhibit symptoms of any cognitive disorder, seizure disorder, psychotic disorder, or dissociative disorder at this time or in the past. Inmate Epstein denied any current suicidal ideation, intention, or plan. He reported wanting to be alive to fight his legal case and go back and live life. He referred to himself as "a coward" and "I'm Jewish." He said he is not the type who likes pain or would ever attempt to harm himself.

While on psychological observation, inmate Epstein has been eating his meals, sleeping and interacting with the inmate companions. He is in legal visiting the majority of the day and in the evenings. His log book and eating/shower chart reflect the same. He has been speaking to inmate companions about investment strategies and about prison adjustment. Correctional Staff report during his legal visits, he is interacting with his attorney, animated, laughing, and joking.

Intervention(s)

Inmate Epstein was provided with supportive and coping skills interventions today. He was receptive to them, but mostly wanted to express his complaints about his current prison confinement status and needs. He wanted this writer to address them.

Progress/Plan

Inmate Epstein will remain on psychological observation in an abundance of caution and pending housing arrangements to be made on Monday. (b)(7)(A)

Focus of Session

Inmate Epstein was seen by this writer this morning while on psychological observation in the hospital area of the prison.

Subjective/Objective Presentation

Inmate Epstein was in good spirits today and engaged in reciprocal conversation with this writer this morning. He smiled and remarked, "welcome back" when this writer arrived. (b)(7)(A)

(b)(7)(A)

(b)(7)(A)

When this writer attempted to get a more detailed account from him, indicating that it would be rare to have such impairments in memory as he does not suffer from an acute cognitive disorder, he smiled and said he understood my position.

Inmate Epstein did reveal he is unhappy with his current confinement in Special Housing (SHU) as he considers it "a punishment cell." He said he finds the restrictions up there unfair as he has not done anything wrong. Inmate Epstein stated he feels it is dangerous in the SHU, he cannot sleep well up there due to noise from the other inmates, it smells, and it is difficult for him to work on his legal case up there. He stated he has not received the phone calls he was promised nor has he been able to receive recreation. It was explained to him that he spends the entire day in the attorney conference room and it is likely that he has missed the times when staff members have attempted to give him phone calls and recreation. Inmate Epstein also reported complaints about the attorney conference room, stating they do not take him to the bathroom frequently enough.

Inmate Epstein adamantly denied any suicidality at this time, stating "I am too vested in my case to fight it, I have a life and I want to go back to living my life." He denied any acute symptoms at this time.

According to his log book, he has been eating, drinking, sleeping, and interacting with the inmate companions. He has also been attending his daily legal visits.

Intervention(s)

Inmate EPSTEIN was provided with brief supportive interventions and psychoeducation regarding additional coping strategies. Inmate EPSTEIN was mostly receptive to these interventions. He requested to be housed in general population rather than the SHU and stated he wanted to remain on psychological observation due to his concerns with being in the SHU.

Progress/Plan

In an abundance of caution, inmate Epstein will remain on psychological observation. (b)(7)(A)

Reason for Removal from Watch

Mr. EPSTEIN stated, "I have no interest in killing myself." He explained although his situation is "not perfect" due to his being incarcerated, he noted he has "lots to do for [his] legal case." He described having a "wonderful life," to include interactions with "interesting people and projects." He said "it would be crazy" to take his life. He furthered, "I would not do that to myself." Mr. EPSTEIN claimed there were many MS-13 gang members on the initial unit. He was advised he will be maintained on Psychological Observation in the near future, but his long-term housing situation will be revisited, as it is not ideal for one to remain in isolation on Psychological Observation for extended periods of time. Mr. EPSTEIN acknowledged this information and thanked this writer for her explanation and time.

Focus of Session

Inmate Epstein was seen today for a psychological observation contact in the hospital area by this writer.

Subjective/Objective Presentation

Inmate Epstein appeared well and it was noted in his log book and eating/sleeping chart that he has been eating his meals, sleeping, interacting with the inmate companions, and pacing in his cell. Today, he presented this writer with numerous concerns and requests. He stated he does not want to be housed in the SHU because he is not comfortable there; he wants to be single-celled if he goes to the SHU; he wants Colace, not the Ducolox he received from medical yesterday; he wants to be able to walk around and go to recreation; he does not want to wear an orange uniform to his legal visits because he is treated "like a punished inmate;" he wants a phone call before he leaves the psychological observation area; he wants a shower and towel; he would like to be housed in the cadre (5S) unit; and would like his property, paper, and a pen.

Inmate Epstein's concerns were addressed by this writer and it was explained to him he will not be single-celled or placed in a housing unit for safety and security concerns. His medical concerns (constipation) were discussed with health services as well as his desire to be placed on Colace. Inmate Epstein was provided a shower this morning.

Intervention(s)

Inmate Epstein was provided with supportive intervention and coping skills strategies today. He was receptive to interventions and was able to elucidate his various needs. He did not present with any acute psychopathology and continues to deny any suicidal ideation, intention, or plan. He is looking forward to his bail hearing on Monday but stated he is aware that even if he gets bail, it will take at least two weeks to sort things out so he can leave the jail.

Progress/Plan

Inmate Epstein is not in any psychological distress, does not present with any mental health symptoms or complaints, and is denying any suicidality. He appears psychologically stable at this time and can be released from the psychological observation area. Inmate Epstein will be housed in the 9S area with a cellmate. He will be seen again tomorrow by psychology to evaluate his mental status and psychological stability.

Current Mental Status: Mr. EPSTEIN was alert and oriented. He was polite, calm, and cooperative in demeanor. He exhibited a neutral affect with appropriate range. Eye contact and hygiene were appropriate. The inmate spoke with normal rate, tone, and volume. His thoughts were organized and coherent, with no loosening of associations or tangential, circumstantial, or irrelevant content. There was no evidence of perceptual disturbance, delusional ideation, or a formal thought disorder. He did not engage in any bizarre or inappropriate behavior. He noted having normal sleeping and eating habits. Mr. EPSTEIN explicitly denied recent and current suicidal ideation, planning, and intent. He was future-oriented and expressed a commitment to life and safety, agreeing to contact staff immediately should he experience suicidal ideation.

RISK AND PROTECTIVE FACTORS ASSESSED:

This writer screened the inmate for a variety of empirically validated factors commonly associated with risk for self-harm and suicide.

The following **STATIC** risk factors were assessed to be present and increase the inmate's risk for engaging in suicide related behaviors: High Profile Crime, Lack of family connections, Sex offender status

Of the **DYNAMIC** risk factors assessed, none were found to be present.

The following **PROTECTIVE** factors were assessed to be present and may decrease the inmate's risk of suicide: Able to identify reasons to live, Adequate problem solving skills, Denial of suicidal ideation/intention/plans, Future orientation, View of death as negative, Willingness to engage in treatment

As noted above, Inmate Epstein is a 66-year-old Caucasian male. He has various risk factors for suicidality at this time including a high profile case with extensive media attention, sex offense/trafficking charges, pre-trial status, and he had a court proceeding yesterday which may have given him bad news regarding his legal situation. Inmate Epstein also informed this writer that his only family at this time is his brother, with whom he does not have a close relationship with.

Despite these risk factors, inmate Epstein possesses a number of protective factors at this time. Inmate Epstein adamantly denied any suicidal ideation, intention or plan. He was very future oriented and requested a phone call, to meet with his attorney, to take a shower, and to brush his teeth. He was eating his cereal when this writer arrived and said "I have my paper spoon here." He reported he is going to have a bail hearing on Monday and believes he is going to be released from jail. Inmate Epstein reported he is a Banker and has a "big business" in the community and that "being alive is fun." He also revealed he enjoys learning and teaching. He has confidence in his attorney and described him as "competent." Inmate Epstein denied any mental health history or history of suicidality. He also reported none of his family members have mental health histories. Inmate Epstein stated he is a mathematician and took post graduate classes in this area of study. Inmate Epstein stated he has a support system in the community, including friends and other associates. Finally, inmate Epstein demonstrated a good sense of humor and did not appear dysphoric, agitated or anxious. No acute psychopathology was noted.

Overall, inmate Epstein has numerous protective factors at this time that outweigh his risk factors for suicidality. He has a positive outlook regarding his legal case, demonstrates no psychiatric symptoms, has no psychiatric or suicide history, and verbalized a desire to be alive at this time and future orientation.

DIAGNOSIS:

No Diagnosis, No Dx - Current

MCC NEW YORK UPDATES

Correctional Services

Inmate Accountability: SHU

- A whiteboard has been installed in the Special Housing Unit identifying the cell assignment of each inmate and pertinent information of each inmate which aids in accountability. This assists in correcting cell assignment discrepancies and aid in identifying programing needs (3 man hold, razor restriction, etc.).
- TDY Staff have been assisting Correctional Services with vacant positions; Correctional Officers, Lieutenant's and Deputy Captain.
- Addition to the Captains 2 hour SHU video review, IDO's are reviewing 6 hours of SHU video encompassing all three shift weekly.
- IDO's are conduction Bed book counts on weekends during the 10:00 am count.
- Single cell report emailed to the Warden each shift and receives approval memorandum for each.
- Morning Watch Lieutenant supervises one count in SHU and is documented in the LT's Log.

Psychology

- Running Hospital Rosters Every Morning to see if inmates on SW are in the proper cells according to their Sentry assignments. Inconsistencies are reported the Associate Warden of Programs. Further, C&A is contacted to make appropriate corrections on the roster.
- Court rosters are reviewed every day to see if any Psy Alerts are going out to court so that we can check in with them upon their return.
- PSY ALERT inmate assignments are considered for inmates with ongoing risk factors associated with suicidality (e.g., sex offender status, high profile) even regardless of whether they exhibit substantial acute mental health symptoms.
- The Chief Psychologist has written a new procedural Memorandum for Psy Alert inmates which is undergoing review in Central Office.
- Psychology has been routing Hot List via e-mail to Lieutenant's and Executive Staff each time new inmates are added to the hot list.

MCC NEW YORK UPDATES

- Psychology has been providing feedback at Executive Staff Meetings regarding inmates at-risk for suicidality and discussing cellmate placement (both GP and SHU) for inmates with significant mental health issues and suicide risk factors.
- When inmates are added and released from Suicide Watch, an email and a phone call is made to Warden and the Operations Lieutenant notifying them of the addition or termination of the watch as well as their need for cellmates. This recommendation is also placed in the Post Suicide Watch Report in PDS and the psychologist indicates exactly who they contacted about the inmate's need for a cellmate in the recommendation section of the report.
- Suicide Watch Books are reviewed daily by a psychologist and audited to see if the Unit Officer and Lieutenant make appropriate rounds and signed the log books each shift (MW, DW, and EW). Inconsistencies are sent to the Captain and Associate Warden of Programs.

Correctional Systems

- Since September 9, 2019, inmates have been tracked when released from court by utilizing the PP63 Sentry function as opposed to tracking by out count. There has been no issues to date utilizing this procedure.
- All releases are being reviewed by a higher authority other than the CSO/SCSS. Typically reviewed by the Case Management Coordinator.

Correctional Programs

Inmate Accountability:

- New bed books have been provided to each unit. A daily schedule of bed book counts has been established to ensure appropriate accountability of all inmates. Bed book counts are notated in the Daily Lieutenant Logs for Executive Staff review. Additionally, an Executive Staff member is present each evening to monitor this process and identify discrepancies. All discrepancies are typically corrected immediately.

MCC NEW YORK UPDATES

- Daily Camera status reports of the status of high priority areas; SHU, 10 South, Suicided Watch, Female unit and 3 Sally.

Facilities

Cameras:

- The FBI removed the previous camera system (DVR) and the new system (NVR) has been installed and is operational. (b)(7)(E); (b)(7)(F) Additional cameras have been added in SHU which are digital. Within the next 6 months additional cameras will be added to the system with a target completion date of April 2020.
- MCC has a total of (b)(7)(E); (b)(7)(F) cameras. Currently, (b)(7)(E); (b)(7)(F) cameras are connected to the NICE DVR System and are operational and recording. The (b)(7)(E) camera is inoperable and in the process of being replaced (bad camera). The anticipated date of completion is within the next two weeks.
- The new NVR has the capability to monitor and record (b)(7)(E); (b)(7)(F) cameras. The following locations have been identified as needing coverage: elevators, receiving and discharge, all inmate housing units, sallyports, and outside perimeter.

Summary

- To date all information requested by OIG and FBI has been provided.
- Health Services has received the autopsy results from the NY Medical Examiner's office on inmate Epstein and is secured
- TDY staff assigned to NYM have all been hard working and team players.
- Staff morale at MCC New York is average in light of the most recent event; however, they are resilient and working hard as a team to move forward. They have embraced the TDY staff that have arrived and have been extremely courteous and receptive to ensure everyone works together.

MCC NEW YORK UPDATES

Current Assessment:

Some of the issues identified are due to seriously reduced staffing levels, improper or lack of training, and follow up and oversight. Since January 1, 2019, MCC New York has hired 18 staff and lost 33 staff to retirement, and transfers within the BOP and other agencies.

To date approximately approximately 148 staff from multiple regions assisted NYM which we are very grateful for their assistance. All subject matter TDY staff are required to provide a report to the Warden prior to their departure. This report is similar to a Program Review report and includes areas of concern, tasks done well and recommendations. These reports will be shared with the Associate Wardens and Department Heads for guidance.

Further, to ensure the training and efforts that will occur is sustainable, there will need to be continuous oversight by leadership. Therefore, several positions will need to be added to the staff compliment, such as an Associate Warden over Correctional Services, a Deputy Captain, and an Assistant Case Management Coordinator, Assistant Food Services Administrator, to name a few.

**MEMORANDUM FOR HUGH J. HURWITZ, ASSISTANT DIRECTOR,
REENTRY SERVICES DIVISION**

FROM:

A handwritten signature in black ink, appearing to read "M. Licon-Vitale".

M. Licon-Vitale, Warden, MCC New York

SUBJECT:

Institution Response to Psychological Reconstruction
Inmate Epstein, Jeffrey (76318-054)

This is the response to the psychological reconstruction of inmate Epstein, Jeffrey (76318-054) dated December 27, 2019.

2. 30 Minute Rounds

The substance of the two hour Captain video review and six hour IDO video review is unclear. Please clarify the requirement for the Captain and IDO. Additionally, please identify the documentation used to maintain accountability of the reviews.

Institution Response:

Video review requirements have been instituted by NERO. Specifically, (b)(7)(E) of each week, the institution is notified by NERO of the date, time, and SHU range in which to download video. The video is a two hour block. The video is to be reviewed by the Captain. During the reviews the Captain is looking for strict adherence to the requirements that rounds be conducted at least once during every 30-minute period, not to exceed 40 minutes between rounds and that all scheduled counts are being conducted in the SHU. The Captain will then submit an assurance memo to the institutional executive staff and Correctional Services Administrator (CSA) indicating the designated video footage was reviewed, and corrective actions which were taken for any deficiencies noted. This memorandum will be submitted to the Regional Office by COB on (b)(7)(E). (b)(7)(E) Institutional Duty Officers (IDOs) are required to review 6 hours of SHU video. The surveillance footage is downloaded by the institutional SIA and a compact disk is provided to the IDOs for review. The IDOs are reviewing the video for accuracy of the 30 minute rounds. All reviews are documented in the weekly IDO Report.

3. Cellmate Assignments

Documentation exists reflecting the role of the local Psychology Services department in communicating the importance of Mr. Epstein's status as a sex offender with specific needs to the Associate Warden. This includes consultation with the Psychology Services Branch in Central Office. The communication chain and decision making of Executive Staff lacks transparency as there is no documentation of the process or staff members present when decisions were made about the housing of Mr. Epstein. After the fact explanations may not accurately reflect what occurred.

Institution Response:

As was noted, there was no documentation indicating Psychology Services was present when housing decisions were made regarding Mr. Epstein. Psychology services is present at the weekly SHU meeting, Executive Staff meetings, and weekly Opening and Close-Out meetings. During these meetings, the Chief Psychologist or Acting Chief Psychologist are present to provide recommendations and feedback to the Executive Staff on housing concerns regarding inmates with mental health issues or risk factors for suicidality. When an inmate presents with unique risk factors associated with individuals who have been charged with and/or convicted of a sex offense, careful evaluation is made with regard to housing these inmates with appropriate cellmates. Moving forward, a plan has been established to have a sign-in sheet and checklist at these meetings where housing issues are addressed, indicating who was present and what the housing plan is for these inmates with psychological concerns. These checklists will be maintained in a binder by the Associate Warden of Programs. Please see the attached checklist.

4. Documentation Accuracy

Professional responsibility requires taking into account multiple descriptions of an incident as noted in your response. However, when discrepancies exist these should be compiled and noted in documentation to decrease the likelihood of conflicting conclusions.

As noted in the reconstruction report, an incident report must be written within 24 hours of having the information that an inmate likely violated BOP rules. (b)(7)(A)

(b)(7)(A)

(b)(7)(A)

Preconceived notions challenge the ability to remain open about alternative explanations, and subsequent systemic changes may be needed.

Please develop and provide local training for all staff that at a minimum reviews the time frame for writing incident reports and offers guidance when there is not clear evidence of an infraction. Include an outline of the training and evidence of staff who attended the training.

Institution Response:

Additional information (slides) has been included in our Annual Training presentations for Report Writing. In addition to the established training, the slides further differentiate and provide guidance to staff regarding when it is appropriate to write an Incident Report and when, in cases of a lack of evidence, a memorandum is more appropriate. The additional information is being provided to all staff as a part of Annual Training. Annual Training began the week of January 6, 2020, and will continue through the week of March 8, 2020.

5. Telephone Calls

As noted in the response, there is a lack of documentation to substantiate that a lieutenant facilitated two telephone calls to Mr. Epstein. However, this does not address the report of two telephone calls being provided. This response implies that the reporting of two staff members is inaccurate.

The response neglects the documented telephone call to Mr. Epstein's deceased mother.

Institution Response:

On August 29, 2019, Warden J. Petrucci, signed a referral related to (b)(6); (b)(7)(C) failure to follow policy in allowing Epstein to complete an unmonitored phone call. The referral was submitted to the Office of Internal Affairs on that same date and is pending further action at this time.

7. Follow-Up

Please provide documentation for the follow-up training provided to staff detailing the content of the training and to whom it was provided.

Institution Response:

As recommended by Central Office, the Chief Psychologist has conducted suicide prevention trainings during Department Head Meetings, e-mail correspondence, SHU Staff Trainings, and Lieutenant's Trainings. The follow-up training sign-in sheets, Department Head Meeting Minutes, and e-mails provided by psychology staff regarding PSY ALERT Inmates are attached for your review.

8. Inmate Accountability and Assignment Accuracy

Periodic and unannounced checks are now conducted in SHU to determine pp30 assignments and actual inmate placement match. Please provide an operational definition of periodic. Please do the same for routine, as it relates Executive Staff bed book counts in all units. Where will the periodic and routine reviews be documented and will they include the identity (e.g., name and title) of staff who complete them?

Institution Response:

An Executive Staff and Duty Officer schedule has been implemented to conduct daily 4 P.M. and 10 A.M. weekend bed book counts. Any discrepancies noted are documented and sent via email to Unit Managers and Captain at the conclusion of each count for corrective action. Please see the attached schedule.

9. Attorney Log Books

Please provide a copy of the log book audit.

Institution Response:

The audit revealed the **Random Visitor Log Book** did not reflect visitor pat searches after May 19, 2019. In addition, the log book does not offer a column to annotate a staff witness. The **Contractor/Volunteer Log Book** was not always filled in properly. The **Law Enforcement Log Book** was up to date; however, the time of departure was not always documented. The **Attorney Log** was missing inmate register numbers and more often than not was legible. There was no **Visitor Denial Log** created. The audit conducted on September 25, 2019, is attached for your review.

Additional corrective measures will now include the Activities Lieutenant checking all Front Lobby log books. The Captain will ensure these checks are included in the Lieutenant's Daily Log for Day Watch and Evening Watch. In addition, the Activities Lieutenant will address any discrepancies immediately through on the spot training and/or performance log entries.

13. Sex Offense Risk Factors

Psychologists are subject matter experts in sex offender risk factors and they play a crucial role in sharing this knowledge through traditional settings such as ICT, AT, and institutional meetings. However, Executive Staff play a pivotal role in establishing and addressing institutional culture and promoting and participating in training. A lack of a broad understanding of sex offender specific risk factors requires an intentional training approach led by Executive Staff. They must be out front talking about inmates with a sex offense, expressing an understanding of sex offender dynamics, modeling agency condoned expectations for the understanding and treatment of inmates with a sex offenses, and assisting with institutional trainings. These practices encourage a broader acceptance by line staff.

Institution Response:

The MCC New York Executive Staff are out front talking about inmates with sex offenses, and expressing an understanding of sex offender dynamics, modeling agency expectations for the understanding and treatment of inmates with sex offenses. This is done through departmental meetings, trainings, staff recalls and walking and talking throughout the institution.

MEMORANDUM FOR HUGH J. HURWITZ, ASSISTANT DIRECTOR,
REENTRY SERVICES DIVISION

FROM: J. Petrucci, Warden, MCC New York 
SUBJECT: Institution Response to Psychological Reconstruction
Inmate Epstein, Jeffrey (76318-054)

This is the response to the psychological reconstruction of inmate Epstein, Jeffrey (76318-054) dated September 17, 2019.

1. Single Celling;

(b)(5)

(b)(5)

Institution Response: 1. Single Cell Placement:

A system has been put in place to ensure inmates are not single celled. A single cell report is completed during each shift by the SHU Lieutenant during Day Watch and the Operations Lieutenant during the Morning Watch and Evening Watch. Notifications are made to the Institution Duty Officer (IDO) and Executive Staff.

Psychology discusses the status of inmates who are at-risk for suicidality, their housing needs, as well as their needs for cellmates during staff meetings, department head meetings, SHU meetings, morning meetings, and close out meetings.

When inmates are placed on and off suicide watch, the Warden is notified verbally, regardless of the time of day. The Warden then determines which suicide watch area a suicidal inmate will be housed and if they will be observed with an inmate companions or a staff member.

Psychology verbally notifies the Operations Lieutenant when inmates are removed from suicide watch and that they will need to be placed with a cellmate. Cellmates are recommended not only for SHU inmates being removed from suicide watch, but also for inmates returning to the general population setting. The C&A officer is responsible for entering the proper assignment.

Once an inmate is removed from suicide watch, psychology staff sends an e-mail to the Executive Staff, IDO, and Lieutenants informing them the inmate is being removed from suicide watch and can return to a cell with a cellmate. The e-mail contains the name of the staff member whom psychology verbally spoke with. This recommendation for a cellmate and conversation with the Lieutenant is also documented in the Post Suicide Watch Report and placed in BEMR/PDS.

Psychology Services has eliminated the use of Psychological Observation to avoid any confusion as to the needs of inmates on a watch status.

2. Rounds: 30-minute rounds are required by P5500.14, Correctional Services Procedures Manual.

Institution Response: 2. Rounds:

SHU training is conducted quarterly in which emphasis will be placed on the importance of diligent rounds within the policy guided timeframes. In addition, the SHU Lieutenant will review documentation (SHU Round Sheets) on a daily basis and provide the Captain with an assurance memorandum of their completion weekly. SHU Rounds sheets will be maintained on the specified range to ensure officers are completing required rounds. A staff member must observe all inmates confined in continuous locked down status, such as administrative detention or disciplinary segregation, at least once in the first 30 minute period of the hour, followed by another round in the second 30 minute period of the same hour, thus ensuring an inmate is observed at least twice per hour. These rounds are to be conducted on an irregular schedule and no more than 40 minutes apart. All observations must be documented. Closer observation may be required for an inmate who is mentally ill, or who demonstrates unusual or bizarre behavior. These inmates have been identified with an orange photographic door tag to ensure staff are aware to take more security pre-cautions in dealing with this inmate. Two hour Captain video review and six hour IDO video review are being conducted.

3. Cellmate Assignments: When Mr. Epstein was placed in SHU on July 7, 2019 (b)(7)(A)

(b)(7)(A)

(b)(7)(A)

In an effort to treat Mr. Epstein the same as other inmates, a statement repeated by multiple staff, Executive Staff may have inadvertently overlooked the need to consider unique risk factors associated with individuals who have been charged with and convicted of a sex offense. On July 25, 2019, (b)(6); (b)(7)(C) sent an e-mail to Shirley Skipper-Scott, Associate Warden explaining a consultation between (b)(6); (b)(7)(C) and (b)(6); (b)(7)(C) National Suicide Prevention Coordinator. In the e-mail, (b)(6); (b)(7)(C) Reviewed the consult and recommendation from the Psychology Services Branch, Central Office that Mr. Epstein be housed with another inmate who had also been accused of committing a sex offense. There is no evidence this information was considered beyond this e-mail, and Mr. Epstein was never housed with another inmate charged or convicted of a sexual offense.

(b)(5)

Institution Response: 3. Cellmate Assignments:

Inmates with serious mental illness and those at-risk for suicidality are discussed during staff meetings, department head meetings, SHU meetings, morning meetings, and close out meetings. The Captain, Associate Wardens, Warden and Psychology Services discuss the inmate's needs. The Legal Department also assists when the inmate's attorney or court are concerned about an inmate's mental health. Psychology Services are involved in making recommendations regarding the types of cellmates with whom inmates at-risk for suicidality should be celled. Psychology Services takes into consideration the suicide risk factors involved with a particular inmate and shares their knowledge with Executive Staff.

The psychological reconstruction team suggests MCC New York Executive Staff did not take into account Mr. Epstein's sex offender-specific needs in assigning him a cellmate in SHU. However, that is not correct. MCC New York Executive Staff considered a variety of factors in determining the most appropriate cellmate for Mr. Epstein, including but not limited to history of sex offenses, nature of the inmate, cooperation status, etc.

(b)(7)(A)

Prior to Mr. Epstein being taken off suicide watch, MCC New York Executive Staff, with input from Psychology staff, assessed all the inmates in SHU at that time and narrowed the list down to the most appropriate candidates.

(b)(7)(A)
(b)(6); (b)(7)(C)

Most of the other inmates in SHU at the time were there for disciplinary reasons and were otherwise not appropriate to be housed with Mr. Epstein. The other notable inmate in SHU with a history of sex offenses, (b)(6); (b)(7)(C) was deemed dangerous to Mr. Epstein due to his threatening nature. Accordingly, MCC New York Executive Staff narrowed the possibilities to cooperators. Specifically, Efrain Reyes, Register Number 85993-054, was placed in SHU for claims he was being threatened and extorted on his unit, and he was confirmed as proffering with the U.S. Attorney's Office. As both he and Mr. Epstein were in SHU for safety reasons, Mr. Reyes was deemed an appropriate cellmate.

Based on the above, consideration was made for Mr. Epstein's sex-offender-specific needs in choosing his cellmate in SHU. His charged crime was just one of the factors reviewed in making the determination. MCC New York Executive Staff also considered high publicity inmates with ample reasons not to hurt Mr. Epstein, and cooperators who are not only vulnerable themselves, but also had a lot to lose should they harm Mr. Epstein.

It is critical that all descriptions of the incident accurately reflect objective evidence.

(b)(7)(A)

It is recommended that staff remain open to all reasonable explanations for a behavior and take the appropriate actions when a final determination is made. Although the incident report was later expunged, inmates frequently experience significant stress when they contemplate the potential consequences associated with findings of guilt.

(b)(6); (b)(7)(C)

entered a Psychology Services Intake Screening into PDS-BEMR on July 8, 2010. The document has three typographical errors. She selected the No Sexual Offense Convictions check box when, in fact, Mr. Epstein was previously convicted of Solicitation of Prostitution and Procuring a Person Under the Age of 18 for Prostitution. Second, Mr. Epstein was erroneously identified as a Black male in this document. Finally, there is one instance where he was mistakenly referred to as (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

completed a Risk of Sexual Abusiveness document on July 8, 2019. She marked "History of prior prison sexual predation" in the affirmative. This is not accurate.

(b)(6); (b)(7)(C)

Mid-Level Practitioner, completed a History and Physical on July 9, 2019. An Intake Screening should have been conducted within 24 hours of his entry into Bureau custody which was on July 6, 2019, according to P6031.04, Patient Care.

Officer (b)(6); (b)(7)(C) was responsible for observing Mr. Epstein and documenting his behavior while on suicide watch on July 23, 2019. Officer (b)(6); (b)(7)(C) mistakenly used a Suicide Watch Log Book intended for inmate companion documentation between 1:40 a.m. and 6:00 a.m. on July 23, 2019, when he should have been using the Staff Suicide Watch Log Book. Ms. (b)(6); (b)(7)(C) Drug Treatment Specialist, reportedly noticed this error and subsequently hand copied all of Officer (b)(6); (b)(7)(C) entries from 1:40 a.m. to 6:00 a.m. into a Staff Suicide Watch Log Book. She then initialed these entries, and this makes it appear as if she was the one conducting the watch. This information was discovered and conveyed in an e-mail from Ms. Charisma Edge, Associate Warden to (b)(6); (b)(7)(C) with a carbon copy to Warden N'Diaye on August 12, 2019. Of note, Ms. (b)(6); (b)(7)(C) did not make an entry explaining why she was making the log book changes. Additionally, Ms. (b)(6); (b)(7)(C) then wrote entries for 6:15, 6:30, 6:45 and 7:00 a.m. in the Staff Suicide Watch Log Book. These were not a part of the original entries made by Officer (b)(6); (b)(7)(C) nor was Ms. (b)(6); (b)(7)(C) assigned to work the Suicide Watch post. Due to the inability to interview staff at this time, it is unknown why Ms. (b)(6); (b)(7)(C) attempted to correct Officer (b)(6); (b)(7)(C) error, or made any of the subsequent log entries. It is recommended that if a staff member makes an entry error (e.g., writes in the incorrect suicide watch log book), the staff member should describe the error in the correct log book, to include indicating when they became aware of the error. The staff member should then notify the Chief Psychologist.

A review of Special Housing Unit Records (BP-A0292) revealed a number of incomplete entries. This document is used to monitor provision and receipt of basic services such as recreation, medical rounds, showers, meal consumption, etc. The Officer in Charge signature is missing on 10 occasions and a medical provider's signature is missing in seven instances. There are six instances in which it is not clear if Mr. Epstein ate his meal. There are nine instances in which it is not clear if Mr. Epstein took a shower. There are ten instances in which it is not clear if Mr. Epstein was offered recreation. P5500.15, Correctional Services Manual requires accurate and complete information on the BP-A0292.

A review of Psychology Observation Log Books revealed significant discrepancies from the approved Psychological Observation Procedural Memorandum, dated April 15, 2019. A Correctional Officer is required to complete hourly rounds and sign the log book.

179 out of 183 round signatures were missing. The lieutenant is required to sign the log book one time per shift and signatures were missing in 10 of 23 instances. A Physician Assistant is required to sign one time per shift and 16 of

16 instances were missing.

Institution Response: 4. Documentation Accuracy:

The Reconstruction team indicates it is critical that all descriptions of the incident accurately reflect objective evidence, and references

(b)(7)(A)

(b)(7)(A)

In reference to typographical errors noted in PDS/BEMR notes, the Chief Psychologist has spoken to all psychology staff members concerning proof reading all documents entered to reduce typos and to improve information accuracy. Additionally, there is a second Staff Psychologist in the department which helps reduce the workload on current psychologists, allowing more time for documentation review.

Regarding the Reconstruction team's concerns in reference to Mr. Epstein's expunged incident report, staff shall continue to follow Program Statement 5270.09, *Inmate Discipline Program* in writing incident reports as appropriate. As more complex matters (including attempted suicide) warrant, Special Investigative Services staff will conduct appropriate investigations and make a determination as to whether an incident report is warranted. Psychology Services staff will also be consulted where their expertise is required.

The Reconstruction team stated medical staff conducted Mr. Epstein's Intake Screening late. SENTRY records reflect Mr. Epstein arrived in MCC New York's Receiving and Discharge (R&D) area on July 6, 2019, at approximately 9:24 p.m. His medical Intake Screening was conducted at approximately 9:38 p.m., by Physician Assistant (PA) on the same night and approximately 14 minutes after his arrival in R&D. On July 9, 2019, he was placed on Psychological Observation and at approximately 12:38 p.m., he was escorted from Psychological Observation to Health Services for a Medical Assessment and a History and Physical, which was performed by PA within three (3) days of his arrival. According to Program Statement 6031.04, *Patient Care*, a provider must perform a History and Physical within 14 days of the inmate arriving at BOP facility. The History and Physical and Intake Screening were conducted timely and in accordance to policy.

(b)(6);

(b)(7)(C)

(b)(6); (b)(7)(C)

Regarding use of the incorrect Suicide Watch Log and the re-creation thereof, the Chief Psychologist and Drug Abuse Coordinator counseled the Drug Treatment Specialist (DTS) concerning her documentation in the suicide watch log book. There was no ill-intent on the part of the DTS as all log books were maintained; the original log book written by the officer and the one documented by the DTS. The DTS indicated a desire to assist the officer as he had written in the wrong log book. Specifically, he wrote in the inmate companion log book rather than the staff log book. However, she was informed that this is not her role and she is not to document in a log book for anyone else observing an inmate on suicide watch. In the future, only the staff member watching the inmate on suicide watch and Operations Lieutenants document in the suicide watch log book. Log books are now being closely monitored on a daily basis by the Chief Psychologist.

Incomplete entries were noted in the BP-292s. SHU training is conducted quarterly, in which emphasis will be placed on the importance of proper 292 documentation. In addition, the SHU Lieutenant will review 292s on a daily basis and provide the Captain with an assurance memorandum. 292s will be printed for the previous week every Sunday, and the SHU Lieutenant will acquire any needed signatures from the respective OICs in a handwritten manner.

The Reconstruction team findings noted discrepancies in the procedures approved for Psychological Observation.

The Psychology Department has eliminated Psychology Observation at MCC-NY. Both Staff and the Lieutenants received additional training on when they are required to complete rounds and sign Suicide Watch log books. With regard to suicide watch log books signatures, correctional staff are required to perform routine rounds every hour. The 2 Sally Officer on Monday- Friday during Day Watch is required to perform rounds on suicide watch inmates as prescribed by the Captain. After-hours, the Unit 2 Officer will be responsible for making rounds, serving meals, collecting trash in the area, and performing the count with the Internal 1 or Internal 2 assisting with duties as assigned by the Captain. Additionally, Psychology staff check the suicide watch logs daily when they interview the inmates on suicide watch. If it is noted hourly rounds are not being conducted by the Unit Officer and/or the Lieutenants are not rounding and signing the books each shift, the Associate Warden over Programs and the Captain are notified immediately and enforce accountability.

5. Telephone Calls: In a PDS-BEMR note written by (b)(6); (b)(7)(C) on July 16, 2019, she was informed by an unnamed staff member that a lieutenant facilitated two telephone calls for Mr. Epstein. It is unknown when and to whom these calls were placed and no evidence that they took place on a monitored telephone.

According to a memorandum from Unit Manager (b)(6); (b)(7)(C) on August 10, 2019, Mr. Epstein terminated his legal visit early on August 9, 2019, in order to place a telephone call to his family. Mr. (b)(6); (b)(7)(C) (who was the Institutional Duty Officer that week) escorted Mr. Epstein to SHU around 7:00 p.m. that evening and he was placed in the shower area on G tier. While there, he was provided the telephone to make a call.

Since Mr. Epstein reportedly did not have his PAC or PIN number, which is required to use the inmate telephone system, the Unit Manager placed the call, dialing a number that reportedly began with area code 347. Mr. Epstein told Mr. (b)(6); (b)(7)(C) he was calling his mother who, according to public records, has been deceased since 2004.

(b)(5)

Institution Response: 5. Telephone calls:

There is no documentation to substantiate that a Lieutenant facilitated two telephone calls to Mr. Epstein. However, there is documented evidence that Unit Manager (b)(6); (b)(7)(C) provided a call to Mr. Epstein on July 30, 2019, at 5:15 p.m., to a (b)(6); (b)(7)(C) friend, on a monitored telephone/speaker phone. The call was documented in a log that is maintained in the Correctional Systems Department. Mr. Epstein was provided a call because he had not been able to conduct voice recording on the inmate telephone. This is standard procedure by the Unit Team at MCC New York, to occasionally provide a call to new arrivals, when necessary.

6. Direct Observation: Mr. Epstein was on suicide watch from July 23, 2019, until July 24, 2019. While on suicide watch on July 23, 2019, Mr. Epstein attended an Attorney visit from approximately 12:40 p.m. until 7:15 p.m. During this time, he was without "direct, continuous observation" by a dedicated BOP staff member as required by P5324.08. While on Psychological Observation, he attended attorney visits on July 24, 2019, for 11.25 hours; on July 25, 2019, for 11.25 hours; on July 26, 2019, for 9.25 hours; on July 27, 2019, for 11.33 hours; on July 28, 2019, for 10.5 hours; and on July 29, 2019, for 8 hours. On July 30, 2019, Psychology Observation was terminated. During these visits, continuous observation by a dedicated BOP staff member was not maintained as required by MCC New York's Procedural Memorandum for Psychological Observation.

Institution Response: 6. Direct Observation:

The Psychology Department has eliminated Psychology Observation at MCC-NY. Inmates on Suicide Watch are only provided legal visits under special circumstances as deemed by the Court.

7. Follow-Up: Mr. Epstein arrived at MCC New York on Saturday, July 6, 2019. While conducting the 10:00 p.m. institution count that evening (b)(6); (b)(7)(C) Facilities Assistant reported she observed Mr. Epstein in his cell. In an e-mail she sent to Drs. (b)(6); (b)(7)(C) and (b)(6); (b)(7)(C) and Lieutenant (b)(6); (b)(7)(C) later that evening, she described Mr. Epstein as "distracted, sad and a little confused." She said she then asked Mr. Epstein if he was okay, and he reportedly said he was. However, Ms. (b)(6); (b)(7)(C) noted in her e-mail she was not convinced of this, adding, "He seems dazed and withdrawn." She went on to say, "So just to be on the safe side and prevent any suicidal thoughts can someone from Psychology come and talk with him." Despite the fact that Lieutenant (b)(6); (b)(7)(C) opened the e-mail there is no evidence that he contacted the on-call psychologist as is required by P5324.08, Suicide Prevention Program. Additionally, if Ms. (b)(6); (b)(7)(C) was concerned about suicide risk, P5324.08, Suicide Prevention Program, requires her to maintain direct, continuous observation of Mr. Epstein. When (b)(6); (b)(7)(C) opened the e-mail the following Monday morning, Mr. Epstein was evaluated by (b)(6); (b)(7)(C) at approximately 9:30 a.m.

Mr. Epstein was denied bail on Thursday, July 18, 2019. This was a significant disappointment for Mr. Epstein and likely challenged his ability and willingness to adapt to incarceration. Given the potential impact of the judge's decision, a psychologist should have assessed Mr. Epstein's mental status upon his return to the institution. The BOP developed a SENTRY assignment of PSY ALERT for purposes such as this.

Specifically PSY ALERT is used "to ensure, if movement occurs, that all staff consider the special psychological and management-related risks associated with the inmate." Furthermore, P5324.07, SENTRY Psychology Alert Function states, "When a decision to move [any PSY ALERT] inmate occurs, any special psychological needs of the inmate are reviewed and considered by Psychology Services staff [and] any safety and security concerns are highlighted for non-Psychology Services staff." Psychologists should use the PSY ALERT assignment more frequently with high profile cases and with inmates who have a history or charge of sex offense. Both of these groups of inmates are susceptible to exaggerated or unrealistic fears about correctional settings and experience stress associated during movement and periods of transition (e.g., cell/unit changes, movement to and from court, institutional movement, and release of information through the media).

Mr. Epstein was reportedly in court on July 31, 2019. It is unknown what time he departed or returned to MCC New York because this information was not entered in SENTRY. Regardless, upon his return, the United States Marshals Service (USMS) provided R&D staff with a Prisoner Custody Alert Notice regarding Mr. Epstein. The notice indicated Mr. Epstein had "MTL Mental Concerns Suicidal Tendencies." The USMS requested R&D staff sign the form, and they then departed with the signed copy. On August 1, 2019, at 8:46 a.m., Dr. (b)(6); (b)(7)(C) sent Dr. (b)(6); (b)(7)(C) an e-mail reporting she had just become aware of the above information. In the absence of additional information about this notation, this should have been considered a referral to Psychology Services about a potentially suicidal inmate and procedures should have been followed as outlined in P5324.08, Suicide Prevention Program. Specifically, when a staff member becomes aware an inmate may be thinking about suicide during normal working hours, that staff member must contact Psychology Services and maintain the inmate under direct, continuous observation until he is placed on Suicide Watch or seen by a psychologist. There is no evidence Mr. Epstein was monitored under these conditions from the time he returned from court until he was seen by Dr. (b)(6); (b)(7)(C) for a suicide risk assessment on August 1, 2019, at approximately 1:30 p.m.

Institution Response: 7. Follow Up:

Staff have been trained that it is required that they make verbal contact with either Psychology Staff or a Lieutenant when they have concerns for an inmate's mental health. If Psychology Staff is not in the institution, an inmate is placed on suicide watch, and the on-call psychologist and Warden are notified.

As part of their signature block, all Psychology staff have added the following: "If you are emailing about an inmate that may be at risk for suicide or self-harm, this is an emergency situation. Please make sure that you make contact

(verbally) to Psychology Staff or the on-call psychologist. Please ensure to maintain constant visual observation of the inmate until formal steps can be taken to ensure his/her safety pending a formal assessment by a Psychologist.”

The Psychology Department uses PSY ALERT codes more frequently with high profile cases and with inmates with a history or charge of a sex offense. The PSY ALERT code is applied immediately on classification and/or identification, and not just when an inmate is about to leave the institution. If an inmate is moved in and out of our institution for court, etc., the inmate is assessed immediately prior to being released to a unit.

R&D staff have been reminded of the U.S. Marshal and Court alert notices. Psychology Staff are notified immediately if there are suicidal concerns noted by the Courts. If Psychology Staff is not in the institution, an inmate that enters the institution with an alert notice is placed on suicide watch, and the on-call psychologist and Warden are notified. These inmates receive a suicide risk assessment by a psychologist before being released to the general population.

Inmates who initially enter and/or transfer into the institution with a PSY ALERT assignment will be seen by a member of the Psychology Services Department immediately and prior to being released to the general population. R&D will review the PP44 code and Intake Screeners will utilize the PP64 to determine if inmates entering the facility have a PSY ALERT assignment. If there is not a psychologist in the building when a PSY ALERT inmate is identified and/or if it is during non-duty hours, the Operations Lieutenant will immediately be notified and will then contact the on-call psychologist. The on-call psychologist will come in after hours to screen the inmate in R&D and determine their appropriateness for general population, as well as any other pertinent housing considerations, prior to the inmate’s release to general population.

Inmates may also be assigned a PSY ALERT function code by a psychologist while housed at this institution. Psychologists will consider not only inmates with substantial mental health concerns for a PSY ALERT assignment, but will use PSY ALERT codes frequently with high profile cases and with inmates with a history or charge of a sex offense. The PSY ALERT code is applied immediately and not just when an inmate is about to leave the institution.

The attached institutional procedural memorandum has been reviewed by Central Office Psychology Services and implemented by MCC New York Psychology Services to outline the follow-up procedures when existing PSY ALERT inmates return from trips such as court proceedings and hospital trips. If any movement occurs with an existing PSY ALERT inmate, psychology must be verbally notified immediately when the inmate returns back to the institution. This would include movement from court, institutional movement, or hospital trips. The Psychology Department will also be notified of a PSY ALERT inmate’s movement prior to the inmate leaving. The Psychology Department will be provided with the court lists as well as the Prisoner Schedule Report on a daily basis. These reports will be reviewed daily by a member of the psychology department to assess whether a PSY ALERT inmate is scheduled to go out to court the following day.

When an existing PSY ALERT inmate who has already been initially screened by the Psychology Department returns from court with a notice from the Judge or Marshal’s Office indicating imminent mental health concerns or concerns related to suicidality, the PSY ALERT inmate will be seen by a psychologist immediately and prior to their return to general population. A psychologist will determine at that time if a PSY ALERT inmate is ready to return to general population, their psychological stability, and their treatment needs. If the inmate returns after hours and there is no psychologist in the institution, the PSY ALERT inmate will be placed on suicide watch pending a suicide risk assessment by a psychologist. The Operations Lieutenant, On-Call Psychologist and Warden will be notified.

When an existing PSY ALERT inmate who has already been initially screened by the Psychology Department returns from court routinely, and without a notice from the Judge or Marshal's Office, they will be screened by a member of the Psychology Department within 24 hours to assess if they are experiencing any significant distress regarding their court proceedings that may be exacerbating their mental health difficulties and/or risk factors.

Per guidance from Central Office Psychology Division, the Psychology Department will conduct a training with R&D staff to help train them about PSY ALERT inmates and to recognize signs of psychological distress and suicidality. Suicide Prevention and PSY ALERT Trainings have recently been conducted by the Psychology Services Department with Lieutenants and during a recent Department Head Meeting. Further, an e-mail regarding PSY ALERT procedures was sent to all Lieutenants, Receiving and Discharge (R&D), Psychology and Health Services staff.

8. Inmate Accountability and Assignment Accuracy: According to a SENTRY quarters roster generated on August 10, 2019, at 12:51 a.m., there were three inmates assigned to Mr. Epstein's SHU cell, Z04-206LAD, including him, at the time of his death. However, his SHU cell was only a double occupancy cell. Inmate (b)(6); (b)(7)(C) inmate (b)(6); (b)(7)(C) and Mr. Epstein were all assigned to the same cell. On August 13, 2019, at 12:06 p.m. and 12:08 p.m., a quarters history roster was generated for inmate (b)(6); (b)(7)(C) and (b)(6); (b)(7)(C) respectively. Inmate (b)(6); (b)(7)(C) cell assignment was Z04-206LAD from August 5, 2019, until August 11, 2019, when he was moved to cell Z04-212UAD. Inmate (b)(6); (b)(7)(C) cell assignment was Z04-206UAD from August 1, 2019, until August 11, 2019, when he was moved to cell Z04-207LAD. A quarters history roster was generated for Mr. Epstein on August 13, 2019, at 9:07 a.m. His cell assignment was Z04-206LAD from July 29, 2019, until August 10, 2019.

On Monday, August 12, 2019, photographs of nametags on SHU cell doors and SHU locator forms were sent to the Correctional Service Department in the Northeast Region. The SHU locator form is dated August 9, 2019. It shows inmate (b)(6); (b)(7)(C) in cell 207L (SENTRY states he was moved to this cell on August 11, 2019), inmate (b)(6); (b)(7)(C) in cell 212U (SENTRY states he was moved to this cell on August 11, 2019), inmate Epstein in cell 220L (SENTRY never shows him in this cell) along with inmate Reyes (#85993-054). The locator shows inmate (b)(6); (b)(7)(C) and inmate (b)(6); (b)(7)(C) in cell 206. The photo sheets show the cell being 220 with inmates Epstein and Reyes' identification cards on the door. Inmate Reyes, Efrain, Reg. No. 85993-054 was in cell Z06-220U from August 5, 2019 to August 9, 2019.

MCC New York has four suicide watch cells and each is for single occupancy use. The suicide watch cells are located in Health Services. Each cell is abbreviated with the unit code H01 in SENTRY followed by the four-digit cell number. The doors are identified by a painted number from one to four. Two reviews were conducted. The first revealed Mr. Epstein was in H01-001L according to SENTRY but the Suicide Watch Log Books indicate he was in cell 4. A second review was conducted on August 13, 2019, while there were four inmates on in these cells. SENTRY showed two inmates assigned to H01-001L, one assigned to H01-002L, and the fourth inmate assigned to a general population housing unit. Through physical observation of the dedicated suicide watch cells there were four H01 cells, however a review of the BOPWARE Inmate Housing Format, only shows three cells.

Inmate movement and assignments are not accurately reflected in SENTRY as required by P5500.14, Correctional Service Procedures Manual.

Institution Response: 8. Inmate Accountability and Assignment Accuracy:

With regard to the accuracy and accountability of inmates placed on suicide watch status in the hospital area, Psychology Services now runs a daily SENTRY roster of all the inmates on suicide watch in that area. The roster is examined to ensure that the inmates placed on suicide watch in a suicide watch cell are keyed into SENTRY with

the correct cell assignment noted. The Associate Warden, Programs, is notified if there are any inconsistencies. Moreover, the four suicide watch cells now all have SENTRY Assignments of H01-001L – H01-004L. Further, Psychology Services Department reviews suicide watch log books on a daily basis to assess whether the Lieutenants have conducted rounds during each shift and whether the Unit 2 Sallyport and Unit 2 Officers are conducting hourly rounds. Any inconsistencies noted in the logbooks by Psychology staff will be reported immediately to the Captain and the Associate Warden over Programs to address appropriately.

The Operations Lieutenant will physically check the PP30 Cell Assignment Roster when inmates are quartered on suicide watch. The Lieutenant will ensure the Counts and Assignments (C&A) Officer keys cell assignments correctly and annotate any errors in the daily log and contact the Captain immediately. Guidance was sent to the Lieutenants regarding keying of suicide watch bed assignments after hours. The Lieutenants were instructed that upon placing an inmate on suicide watch, they are responsible for contacting C&A and providing the cell assignment. Additionally, the Lieutenant will run a PP30 with the selection category for suicide watch. The Operations Lieutenant will email the roster to the Captain, as he will be responsible for verifying that each inmate is in the appropriate cell. This verification process will ensure inmates placed on suicide watch are keyed into accurate bed assignments and will eliminate inmates being keyed into the same cell.

Additionally, the Lieutenants were instructed to contact the Captain and on-call Psychology staff by telephone when the need for suicide watch placement is determined after hours. Psychology staff have been instructed to contact the Warden upon receiving said notification. After consultation with the Warden, Psychology staff will designate whether a staff or inmate companion will be assigned. Psychology staff will in turn inform the Shift Lieutenant of this determination.

To ensure inmates are assigned to the correct cell inside the Special Housing Unit, periodic and unannounced checks are conducted. Specifically, SENTRY Roster PP30 Quarters assignments are audited daily by the SHU Lieutenant. Executive Staff also conduct routine bed book counts in all units. Any and all discrepancies identified are addressed. Results will be maintained by Correctional services in the Lieutenants Log. The Morning Watch Lieutenant is responsible for observing one count during his or her shift in SHU which is documented daily in the Lieutenants Log.

In order to properly account for inmates in the unit, staff have been informed not use the Inmate Locator Form, due to the forms being unreliable in accounting for inmates and cell assignments. A Unit Accountability Board along with a SENTRY PP30 Quarters Roster have been placed in the unit to establish better oversight over inmate accountability.

Correctional Staff are required to perform routine rounds of the second floor suicide watch area every hour. On Day watch, Monday through Friday, the 2 Sally Officers are required to perform rounds on suicide watch inmates, as prescribed by the Captain. After hours, the Unit 2 Officer will be responsible for making rounds, serving meals, collecting trash in the area, and performing the count with the Internal 1 or Internal 2 Officer assisting with duties as assigned by the Captain. To ensure that staff are informed of the importance of Suicide Prevention and responsibilities when one occurs. Lieutenants will reinforce the message through conference calls with staff. Roll Call notes will be placed on TRUSCOPE to notify staff of which inmates are currently on suicide watch.

9. Attorney Log Books: Four log books were not secured following Mr. Epstein's death. Specifically, three Attorney Log Books located in the Attorney Visiting and Front Lobby areas and an Inmate Search Log Book located in the Attorney Visiting area were not secured. All four books were still in use at the outset of the reconstruction and after the reconstruction team advised staff to secure them. P5324.08 states, "In the event of a suicide, institution staff, particularly Correctional Services staff, and other law enforcement personnel, will handle the site with the same level of protection as any crime scene in which a death has occurred." This policy further states, "All possible

evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction."

Further, a review of the attorney log books identified many errors and signify a systemic concern. For example, there were two concurrently open attorney log books in the Attorney Visiting area. Further, the different purposes of the two attorney log books, one in the Attorney Visit area and one in the Front Lobby, could not be explained. BOP staff were unable to articulate a system of control for the log books, and during the reconstruction, some of the log books could not be accounted for. Within the log books, entries were made out of chronological order, attorneys did not consistently sign in and out, significant information was illegible or missing, columns were not consistently labeled, log book opening and closing dates were inconsistent, and the cover had been torn off of several books. At the current time, these log books are not functioning as an adequate system of control and monitoring.

Institution Response: 9. Attorney Log Books:

On August 10, 2019, log books deemed relevant to the investigation were removed from various locations throughout the facility. The Reconstruction Team did identify pertinent logbooks that had not been secured. At this time, all relevant logbooks have been removed and replaced. In addition, a logbook audit was conducted to ensure accuracy of the documentation and compliance with policy. Measures are being taken to ensure in the future that all relevant logbooks are identified, secured immediately and replaced with new ones to ensure the institution can continue to run efficiently.

10. Automatic External Defibrillators: A review of available AEDs in the institution revealed that the list used for accountability and inspection purposes was inaccurate and incomplete.

Institution Response: 10: Automatic External Defibrillators:

A review of the Automatic External Defibrillators (AED) report presented by Great Lakes Biomedical Services dated July 22, 2019, revealed that all AEDS were accounted for and were placed in the correct respective areas. The report was accurate and complete. New AEDs have been purchased and will be inspected Great Lakes Biomedical Services upon their arrival. The list reviewed by the reconstruction team was an old and outdated list from January 8, 2018.

Medical staff provides training and conducts monthly inspections of all AEDs in the institution. Great Lakes Biomedical Services, an outside contractor, conducts a bi-annual inspection and provides a report. Procedures on inspecting all AEDS in the institution have been prepared and are awaiting approval. These procedures are attached hereto.

11. Post Orders & SHU Training: SHU Post Orders Sign-In Sheets were reviewed for the 3rd Quarter, spanning June 9, 2019, to September 7, 2019. Officer (b)(6); (b)(7)(C) failed to sign post orders for SHU #3 post.

Quarterly SHU Training Sign-In Sheets were reviewed. The 2019 3rd Quarter SHU Training was conducted on June 6, 2019. Three staff assigned to the 3rd Quarter SHU Roster in SHU did not attend or receive the SHU Training: Officer (b)(6); (b)(7)(C), Officer (b)(6); (b)(7)(C) and Officer (b)(6); (b)(7)(C).

Institution Response: 11. Post Orders & SHU Training:

The Suicide Watch Post Orders are located in the Lieutenant's Office and SHU with a quarterly sign-in sheet. A copy of the Suicide Watch Post Orders will also be placed in a secure container outside of the suicide watch cells on Tier H in SHU. This container will also hold signature sheets and additional Staff Suicide Watch Log Books.

All staff members assigned to a suicide watch post are responsible for signing the post orders prior to performing the staff suicide watch. Attached please find a copy of the NERO Waiver permitting staff monitored suicide watches in SHU.

With regard to SHU Suicide Prevention training, this continues to be conducted on a quarterly basis. However, the sign-in sheets for this training are now be examined by the SHU Lieutenant for accuracy. If a staff member who is assigned to SHU misses the training, the sign-in sheet will be routed to the Captain, who will coordinate with the Chief Psychologist and schedule a time to receive a make-up session for the SHU Suicide Prevention Training.

SHU training is conducted quarterly two weeks from the beginning of the new quarter. A representative from Psychology will provide the required suicide prevention training. In addition, the SHU training on BOPLEARN will be completed by all staff assigned to SHU that day of training. SHU staff will be allotted time during that day to complete all prescribed web-based training as identified on the agenda. Staff who are assigned to SHU but have not received the mandatory training before assuming the post will be roster-adjusted to attend another training day as assigned by the Captain.

Staff assigned to suicide watch shall maintain a chronological log of the inmate's behavior. Blank log books will be maintained in the Lieutenants office and on the 2nd Floor. A chronological record of events will commence immediately upon the initiation of watch. It is the responsibility of the staff member initiating the watch to obtain a blank log book prior to initiating the watch. Different log books will be used for each inmate on suicide watch; each log book will contain entries for one suicide watch only. The name and register number of the inmate on watch shall be clearly printed on the front cover of the log book and at the top of each page in the log book in which entries are made.

During some suicide watches, staff observers may cover some shifts and inmate companions may cover others. In this instance, two separate log books must be used: one for the shifts during which staff are maintaining constant visual observation (blue) and another for shifts during which inmate companions are providing constant visual observation (yellow). When separate inmate companion log books are used, staff must sign the inmate companion log book every 60 minutes.

Lights will remain on inside the cell 24 hours day to ensure the inmate on watch can be seen. A Lieutenant will make rounds every shift and remove the inmate from the cell and perform a cursory search. No food items, trays, eating utensils, milk cartons, toilet paper, plastic bags, reading materials, pens, pencils, or anything else not prescribed by Psychology staff should be in the cell.

The inmate will be outfitted in a suicide preventive smock, suicide preventive blanket, suicide preventive mattress and if necessary a suicide preventive helmet. Inmate Companions will be searched prior to assuming duties. Inmate Companions are not allowed to have radios, mp3 players, magazines, books or anything that would distract them from maintaining constant supervision. Inmate Companions will not have direct or physical contact with inmates on suicide watch.

12. Staffing: The Drug Abuse Program Coordinator position at MCC New York was abolished during Phase I of the staff realignment during fiscal year 2018. Re-establishing the Drug Abuse Program Coordinator position would provide the institution with an additional supervisory psychologist to provide critical clinical services.

Staffing in the Correctional Services department is relevant to the reconstruction. However, the details about this topic are provided in an After Action Review completed separately from this report.

Institution Response: 12. Staffing:

The Drug Abuse Coordinator position is currently a shared position. The Warden has re-established the Drug Abuse Coordinator position as a full-time position to provide the Psychology Department with an additional supervisory psychologist to perform critical clinical services. At the current time, the position is pending selection.

We are currently in the process of requesting to hire a Staff Psychologist position to provide additional psychological services to inmates in the SHU, including therapy sessions with PSY ALERT, CC2-MH and CC3-MH inmates who are currently housed there. An additional psychologist could also monitor Hot List inmates arriving to the SHU and ensure they are housed with appropriate cellmates. This psychologist could conduct daily rounds to look for signs of psychological distress and address the concerns of our Long Term SHU inmates. Finally, an additional Staff Psychologist could assist with our daily crisis interventions and suicide risk assessments.

13. Sex Offense Risk Factors: A broad understanding of risk factors associated with sex offenders, by staff at MCC New York, did not appear to be present in all staff but was vital to his adjustment and safety in prison. A more

(b)(5)

Institution Response: 13. Sex Offense Risk Factors:

The Chief Psychologist is a member of the Executive Staff. The Chief Psychologist or her designee continues to be present at all Executive Staff meetings, Department Head meetings, and SHU meetings. During these meetings, the Chief Psychologist offers feedback regarding the treatment and management of sex offender inmates. Additionally, the Chief Psychologist continues to educate all staff during Introduction to Correctional Techniques (ICT) and Annual Training (AT) about the sex offender specific risk factors and suicidality.

Hi (b)(6); (b)(7)(C)

MCC Administrators have been in touch with (b)(6); (b)(7)(C) at the USMS since early this morning. I too have been in touch with (b)(6); (b)(7)(C) since a little after 9 am, at which time I shared the limited information I had. The press release is the sum total of the information we have at this time pending the investigation. I am going into the secure perimeter to see if there is more information to share, but please be advised that some of what I get may be shared with your office but not further since it is an open investigation.

Thank you,

(b)(6); (b)(7)(C)

It is frankly unbelievable to me that BOP is issuing public press releases on this before telling us basic information so that we can relay it to his attorneys who can relay it to his family. When can we expect to get either some sort of statement we can pass along to counsel as accurate and reliable or have a call with someone?

I understand from the Marshals that they have been unsuccessful in reaching anyone with authority at BOP, and given the BOP press release that was just put out I assume we need to speak with someone there. Please advise.

Thank you.

As you might imagine, we are getting increasingly frantic calls from defense counsel who continue to be seeing information in the press that we, the U.S. Attorney's Office, haven't yet
